SUB IN HOME WATERS FIRST TIME IN MONTHS

German U Boat Appeared Off England, But Could Do Nothing.

London, Jan. 6.—During Christmas week a German submarine appeared in English waters, but it was so closely followed by patrols that it did not succeed in doing any damage. According to the best information obtainable this was the first hostile submarine that had succeeded in cruising in British Island waters since Sept. 23, 1915. The marauding U-boat encountered such heavy weather that chances of obtaining any intended results were minimized. Stormy seas however, also operated to save her from destruction by patrols, which closely followed her every movement. No official information has yet been received here revealing the nationality of the submarine responsible for the sinking of the Persia in the Mediterranean, but all the allied warships are keeping close watch in the neighborhood of where the disaster occurred. It is known that submarines in German tonnage have been detected from Germany to Austria, Turkey and Bulgaria.

MESSAGE OF THE NEW YEAR FROM JOFFRE

Paris, Jan. 6.—The order of the day issued by Gen. Joffre when this year of war is terminating, may be considered your work with pride and measure the grandeur of what you have accomplished. In the Ardennes and in the Champagne, in the Vosges, and in the enemy's rear, you have inflicted upon the enemy resounding blows and caused him sanguinary losses, losses which are not yet healed. The German army still holds out, but sees its numbers and resources diminishing each day. Obligated to succor weakened Austria, Germany must seek in secondary theatres temporary and easy successes that she has failed to gain on the principal fronts. All the German colonies are either isolated from the world or in our hands.

On the contrary, the allies are reinforcing themselves unceasingly. Incontestable masters of the sea, they can easily obtain supplies, while the central empires, financially and economically exhausted, are reduced to counting only upon our discord or man army in the West, who have sworn to violate their oath at the moment when the hour of chastisement was going to strike for Germany. As if our soldiers, who have waged the hardest of combats, were not of the stuff to hold out in spite of cold and mud.

"Let us be proud of our might and our right, let us think of the past only to find in it reasons for confidence. Let us think of our dead only to avenge them. While our enemies are talking of peace, let us think only of war and of victory."

"At the beginning of a year that will be, thanks to you, a glorious one for France, your commander-in-chief addresses to you from the bottom of his heart the most affectionate greetings. (Signed) J. Joffre, General Headquarters of the French Army, Dec. 20."

Newspaper Suppressed. Peking, Jan. 6.—The government has suppressed the Peking daily newspaper, Tsun-Chou Pao at the request of Eki Hiroki, Japanese minister to China because the paper published charges that Japan is promoting the revolution.

Glasses That Become You cannot be picked out of a box on the shelf or from a card in a ten-cent store. They must be made especially for you.

Glasses that are made especially to fit and become you usually cost no more than the ready-made kind that are carried around in a grip or kept in a box on the shelf. It's simply a question of facilities and skill.

We have every facility for the manufacture right here on the premises of glasses for your individual requirements and we have the expert optical skill to make them right.

Glasses are the most conspicuous things we wear. It doesn't pay to get along with "misfits."
