RETIRE IN 20 YEARS For 33 Years

Business Creators of the New York Life Company.

TECHNICALLY ARE "NYLICS"

Their Various Degrees and How They Earn Their Money—Their Accounts Under Investigation—Statements Regarding Business in Canada and the U. S. Asked For by Investigating Committee.

New York, Sept. 22.—Upon the assembling yesterday of the special Legislative committee, which is investigating the life insurance business, Thomas Buckner, Vice-President of the New York Life Insurance Co., who has charge of the company's agencies, resumed the stand. The matter of "Nyllic" accounts was taken up. They included records of a system of bonuses paid to agents. Nyllic, he said, was a body of men drawn from the ranks of agents who create business for his company. It is divided into five classes: Freshmen, first, second and third degree and senior Nyllics.

The freshmen have a written contract with the company, and must produce business paying not less than \$5,000 annually in premiums and give their entire time for five years. They are paid no salary, but qualify for a higher degree.

Work Twenty Years, Then Retire. He need not give his entire time, but must not write for any other company. At the present time the company has but three seniors.

Mr. Buckner said that what money the agents got from "Nyllic" was in addition to the regular agents' commissions. Witness stated that the total payments to Nyllic members aggregated less than one per cent. of the total premiums. The company has 916 agents who are members of Nyllic, and over 5,000 who are not. It would be possible, Mr. Buckner calculated, for a man to work two years and retire altogether from active labor.

Business in Canada and States. A second Nyllic was inaugurated January 1, 1902, for agency directors, inspectors and supervisors in the United States, Canada, Mexico and the West Indies.

Mr. Hughes asked for full statements from Mr. Buckner of the business written in the United States and Canada and in the other parts of the world, showing the premiums and commissions paid and all other particulars any, the business of the New York Life was being extended throughout the world at the expense of the American policyholder.

ROYAL COMMISSION.

Will Recommend That the Saskatchewan River Be... The Royal Commission on transportation arrived in the city Thursday night and held a meeting in the City Hall yesterday.

Ald. D. R. Fraser, head of a large lumber firm, gave evidence of navigation on the Saskatchewan River, W. P. Bredin of the firm of Bredin & Cornwall, large traders in the north, gave evidence of the waterways of the north. The commissioners will make a report to the Government that efforts should be made to remove the impediments to navigation in the shape of boulders and to deepen the channel, thus extending the period of navigation.

The Board of Trade prepared a lengthy memorandum, which they laid before the commission, advocating the above changes and urging the construction of a railway to Hudson Bay.

WERE LOANED LEAKY BOAT.

Six Lads Upset and Two Mimico Industrial School Boys Drown.

Toronto, Sept. 23.—Upset from a boat with half a dozen boys in it, two Mimico Industrial School boys were drowned in the lake at the foot of Superior avenue yesterday afternoon. Harry Leach and Henry Coglish, the two boys who lost their lives, attended the annual school picnic held during the afternoon. While the races were in progress the boys went out boating. Having the loan of a leaky boat used some time before by a number of smaller boys, the six crowded into the boat. It sank down quite low in the water, but it was rowed out into the rough water, blown up by a southerly wind. There it upset and the struggle for life began with the above result.

A Big Land Deal.

Winnipeg, Man., Sept. 23.—Many big deals are under way and one, involving about \$1,000,000, has just been consummated. O. A. Robertson and F. B. Lynch of the Northwest Colonization Co., St. Paul, having just purchased 230,000 acres of land in Manitoba, Saskatchewan and Alberta. A tract of 130,000 acres in the Salt Coats district of Western Manitoba and Eastern Saskatchewan was purchased from the land department of the C. P. R. The other 100,000 was purchased from the Eastern and Western Land Co., and is located in Manitou country on the other side of the boundary line between Saskatchewan and Alberta. The Grand Trunk Pacific transcontinental railway passes through this tract.

Fever Under Control.

New Orleans, Sept. 23.—Believing after a conference with Dr. White that the fever situation is under control, President Wilson recommended to the School Board last night that the public schools be opened on October 2.

The Cholera Record.

Berlin, Sept. 23.—The official bulletin issued yesterday announced nine fresh cases of cholera and two deaths, between noon Thursday and noon yesterday, making the totals 236 cases, and 90 deaths.

Holland's Deficit.

The Hague, Sept. 23.—Finance Minister Teeklenburg presented to the Second Chamber of the States General yesterday the budget for 1906, showing an estimated deficit of upwards of \$4,100,000.

What Sulphur Does

FOR THE HUMAN BODY IN HEALTH AND DISEASE.

Shiloh

as a cure for Coughs, Colds, and all diseases of the lungs and air passages. Those who have used Shiloh would not be without it. Those who have never used it should know that every bottle is sold with a positive guarantee that, if it doesn't cure you, the dealer will refund what you paid for it. Shiloh

Has Cured

thousands of the most obstinate cases of Coughs, Colds and Lung troubles. Let it cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I took all sorts of medicines, but nothing did me any good until I used Shiloh's Consumption Cure. Four bottles cured me. This winter I had a very bad cold and cough, but I used Shiloh and was well again. I have given it to several people and every one of them have been cured." J. Joseph, St. Hyacinthe, Que.

AGAINST MILITARISM.

Labor Congress Declined to Pass Vigorously Worded Resolutions—The Finances—New Officers.

Toronto, Sept. 23.—The Dominion Trades and Labor Congress at its session yesterday morning refused to concur in a resolution proposed by Adam Anderson, and to the effect that the Congress demand the disbanding of the Canadian militia. The resolution, which was defeated, read as follows:

"That this Congress views with alarm the recent action of our Government in increasing the armed forces and armaments of this country without any justification. A wholly unnecessary and productive of the very worst results in the demoralization of the youth of this country, the waste of our national resources, and the creation of a class of parasites who, as a class, are opposed to the best interests of our country. This Congress therefore demands the disbandment of our militia forces, that volunteers may be forced to be true to their name by furnishing their own supplies and bearing their own expenses."

The Finances.

Secretary P. M. Draper's report was presented. The receipts were \$4,700.29, the expenditures \$4,001.26, leaving a surplus of \$699.03. The capital tax has been increased 50 per cent, and the membership has not decreased, standing as before at 22,000. The revenue has increased by \$1,055.62. The receipts in the seven years have been multiplied by 100. One of the large items in the expenditure account was \$1,355, paid to Solicitor O'Donoghue. Secretary Draper received \$450. Fraternal Delegate Platt, \$400. Smaller sums were paid out for organization.

Officers by Acclamation.

The election of the three principal officers resulted in no contest—president, Alphonse Verille; Vice-President Simpson and Secretary P. M. Draper being re-elected by acclamation. The Provincial officers elected are: Ontario—Vice-president, S. Landers, Hamilton; executive, W. T. Thompson, Toronto; Hugh Stevenson, Toronto; George Lambert, Hamilton. Quebec—Vice-president, Gustav Frank, Montreal; executive, Frank Payette, Montreal; Arthur Levesque, Quebec; A. W. Mitchell, Montreal.

Manitoba—Vice-president, J. F. Grassick, Winnipeg; executive, L. P. W. Taylor, Winnipeg; A. W. Buckland, M. P. P., Winnipeg. British Columbia—Vice-president, George A. Caldwell, Victoria; executive, E. C. Baird, Nanaimo; D. P. Johnston, Vancouver; E. Kirby, Nelson.

The election of officers for the Maritime Provinces was left to the new executive. W. Todd was elected fraternal delegate to the American Federation of Labor over Robert Hungerford and George W. Dower.

Invitations for the Congress to hold their next convention in Guelph, Galt, Winnipeg and Victoria were received. Victoria succeeded in getting the convention by a small majority.

FINDS MILLION DOLLARS.

Valuable Sunken Timber Raft Located After Seventy Years.

Windsor, Sept. 23.—About seventy years ago Joseph Demistler, one of the big lumber dealers of his day, started a raft of white oak logs down the Lindsay River so late in the season that it was caught in the tide in Lake Scugog and sunk, because of not being properly buoyed up by lighter timber. N. W. Trimble, a grandson of Demistler, who until recently resided at Elmstead, in this county, spent nearly a year in a quiet hunt for the raft, which lies under thirty feet of water, imbedded in the mud. About a month ago he was successful in locating it.

He says it contains several thousand sticks of white oak cut and squared. Each stick contains about 160 cubic feet, worth at the present market price about \$1.00 per cubic foot. There are probably one million dollars worth of timber in the raft.

Mr. Trimble will remove to the location of Lake Scugog, where he will remain until the work is completed. He will use barges with tackle and hoisting engines to pull out the logs.

GRAND TRUNK CROSSING

Some little difficulty is being experienced by the electric railway in reference to crossing the Grand Trunk tracks on William Street.

The Grand Trunk wants the Electric Railway Company to cross either under or above their tracks, while both the city and the Electric Railway Company are opposed to it, and also wish to have only one crossing. Yesterday afternoon at 3 o'clock the City Engineer, City Solicitor, President Kipp, Mayor Cowan, the Railway Solicitor, Mr. Bell, the Railway Engineer, and Mr. Austin visited the Grand Trunk crossing in question to see if some decision could not be arrived at.

Ayer's Hair Vigor. Hair turning gray? Why not have all the early, rich color restored? Ayer's Hair Vigor will do this every time. Not a single failure. Stops falling hair also. Local Agents.
