One of the best known guides in Nova Scotia gives this testimonial of MINARD'S LINIMENT: "Have used Minard's Liniment in my home, hunting and lumber camps for years, and consider it the best white liniment on the market. I find that it gives quick relief to minor ailments, such as sprains, bruises and all kinds of wounds. Also it is a great remedy for coughs, colds, etc., which one is liable to catch when for driving and cruising during the winter and spring months. I would not be without MIN-ARD'S LINIMENT and cannot recom-mend it too highly."

Corns Go

Blue-jay

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plas-ters. The action is the same.

Pain Stops Instantly

Just Folks

By EDGAR A. GUEST.

THE FRIENDLY WAY.

Let me walk the friendly way And hear what kindly people say; Let me not miss the gentler things, The song the morning robin sings, My neighbor's smile, the maple tree Which casts its shelter over me, While I go seeking lustrous fame And gaudy pleasures hard to claim.

Let me rejoice unto the end In him who cares to be my friend; Let me not draw distinction's line Between those trusted hearts of mine, And mark by caste or creed or clan The fondest worth of any man. To those who love me I would cling Despite the favor of a king.

The friendly way finds good in all. The rich, the poor, the great, the small, The toiler is as fine and true, As good to know as cherish, too, As is the man who walks in pride With fame and glory at his side. I would not spurn his friendly hand With rulers of the world to stand.

Lord, teach me this: from day to day To reap the joys along my way; Let me not blindly fall to see The beauty of each flower and tree, Let me not lose the present hour With all its charm, to fawn on power, But firm and faithful let me be To all who would be friends with me.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and even easier to make and quickly prepared.

If you combined the curative prop-erties of every known ready-made cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as de-sired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves equally 50¢. Tastes pleasant and never soles.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membrane so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of the purest glycerol plus ex-tract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept any-thing else. Guaranteed to give absolute satisfaction or money promptly re-turned. The Finex Co., Toronto, Ont.
