HE WAS INSANE.

A man named Parsons arrived here by the 'Earle of Devon' yesterday from the Northward. He had received a stroke of paralysis and came to go to Hospital. He was accompanied by his son and immediately Mr. Eli Whiteway saw him he knew he was insane. After a two hours' search Mr. Whiteway secured a doctor who ordered him to Hospital. When Mr. Whiteway went there this morningthe patient had been there all nightthe Hospital authorities asked that the man be removed as he was seen to be clearly demented. Mr. Whiteway took him away, had him examined by another doctor and he was sent to the Asylum. Now the question arises, why did not the doctor who examined him yesterday make a pronouncement as to the man's sanity and send him to the right place, thus obviating all the worry and bother which have since occurred as the result of the man's being sent to the NOVA SCOTIA STEEL & COAL

Labrador Fishery Looking Better

A gentleman in the city had the following letter from a friend who had been on the Labrador recently. He says: "We have been north as far as Hopedale and had good weather from Hopedale to Grady, Fish is very scarce, some few motor boats fishing from Emily Hr. out to the "Bull Dog" bring in good catches. At Grady the fish is striking in and good fishing is done with lance and herring bait. From that south fishing is fairly good and if the weather will be caught. There are 6 or 7 bankers at Batteau doing well."
