AYER'S Hair Vigor

outh, faded or gray hair to a natural, rich prown color, or deep black, as may be desired By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and neals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kirby, Q.

July 3, 1882: "Last fall my hair common of
falling out, and in a short time I became
nearly bald. I used part of a bottle of
AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I
have now a full head of hair growing vigorously, and am convinced that but for the
use of your preparation I should have been
entirely bald."

J. W. Bowen, proprietor of the McArthur (Ohio) Enquirer, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair 1 speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. MRS. O. A. PRESCOTT, writing from 18 Elm. St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using Aver's Hair Vigor the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skepti PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass,

THE Department of Public Works of Can-ada, being about to resume operations for the improvement of the Channel at the Horse Shoe Shoal, at the entrance to the Miramichi River, will from this date have the Dredge "St. Lawrence" engaged in performing the dredging required and the said dredge will have a number of anchors, lines, and cables for mooring purposes deposited in the Channel and on the flats on either side of the Channel, all of which when put down will be buoyed.

All masters of Steamers are cautioned to keep clear of said buoys, lines and cables, so as to prevent their being taken up and fouled in the paddles or propellors—as the above mentioned moorings will be in place whe ther the dredge is there or not.

As whilst working it is not possible to shift or remove the dredge, vessels will be required to give it a wide berth so as to avoid collision and damage.
