

Flag Day

Some Pointers for Those Engaged in This Excellent Cause.

Workers are requested to keep in their own district until two o'clock, when permission is given to go anywhere.

Celluloid flags to be sold at 10c and upwards. Small whips to be sold at 15c and upwards.

Large whips to be sold at 25c and upwards.

Pennants to be sold at 50c and upwards. As pennants and small whips are likely to be exhausted, collectors may take orders which will be filled as speedily as possible.

Extra supplies will be found at 185 Colborne street. Bell telephone No. 803.

Scouts on wheels will carry supplies telephoned for.

Tea, cake and sandwiches will be served at headquarters during the afternoon, price to cents.

Boxes to be returned on Saturday to heads of district with name of collector written distinctly, in ink, on the bottom.

The finance committee will take charge of counting the money on Monday morning at the Library, and totals for each district will be published in Tuesday's papers, but not individual amounts.

Each head of district will notify her workers of amount found in her box.

Authorized workers to wear the regulation arm band and carry red cross boxes.

Heads of districts will please send complete list of workers' names to the Secretary on or before Saturday morning, for publication.

Mothers Value This Oil—Mothers who know how suddenly croup may seize their children and how necessary prompt action is in applying relief, always keep at hand a supply of Dr. Thomas' Electric Oil, because experience has taught them that there is no better preparation to be had for the treatment of this ailment. And they are wise, for its various uses under it a valuable medicine.

AFTER EFFECT OF FEVERS.

Banished Through the Use of Dr. Williams' Pink Pills

Following wasting diseases such as fevers, many people find it difficult to regain their former strength. They become breathless and tired out at the least exertion; their appetite is fickle and they often feel as though death was staring them in the face. The trouble lies with the blood, which has not returned to its normal condition and is lacking in the red corpuscles without which good health is impossible. It is at a time like this that Dr. Williams' Pink Pills prove their great tonic value. Every dose helps to make new rich blood, and naturally felt despondent. I decided to try Dr. Williams' Pink Pills and they proved of the greatest benefit to me. I am now as well and strong as ever, and can do all my own work, and as we live on a farm, I get new strength to-day through the tonic treatment with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

If you are suffering from the after effects of fevers, la grippe, or any acute disease, you should begin to get new strength to-day through the tonic treatment with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

For some days past prospectuses offering shares in the Moving Picture Merger have been appearing in these columns. The company was organized with a capital stock of \$500,000, under the Ontario act for the purpose of acquiring a number of the largest and most profitable moving picture theatres in this country, among others, the Orpheum of Cobalt, the Grand of St. Thomas, The Why? of Toronto, as well as the new Teck and Bohemian, of Toronto, all noted for their unusually large seating capacity and luxuriant equipment.

THORPE'S RECORD WAS BEATEN.

VICTORIA, B.C.

PRINCETON, N.J., June 6.—E. C. Thompson, student in the Princeton Theological Seminary, made a new world's record in the all-around championships held here yesterday, when he scored a total of 7,499 in the ten events. The previous records were 7385 made by Martin Sheridan of New York, and 7,476 1-2, made by James Thorpe, subsequently disqualified for professionalism. Thorpe made his record last September at Celtic Park, N. Y.

The meet was sanctioned by the Amateur Athletic Union and over 13 all registered amateurs, but the only entries were Princeton students. H. Simons, M. Hayes and M. L. Davy competed against Thompson. Simons finished second with 5,266 points.

Thompson failed to equal Thorpe's records in any of the first three events, the 100 yard dash, the shot-put and the high jump, and when the fourth event, the half-mile walk, was started, he was 361 points behind the record. He did the walk in 3 minutes 33 seconds, making 847 points, as compared to 527 points made in this event by Thorpe, and also bettered Thorpe's records in all the following events except the broad jump. Thompson made his best showing in the high hurdles which he ran in 16 seconds flat.

BEWARE OF COCAINE MEDICINES.

Thousands of Drug Fiends have been started on their downward course through Catarrh snuffs containing this habit forming drug. If you suffer from a cold, sneezing, or Catarrh—don't use a snuff—use a sensible treatment like Catarrhzone. It heals and soothes, brings relief at once, cures thoroughly. In Bronchitis and throat trouble no doctor can do better than prescribe Catarrhzone. Try it—see what wonders it works—what power it possesses. Different from the old way—you inhale Catarrhzone. Sold in 25c and \$1.00 sizes by all dealers.

VICTORIA, B.C.

Low Scheff, writing in Lloyd's weekly on a tour through Canada, describes Victoria, B.C.:

"Victoria, the capital of British Columbia, has been dubbed 'The City Beautiful.' Adorned with handsome buildings and lovely parks and garlanded in flower gardens, it has well earned this sobriquet, and it may be recalled that the present King and Queen declared it the most beautiful city they had seen in their trip round the world. Yet Victoria is not merely, as its title might suggest, a place of many charms and endearments in which to loiter away an idle life. Once, no doubt, it had a reputation of being slow going. That reputation is vanishing before the irresistible onward sweep of a new era. As a matter of fact, Victoria is the largest shipping port of Vancouver Island, and a place of great importance in commerce. Shortly five great transcontinental railway systems will be making it their furthest west terminals. As a seaport, Victoria has the best of all guarantees of future greatness—proximity to the ocean, absence of fog, and security of vessels in port, to say nothing of safe and easy sailing to Pacific waters. The harbor improvements now being carried out by the Dominion Government are an indication that the Government enterprise is joining with natural advantages in assuring the future of this important city. So far as attractiveness to settlers, and particularly British settlers, goes, Victoria has nothing to fear by comparison with any other Canadian city. For one thing, the environment here is the most familiar that comes of the presence of many men from the Old Country. Victoria is a very English city, and for all its far western setting, the Englishman in it feels at home. Add to that the elements of natural beauty, delightful suburbs, admirable educational facilities, and splendid climate, and one begins to realize the advantages that Victoria has to offer."

WAGES IN PRISON.

Prisoner Who Will Come Into Legacy When Set Free.

In Southwark County Court, on Monday, the question was discussed whether a man who is receiving compensation for an injury under the Workmen's Compensation Act is entitled to receive that compensation while he is in prison. The man was receiving £2 a week compensation, which was stopped by the employers when he was sentenced to eighteen months' hard labor for stealing.

Judge Granger said that on the evidence of the prison doctor he came to the conclusion that the man was still partly incapacitated owing to the injury, but he was able to do light work. He, therefore, assessed the amount he was entitled to, if anything, at 12s. a week.

The further question he had to decide was whether any misconduct on the part of the workman could deprive him of compensation, about "during good behaviour." He, therefore held that the man was entitled to 12s. a week during partial incapacity, the award to that back to the time when the payment was stopped.

The decision means that if the man serves his full term he will come into a little windfall of £43 on leaving prison.

LUNATIC CALCULATOR

Mathematician in Asylum Who Counts Billions of Seconds

Among the lunatics of an asylum at Nantes a lightning calculator has been discovered. The man has no education worth speaking of, he can scarcely read, and has the greatest difficulty in writing the figures necessary for his sums. But as a mental calculator he is said to be a marvel. If asked how many billions of seconds were in the life of Methuselah he would answer in less than a minute. He was asked for instance, how many seconds there were in thirty-nine years five months and twelve hours. In less than half a minute he had the answer. If asked how many seconds there are in thirty years he answers correctly in four seconds. "I know how many seconds there are in a year," he says, "and I have only to make one or two subtractions and a multiplication and I have it."

But the rapidity with which he makes these operations is wonderful. What is the age of a man who has lived a billion seconds? he was asked. His reply came in forty-eight seconds, and was found correct. Curiously enough, he can count better when in a fit of madness than when he is lucid.

Bake or boil your cholera germs. Cook at least a minute; Boil your water, likewise milk. Water may be in it.

Eat no food too stale or raw. Serve it fresh and hot: Germs succumb to heat alone. Send them all to pot.

Household Spice
It takes some people a long time to find out that poor health is not religion.

This world is a comedy to those that think, a tragedy to those who feel.

Affection will burn cherily when the white flame of love flickers out. Idleness and happiness seldom go hand in hand.

Scientific Toe Construction

Foot-Rite Shoes have an IMPROVEMENT in shoe toe construction that will appeal forcibly to sensible men.

The Foot-rite Toe is built one-sixth longer than regular, to give perfect toe freedom, yet the toe does NOT LOOK longer or the shoe in any way larger than other shoes.

The difference is in the scientific fit of the vamp, which holds the ball of the foot firmly in place and prevents the toes from slipping forward to press against the sides or end of the toe-cap (see illustration).

In a Foot-rite Shoe your toes are free to move at will in any direction. At the same time the appearance of the toe-cap is as natural, shapely and neat as in the highest priced custom-made shoes.

The Foot-rite is practically a Custom-made Shoe in Looks, Finish and Wear. See our Windows

MILITANTS ARE FACING TRIAL TO

All Except Mrs. Floramond Appear in Eng. Court.

Arson Squads Are Agg. tive and Are Caus. Damage.

(Canadian Press Despatch)

LONDON, June 9.—The suffragette leaders charged with conspiracy under the Malicious and Seditious Practices Act, began their trial at the Central Criminal Court today. The accused comprise Harriet Kerr, Miss Agnes L. Rachel Barrett, Mrs. Beatrice, Miss Annie Kenny, Miss Lennox and Edward Clayton. The latter, a prominent suffragette, is alleged to have been the author of their campaign. "General" Flora Drummond, who was charged to-day with the others, did not appear as the case had been postponed owing to her illness.

Little interest appeared shown by the general public and there were only a few men in court, who like the women wore black bands on their heads as a sign of mourning for Mrs. Wilding Davidson, the militant suffragette who died yesterday from the effects of a stroke while trying to interfere with King's horse when he was at full gallop in the race Derby last Wednesday.

There was a big array of counsel for the case, opened by Sir Simon, the solicitor general, leading barrister on behalf of government, which is acting as prosecutor. Richard David is one of the best known barristers leader for the defence.

Arson Squads Busy

LONDON, June 9.—The "squad" of the militant suffragettes have once more become very busy. The fire at the Hurst race course started last night, the damage is estimated as they destroyed this morning house on the River Lea at Stow, in the northeast of London, and also the grand stand North Middlesex cricket ground. The fire at Hurst Park was in the royal box, the furnaces which had been saturated. The flames were not extinguished until 8 o'clock this morning.

City Council.

The City Council meets to-day to discuss the chief item of interest, board of works report.

Athletic Meet

A meeting is being held to-day at the Y. M. C. A. building of an inter-Sunday athletic meet will be discussed.

WOODMEN OF HAVEN

Unveiling of Monument—Large Delegation

Harrison

Sunday, June 8 was, and he remembered as a memo in Brantford in the history of the Canadian Order of the World. Over one thousand members of the order paid a glowing tribute to the departed members of their order by erecting their last resting place a monument as a token of their affection for the departed in which they were held by low men. They also laid bouquets of flowers on the grave of their deceased members in commemoration of their early love. The great and noble of the order "That no shall sleep in an unmarked grave" was clearly demonstrated by the Woodmen in the different ceremonies yesterday afternoon, evening of sacred music by the Rifles band and the solo by the Brantford Quartet. The Christian spirit was displayed. There were of the order present from as far as London and St. East as far as Toronto, the lake front and north of Sound. Lodges in the points also sent representatives. Citizens turned out by the hundreds and flocked to the witness the ceremonies, v
