

### Make a pine floor look (and wear) like hardwood!

Coat any soft-wood floor with any of the ten beautifying shades of Floorglaze (a gallon covers 500 square feet)—and you get a glass-like finish that will last amazingly.

Gives soft-wood floors that hardwood, high-priced look,—makes floors creviceless, dustless,—and dries over night with a hard gloss.

Good for outdoor floors (verandas, summer houses), too. Costs little.

Nothing like it in Canada for looks or wear. If they haven't Floorglazed at the store, let us know.

You would find our Free Book interesting reading. If your dealer hasn't it, may we send you a copy?

We also make Elastilite Varnish for inside and outside use. Granite Floor Finish for natural wood floors. Orillite Oil Finish for interior use. Holly-wood Paints.

### Gleaned by the Way.

'What sort of baby is your new brother, Abner?'

'Oh, he's just like my other new brother. Couldn't tell 'em apart if it wasn't that his name is different.'

### Knew Dr. Chase in 1867.

Mr. G. W. Parsh, Sturgeon Bay, Wis., writes that he went to Dr. Chase at Ann Arbor, Mich., in 1867 for pills for kidney disease, was cured and has watched the gradual increase in the popularity of Dr. Chase's Kidney Pills ever since. He now knows in practically every home in this country as well as throughout the entire continent and Europe.

They were about to entertain a few friends, and her husband suddenly busied himself with the umbrellas, carrying them upstairs. When he had taken up the last one she said to him, somewhat amazed:

'Why, dear, why do you hide the umbrellas like that? Are you afraid our friends will steal them?'

'No,' said he, 'I am afraid they will recognize them.'

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told in my book 'My 4 Free Women.' The book is strictly confidential medical advice entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by A. V. Rand.

Here is a gem from the latest speech of the Hon. E. W. O'Sullivan, a prominent member of the Parliament of New South Wales: 'The present ministry may blunder along for a few months, but while gazing at the stars they will stumble over the pebbles, and then the ambulance will take them to the hospital, where the grinning skulls of their predecessors are stored.'—London Chronicle.

'Do try to be a philosopher.' 'Impossible.'

'Why?'

'My salary is too small.'

Young Mr. Sapley was making a protracted call upon the object of his affections, Miss Evans, who was a pianist of considerable ability.

She had just completed 25 minutes of Bach, in the hope that he would get tired and go home. 'Oh, Miss Evans,' he exclaimed, 'I could just die listening to your playing!'

'Would you like to have me play some more, Mr. Sapley?' asked Miss Evans, innocently.—Youth's Companion.

An old Georgia negro was sent to the hospital in Atlanta. One of the nurses put a thermometer in his mouth to take his temperature. Presently, when the doctor made his rounds, he said, 'Well, George, how do you feel?'

'I feel right to the bone.'

'Have you had any sourishment?'

'Yasir.'

'What did you have?'

'A lady done gimme a piece of glasser suck, boss.'

### LOW SPRING FEVER

Doctors Report Many Cases.

Same thing happens every year. At winter's close the body is weak and run down. Damp spring weather brings out rheumatic tendencies, exhausts vitality, and simply demands everyone to use a bracing, strengthening tonic.

Time won't help; matters grow worse instead of better if your system isn't rid of its poisonous burden. Your blood is not only thin, but is contaminated with a whole winter's accumulation of wastes.

A stimulating blood tonic is required.

What's it going to be?

Not bitters or alcoholic dope, but concentrated cure in the form of 'Ferrozine' which is known as the best of all spring rejuvenators.

It creates keen appetite.

Produces prodigious digestion.

Converts food into nourishment.

Gives richness and vitality to the blood.

Makes strong nerves and hardy muscles.

Ferrozine possesses power that can't be doubted. It will do for you what it did for Walter Wood, of Beaufort, Car. Co., N. C., who writes: 'I can say that Ferrozine has given me a new lease of life. A year ago I suffered much from nervous weakness. I was really scarcely able to drag myself around. My appetite was gone. I had no color or ambition and felt generally used up. The first box of Ferrozine started me back to health. I took a number of boxes, but it was worth while as my health was completely restored.'

Get back to health with Ferrozine. Six boxes for \$2.50, or 50c. per box at all druggists.

Once there was a struggling young author who was blest with many friends, all of whom told him that he was the coming great writer of the country.

So one day a bright thought struck him. He said:

'I will publish my book, and all my friends who admire it so much will buy my book, and I will be rich.'

So he printed his book.

And all his friends waited for him to send them autographed copies of his book.

And so his books were sold as junk.

And ever after he didn't have any friends.—Success Magazine.

### Dr. Hamilton's Cure for Pimples.

All skin diseases such as pimples originate through failure of the kidneys and liver. All taints that block the avenues of health must be removed. Dr. Hamilton's Pills do this quickly. They cleanse the system, make the skin smooth, restore roses to the cheeks and give clear, dainty complexion. For good looks, good health and good spirits there is nothing so sure as Dr. Hamilton's Pills. 25c. boxes at all dealers.

Mandy was a young colored girl fresh from the cotton fields of the South. One afternoon she came to her Northern mistress and handed her a visiting card.

'De lady wha' gib me dis is in de parlor,' she exclaimed. 'De'y a anoder lady on de do'staps.'

'Gracious, Mandy!' exclaimed the mistress. 'Why didn't you ask both of them to come in?'

'Kase, ma'am, de one on de do'staps done forgit her ticket.'

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by A. V. Rand.

Keep your temper if you wish to preserve your vitality. Fits of anger are destructive to the brain, therefore don't get mad any oftener than you can possibly help. At least a distinguished French writer advanced this theory in a London journal, and as there is a sense in what he says, brain storms will cease to be indulged in by those who would not destroy their health.

### Chamberlain's Has the Preference.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: 'For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference.' For sale by Rand's Drug Store.

### Poor Reward for Genius.

Richard Savage died in a debtor's prison.

Stow, the famous antiquarian, became a licensed beggar.

Canoons, Portugal's poet, died in an almshouse after years of beggary.

Ben Johnson perished in poverty. One of his last acts was to return a paltry sum sent him from King Charles.

Ulrich von Hutten, the brilliant German, was reduced to a tramp's life. He was found frozen in the store.

George Gissing's work never succeeded till he was dead. His life was a long struggle against disease and neglect.

Quida was not the only writer who died in poverty and neglect. Chatterton, the poet, poisoned himself, rather than die of starvation.

### Rheumatic Pains Relieved.

Mr. Thos. Stinson, postmaster of Postville, Ont., writes: 'For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains.' For sale by Rand's Drug Store.

### Just Figures.

On the great lakes in 1907 the ore tonnage was 60,000,000, or 6,000,000 more than 1906.

More than 3,000,000,000 corks are used a year in America. And this, too, in spite of the growth of prohibition.

In 1907 Japan raised 255,000,000 bushels of rice, but in spite of that it bought over \$20,000,000 worth of the imported article.

Russia is as fond of tea as of revolutions. Last year it imported 20,000,000 pounds of tea. Its revolutions are some grown.

The State of Washington leads in lumber production. From Bellingham the shipments by cargo lots alone amounted last year to \$6,269,028 feet.

When a mother finds a big fat worm in the milk she is in the same predicament as the man who finds a big fat worm in the milk.

Thomas A. Edison, the great inventor was born in Milan, Ohio, on Feb. 11, 1847. His father who lived to be 95, was born in Digby Co. His mother was a Nova Scotian, a school teacher. At twelve years of age he peddled candy, fruit and papers on the Grand Trunk Railway.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching the tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days rest will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by A. V. Rand.

The White Star Steamships Co. has contracted for the construction of a steamship that is to have the amazing length of 1,000 feet, a length of 210 feet greater than that of the Lusitania, and 130 feet more than the length of Brunel's great steamer—the Great Eastern.

### CONSTIPATION IS DANGEROUS

Constipation should never be neglected. It fills your blood with impurities and sows the seeds of dangerous diseases. Mother Seigel's Syrup regulates your bowels, cleanses your blood, ensures good digestion, and thus absolutely cures constipation.

### Proof is inexhaustible that Lydia E. Pinkham's Compound cures female ills and carries women safely through the Change of Life.

Mrs. Letitia Blair Cammison, Ont., writes Mrs. Pinkham: 'I was sick for five years. One doctor told me it was a fibroid tumor, and advised an operation. No one knew what I suffered, and the bearing-down pains were terrible. I wrote to my sister about it and she advised me to use Lydia E. Pinkham's Vegetable Compound. It has cured me of all my troubles, and I did not have to have an operation after all. The Compound also helped me to pass safely through the Change of Life.'

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has cured thousands of women who have been troubled with displacements, inflammation, ulcers, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration. Why don't you try it?

It has cured me of all my troubles, and I did not have to have an operation after all. The Compound also helped me to pass safely through the Change of Life.'

### My Soldier Boy.

If a boy should ask you If you ever smoke, Ask for what he takes you, Treat it as a joke, Tell him tho' you sometimes Have been called a 'brick' Hinting you're a chimney Spreads it on too thick.

If he thinks you'd better Try a glass of beer, Tell him you would rather Have your brain kept clear: And you hope to come to Something better far, Than a thing to moist a Schooner o'er a bar.

If he laughs because you Keep your pledges true, Tell him that your mother Holds some stock in you; And he'd better, all day, Laugh because you're right, Than you're wrong, in his eyes, Bring one tear at sight.

Never mind his laughing, They should laugh who win In the daily battle; Against wrong and sin, Hold your head up bravely, Tell him it's confessed, He who laughs the latest, Always laughs the best.

—Picture Leaflets, No. 4.

### The Pastor and Temperance.

The pastor's duties are varied. Some of our pastors are satisfied with their year's work if they make their pastoral visits, attend the prayer meetings, fill their regular appointments, and hold a protracted meeting at each point on the circuit. Some are satisfied with considerable less than this. Yet, these are but the beginning of the pastor's responsibility.

Great reform questions are agitating the public to-day. The pastor should lead the people in these reforms. He should be in the vanguard when battles for reform are on. But our pastors shirk their duties and responsibilities. They take a back seat and instead of leading the people in these reforms look on with indifference.

The ministers of other churches, and the people as well, feel that either our pastors are not sincere when they claim to believe in reform, or they are too ignorant of the subject to help, or they are moral cowards. This situation puts a drag on our church and hinders our advancement. The temperance question is the great question to be settled now by the American people. The whole nation is stirred. Churches are stirred. Statesmen are stirred. The fight is on. The saloons must go. What part should our pastors have in the fight?

Mr. Luther Burbank, who has achieved results so wonderful in the modification of various forms of plant life, finds that the use of intoxicating spirits and tobacco even in moderate quantities disqualifies men for the work required in the more delicate operations connected with horticulture.

Mr. Burbank says: 'To assist me in my work of building—that is as accurate and exacting as watchmaking—I have a force of twenty men. I have to discharge men from this force, if incompetent. Some time ago my foreman asked me if I took pains to inquire into the personal habits of my men. On being answered in the negative, he surprised me by saying that the men I have found unable to do the delicate work of building invariably turned out to be smokers or drinkers. These men, while able to do the rough work of farming, oil budding and other delicate work 'pottering,' and have to give it up, owing to an inability to concentrate their nerve force. Even men who smoke one cigar a day cannot be trusted with some of my most delicate work. No boy living would commence the use of cigarettes if he knew what a useless, soulless worthless thing they would make him.'

Temperance sentiment in India is distinctly growing, and the country may be the stand taken by the military leaders, prominent among them being the Duke of Connaught, Lord Wolseley, Lord Roberts. At a recent meeting at Simla it was stated that one-third of the soldiers in India are associated with Royal Army Temperance Association. Lord Kitchener has lent his influence, and says that a member of the Temperance Association finds the practical advantage when, after leaving the service, he applies for civil employment.

An army of able-bodied men, two million strong, could be marshaled in the United States, who touch not and taste not intoxicating liquors in any form. One of the companies,

### Nervous Headache

A WARNING

Not a disease but a symptom or sign which tells of this blood and exhausted nerves.

Warning that nerve force is becoming exhausted and that you are in danger of nervous collapse and that you are in danger of nervous collapse and that you are in danger of nervous collapse.

What is to be done? Headache poisons you, and only leaves the nervous system exhausted thus before their use. New blood must be formed; new nerve force created, and this is exactly what is accomplished by the use of
