Public Utility Earnings.

A practical demonstration of the fact that the earnings of Public Utility or Public Service Corporations such as telegraph and telephone companies are not affected by depressions in trade, was evidenced in the great panic of 1907 and depression the following year. While, on all sides, the earnings of railways and industrial companies showed a marked falling off, the Nova Scotia Telephone Company, now owned by the Maritime Telephone Company, showed an increase of \$16,000.

This is one of the reasons why we are recommending an investment in Maritime Telegraph & Telephone Company 6 p.c. Preferred Stock. It shows stability of earnings, the best kind of assurance that dividends will be paid regularly.

The par value of the Maritime Telegraph and Telephone Company Preferred Stock is \$10. We offer a block in lots to suit purchasers. Prices and other particulars will be gladly furnished upon request.
