

COLCHESTER COUNTY ADVERTISER.

Up to the hour of going to press the English Mail had not arrived.

We are indebted to Miss Katzman of the Provincial Book Store, Halifax, and also to G. E. Morton & Co., for files of late papers.

A man who left his wife in New York and went to Chicago narrates that as soon as he reached the city, and before he was fairly out of the depot, he was attacked by a score of small boys, who pressed upon him the cards of various lawyers, and assailed him with shouts of "Want a divorce, mister?"

The legislature of Quebec completed its first session under confederation on the 24th ult. During the session ninety Bills were brought in, 40 of which were adopted and 11 withdrawn.

We see it stated that a country market is about to be erected on the premises at the upper side of the Grand Parade, near Moir & Co's. bakery.

AID TO THE DESTITUTE.—We learn from the columns of the Ottawa Times that the most strenuous exertions are being made in every part of the Province of Canada to aid the distressed fishermen of Nova Scotia.

L. S. Johnson & Co., of Fongor, are the manufacturers and proprietors of four standard patent medicines, to wit: Johnson's Anodyne Liniment, Parsons' Purgative Pills, Blood's Rheumatic Compound, and the popular Cavalry Condition Powders.

We hazard the opinion that no unprejudiced person can use Johnson's Cavalry Condition Powders without being fully satisfied with the results.

CLARIFYING WATER.—Two grains of alum to a pint of water will clarify water that is not fit to drink, render it perfectly clear and pure, and the taste of alum will not be perceived.

There is an advertisement in a furrier's store up town for 'muff finishers.' Hodges, who is a brute, says he will send his wife and daughters down, for they manage to finish a muff apiece every winter.

Table with 2 columns: Item and Price. Includes Apples, Beef, Bacon, Butter, Cheese, etc.

MR. ADAMS G. ARCHIBALD requests that all accounts against him to this date be rendered to George Campbell, Esq., within one month from date.
