

PROSPECTUS OF THE SECOND VOLUME OF THE JOURNAL OF EDUCATION UPPER CANADA.

EDITED BY THE REV. EDGERTON HYERSON, DD. CHIEF SUPERINTENDENT OF SCHOOLS. ASSISTED BY MR. J. GEO. HODGINS. THE Conductors of the Journal of Education purpose to continue the publication of the year 1848. Its form will be quite instead of octavo, in order to secure to the subscribers the advantage of newspaper in the place of pamphlet.

The First Volume of the Conductors has had chiefly a fourfold object in view. 1. An exposition of the principles, and provisions and objects of the System of Common Schools in Upper Canada. 2. The qualifications, obligations and mutual relations and duties of Teachers, Parents and School Trustees. 3. The importance of Normal School Instruction for the education of the Common School of the country. 4. The importance and great advantages of a thorough Christian Common School education.

While the subjects which have given character to the First Volume of the Journal will not be lost sight of, another leading object of the second Volume will be SCHOOL ARCHITECTURE; for the elucidation of and improvement of which the Conductors have already procured several Engravings, and intend to procure others; and in the course of the year, they purpose to give engravings of all the best and most suitable PLANS OF SCHOOLS, PAPERS, (with accompanying explanations,) which have been recommended by school authorities in the neighbouring States; and also, if possible, Engravings of the series of plans of Common Schools, which have been adopted and recommended by the Educational Committee of Her Majesty's Privy Council in England. The Engravings will exceed in number the subscription price of the volume.

Another object of the Second Volume will be to explain any misunderstanding which may be made in the School Law in connection with its present provisions. A third and prominent object of the Second Volume will be, the exposition of the means necessary for carrying into effect provisions which will doubtless shortly be made by the Legislature for the establishment of COMMON SCHOOL LIBRARIES, and of a series of books for that purpose by the Board of Education, short reviews and characteristic notices of them will be given in the Journal, together with the best modes of procuring them.

We hope also to find room in the Second Volume for some accounts and notices of the systems of public instruction and educational arrangements in other countries, both European and American, as well as for some articles of miscellaneous literature, such as will be specially interesting and instructive to young persons. But the educational wants of Upper Canada will first command attention, and determine the character of the Journal of Education.

The Conductors will be most earnestly solicit the continued and active co-operation of District Superintendents, Clergymen, and other School officers and friends of Education in professional and private capacities. No part of the subscriptions will be applied to remunerate the labour of editing the Journal; but the whole will be expended in defraying expenses incurred in connection with its publication.

Five shillings per annum, in advance; and no subscription will be taken for less than one year. District Councils ordering copies of the Journal, should specify the number in their District, or any number, not less than fifty, will be supplied at three shillings and six pence per copy, postage included.

Complete sets of the First Volume will be furnished to parties wishing to obtain it, at Five Shillings per copy. Toronto, December, 1848. 48

NEW WORK.

CHAMBERS' MISCELLANY. OF ENGLISH AND SCOTCH LITERATURE. Edited by Wm. Chambers, Esq., of Edinburgh. Illustrative Engravings. Price 25 cents per Vol.

GOULD, KENDALL & LINCOLN are happy to announce that they have completed arrangements with Messrs. Chambers, of Edinburgh, for the publication, in semi-monthly numbers, of CHAMBERS' MISCELLANY. The design of the MISCELLANY is to supply the increasing demand for moral, instructive and entertaining reading, and to bring all the aids of literature to bear on the cultivation of the feelings of the people—to impress correct views on an important moral and social question—supplies every species of article and to supply the want of a library, and to supply the want of a library, and to supply the want of a library.

NOTICES OF THE PRESS. From the N. Y. Commercial Advertiser. We are glad to see an American issue of this publication, and especially in so neat and convenient a form. It is an admirable compilation, distinguished by the good taste which has been shown in all the publications of the Messrs. Chambers. It notes the useful and the entertaining, and we hope its circulation here will be large enough to supply, to a good extent, the amply-pamper and immoral works which have so long been too widely circulated.

This work can be sent by mail to any part of the country. A direct remittance to the publishers of Six Dollars will pay for the entire work. This liberal discount for a mercantile party will nearly cover the cost of postage on the work. Those wishing for one or more complete sets can remit them accordingly.

GOULD, KENDALL & LINCOLN, Publishers, Boston.

And as he intends to conduct it on the most respectable principles and to spare neither labour nor expense in ministering to the comfort of those who may patronize him, he begs to merit and obtain a share of the public favor.

DAVID GUNN, N. B.—There is good Stabling on the premises, and teamsters and others may depend on every necessary attention being paid to their horses. D. G. Goderich, Jan. 24th, 1848. 51f
