IT TAKES COURAGE.

To live according to your convictions.

To be what you are and not pretend to be what you are not.

To say "No" squarely and firmly when those around you say "Yes."

To live honestly within your means and not dishonestly upon the means of others.

To speak the truth when by a little prevarication you can get some special advantage.

To refuse to knuckle down to and bend the knee to the wealthy, even though you are poor.

When mortified and embarrassed by humiliating disaster, to seek in your ruins the elements of future success.

To refuse to do a thing which is wrong because others do it, or because it is customary and done in trade.

To stay home evenings and try to improve yourself when your comrades spend their evening having what they call a good time.

To remain in honest poverty while others grow rich by questionable methods which you could easily use yourself.

To refrain from gossip when others about you delight in it, and to stand up for an absent person who is being abused.

Not to bend the knee to popular prejudice, but stand firmly erect while others about you delight in it and praise and power.—The "New Success."

The cost of the war in money is estimated, in round numbers, to be \$197,000,000,000, and the total deaths in all the armies number 9,000,000.

"PUNCH" GETS FIRST IMPRESSION.

On the face of the War Savings Stamps is a reproduction of Bernard Partridge's famous drawing, "The Canadians at Ypres," permission to use which was very kindly granted by the publishers of "Punch," to which the National War Savings Committee is very much indebted. The first stamp issued with this impression has been suitably framed and forwarded by Sir Herbert Ames to the offices of "Punch" in London, England.

HOW IT HAPPENED.

Los Angeles Times.—Here is a report from the Civil War archives concerning the capturing of a rebel battalion by a battalion of Union troops, in which the major, detailing the engagement, wrote as follows:—

"Our left was trying to move around the rebel right, but the right was also moving around our left. When the left of the rebel right moved around the right of our left, what was left of the rebel right was right where our right had just left. So when the rebel right's left was left right where our right had left, our right was left right left of their right, and that's how it happened."

A NEW HERO.

A group of housewives were having tea together at a restaurant and talking over the events of the day. The question under discussion was as to who had done most to win the war. Some said Haig, others Beatty, others Foch.

At last one woman chipped in. "I don't know who's done most to win the war," she said, "but I know who's been most talked about."

"Who's that?" came a chorus.

"Why, this 'ere Alice Lorraine that the French and Germans came to blows over!"
