DUTIES BY CIVIC BYLAW

After lengthy and heated debate the city council last night dismissed two employees of the Sewers department, the third having already tendered his resignation and left the city. Wm. Sutch, Sewers Overseer, was retired from that post by a by-law repealing his appointment, and the discussion over this issue occupied the majority of the evening. Wm. Sutch wrote declining to tender his resignation, as requested, and asking a hearing before the council, declaring himself to have proof that ten or more of the witnesses had given false evidence to the investigating committee. Harry Baxter, sewers storekceper, al. Symons was the first speaker to the by-law when in-troduced he insisting that Mr. Sutch be given an opportunity to reply to the charges against him. Ald. Dowling and Kelly, both members of the investigating committee, both declared that Mr. Sutch had had such an opportunity, while this was contradicted by Ald. English the third member of the commit-tee, who declared that he knew and could prove that much of the evidence submitted to the committee was false.
