Advertisement in THE EVENING TELEGRAM

## Lecture On France

AT THE GRENELL HALL.

A crowded audience was in evidence at the Grenfell Hall last evening to hear a lecture on "France," given by Mr. W. H. Jones, Manager of the Seamen's Institute. The lecturer gave a graphic account of that beautiful land and its people from historical and industrial standpoints, and for upwards of an hour held the closest attention of his listeners. Illustrating his remarks with views, the speaker reviewed the history of France back to over a century ago when that nation was hostile to Britain, and gave a sketch of Napoleon Bonaparte, whom it is a remarkable coincidence, finished his career in the same room at Boulogne where he had been drawing out his plans for the invasion of England. One out of every sixth man throughout France is risking his life for his country. Almost every woman there and little girls of tender years is engaged in some occupation. Some excellent views of Amiens, Metz, Alsace, Lorraine and other principal centres in France were thrown on the screen, including one of Paris at the time of the Revolution; also some striking pictures of the touching reunions that occurred while the French soldiers were leaving for the battlefield. There were attractive pictures of President Poincaré and the Prince of Wales inspecting the French troops and of His Majesty King George, the late King Edward the Peacemaker, Sir Edward Grey, Mr. Winston Churchill, General Kitchenier, Joffre and French and Admiral Jellicoe. Next Sunday, the second anniversary of the Institute, Mr. Jones will speak on "Russia."

## Stomach Always Balked, Had Constant Indigestion

Smell of Cooking Made Him Sick—  
Bilious Two Days a Week.

Cured by Dr. Hamilton's Pills.

Mr. Clemmons' experience is not unusual. Nowadays poor stomachs are more the rule than the exception. But the proper treatment is sure to make a quick cure. You can always depend on Dr. Hamilton's Pills, they reach the trouble at once, go right to business, work while you sleep and have you feeling better if not cured next morning. "My food seemed to decompose in my stomach," writes Mr. Ralph Clemmons, of Newbridge P. O. "I had a stomach that failed in some way to perform its work. Digestion seemed more or less arrested and I grew thin, yellow, nervous. The stomach became distended and impeded apparently the action of the heart, for often at night it would do great stunts. At times I would vomit a mucous mass, and at these times my head ached most terribly. A friend who had been cured of a similar condition, advised me to take Dr. Hamilton's Pills regularly, which I did. The result in my case was simply marvelous. Dr. Hamilton's Pills removed the cause, strengthened the stomach, excited the liver to normal action, the kidneys were released of excessive work. Health soon grew within me. I can now eat, sleep and live like a live man."

Be advised — use Dr. Hamilton's Pills—they are sure to do you good. 25c. per box, five for \$1.00, at all druggists and storekeepers or by mail from The Catarrhose Co., Buffalo, N.Y., and Kingston, Canada.

## Had Stormy Trip.

The Furness Line Queen Wilhelmina, Capt. Dickson, arrived here Saturday night, after a stormy trip of ninety hours from Halifax. She left that port early Wednesday morning. Fog was met the greater part of that day and the following one, the ship making very slow headway. On Friday a terrific snow storm was encountered and the ship labored heavily. The ship had a deck load of timber and part of it broke loose on account of the huge waves that swept over the ship. After difficult management the cargo was adjusted. The ship brought a thousand tons of cargo. She is expected to sail again for Liverpool to-morrow night, taking a large outward freight, including the Christmas gifts for our volunteers. The Queen Wilhelmina had a hard time of it on her recent trip from Liverpool to Boston and met with damage about decks. Capt. Dickson was last here in the s.s. Snowden Range when she put in for repairs two years ago.

SAGONA ARRIVES.—The s.s. Sagona arrived in port from North Sydney at 1 p.m. yesterday, with a cargo of coal to the Nfld. Produce Co.

## Patrick Coady, Steward S.S. Sagona

MEETS HORRIBLE DEATH.

A fire occurred on board the S. S. Sagona at an early hour this morning which cost the life of the Chief Steward, a promising young man of 27 years old. The victim is Patrick P. Coady, son of Matt Officer Coady, of the S. S. Portia.

Chief Steward Coady was seen to go on board his ship about midnight, and it is supposed that he went to sleep while smoking a cigarette, which must have ignited the bedclothing and set fire to the steamer's cabin. The fire was discovered about 1.30 a.m. by the watchman, Mr. Escott, who in making his rounds noticed an immense flame issuing from the saloon door. The watchman immediately boarded the ship and woke up the crew, after which he sent in an alarm to which the Central and Western Companies quickly responded. Several streams of water were directed on the blaze which was under control in about fifteen minutes. In going through the cabin of the ship the firemen found the lifeless body of Coady in his berth. It was apparent that the unfortunate young man made no attempt to escape, as the body was found lying on the left side, and badly burned from the hips upwards. The remains were taken to the morgue for a post mortem examination.

The cabins were badly damaged by the fire, while the fixtures and linen were completely ruined by water and smoke. These of course can be replaced, but the tragic death of the young man Coady, who was so well known to the travelling public has evoked the sympathy of the whole community. To the deceased young man's father, brothers and sister who are left to mourn, the Telegram extends sincerest sympathy.

## Belgian Relief Fund.

The Hon. Treasurer begs to acknowledge receipt of the following contributions to the above Fund:—

Amount acknowledged	\$299 86
Mrs. R. C. Grieve	5 00
Mrs. R. E. Forbes, Bonavista	5 00
