## Financial and Commercial Markets

### EDMONTON CITY MARKET.

Edmonton, Dec. 15.—Butter and eggs for local consumption continue to be supplied largely from the East, Ontario contributing by far the greater portion. Fresh eggs are so scarce that notwithstanding the mild weather and the attending favorable conditions for this growing industry in and about Edmonton, the prices are soaring. Eastern eggs may, however, be procured in almost any quantity at 25 cents a dozen. Much of the butter used here is also shipped in from outside points.

The grain market remains practically the same. Considerable wheat is being brought to the city and some of it shipped out.

Quotations on cattle, sheep and hogs are stronger than a few days ago.

## SMALL BOYS BREAK INTO RESIDENCE OF JOHN A. McDUGALL

Youngsters, Aged 9 and 11, Discovered Peering Around Lower Rooms Early This Morning.

**HAD EFFECTED ENTRANCE BY WAY OF COAL CHUTE.**  
Have Been Taken in Charge by R. B. Chadwick, as Has Also an Older Boy.

The residence of John A. McDougall was broken into shortly after midnight yesterday by two boys, aged 9 and 11, respectively, who were discovered in the house by Mr. James McDougall, and are now in the care of R. B. Chadwick, superintendent of neglected and delinquent children in Canada.

The boys had gathered together a number of articles, apparently with the intention of taking them away. Evidence was found in the house that the boys had been in the house for some time. The boys had gathered together a number of articles, apparently with the intention of taking them away.

This afternoon a meeting of business and professional men was held and the Ontario Home-Union Association is the result. Two hundred citizens will be asked to guarantee \$250 each. It was pointed out that judging from the result in Winnipeg, this system of guaranteeing was merely one of form, none of the Winnipeg men having been called upon to meet any deficit.

During the meeting an address was given by J. N. Griffith, M.P. for Winnipeg, England, strongly advocating the scheme, and telling of his work along similar lines in his own country.
