

## Taking the Oath.

Speaker Gully Administers It in the House of Commons.

Edward Blake's Popularity on the Increase.

Spoken of as a Leader of the Irish Party—Salisbury Reminded of His Anti-Election Promises.

DEATH OF A NOTED ENGINEER.  
Paris, Aug. 12.—Lucien Napoleon Bonaparte Wyse, the celebrated French engineer and explorer, has died in Paris. He was born in 1843.

RETIREMENT OF THE CZAR.  
London, Aug. 12.—The Chronicle prints an Odessa dispatch maintaining the persistent circulation of rumors of the withdrawal of the Czar, Nicholas II., from the active guidance of the affairs of the empire and the gradual assumption of power by the ex-Czarina, aided by M. Durnovo, Minister of the Interior, and M. Pobiedonostzeff, Procurator General of the Holy Synod. The change of attitude, the dispatch says, is increasing the power of the anti-German party.

PRE-ELECTION PROMISES RECALLED.  
London, Aug. 12.—The heads of five prominent religious settlements of the poor districts of London, including those of Toynbee Hall, Whitechapel, have presented to Lord Salisbury a memorial asking the Premier to give effect to his utterances of May last at Bradford, where he contended that the problem presented by the condition of the unemployed in England was foremost among the questions which needed the attention of Parliament. In his reply to the memorial Lord Salisbury promised to give the matter his careful consideration.

PRIESTS AND BICYCLES.  
London, Aug. 12.—The Catholic priesthood of France are still awaiting anxiously that dispensation from the Vatican which shall allow them to cycle, despite the opposing bishops. But the French priests, whose bishops see no objection just now to their going on pedal around the districts where they were wont to tramp so wearily. The cure may not lay aside his skirts, so that with the voluminous garments bunched up round his waist he looks a little quaint. The nearest approach we have to it in this country may be seen from Newgate street, when the blue-coat boys are riding past the playground at Christ's Hospital.

HANGED FOR MURDER.  
York, England, Aug. 12.—Robert Hudson, a young and highly-educated man, who had run through his own and his wife's fortune, was executed by hanging here today for the murder of his wife and two children. Hudson, of Yorkshire, in June last, he devoted his victims to the moor, cut their throats, shot them with a revolver and buried them on the moor. Before he killed his wife Hudson had advertised for another wife under the name of Hunter. The crime was accidentally discovered by a man who noticed the freshly-turned earth on the moor, investigated the matter, and dug up the bodies. After being tracked for five days Hudson was captured, and his trial and condemnation to death followed. He died calmly.

THE SALISBURY PROGRAMME.  
London, Aug. 12.—The Government have intimated to the Opposition leaders their intention to submit to Parliament at an early date a supplementary estimate for small-arm ammunition in accordance with the opinion of the expert, of which by a vote in the House of Commons was the means of over-throwing the late Government. The Times says that inquiries made since the formation of the new Government show that the estimate of William St. John Roderick, who made the motion upon which the Government was defeated, was fully justified. The Ministers, the paper says, have facts and figures to prove the impregnability of their position.

MR. BLAKE'S POPULARITY.  
London, Aug. 12.—The bitter and unyielding animosity displayed by Timothy Healy towards Edward Blake, so far from weakening the influence wielded by the Canadian statesman, has lifted him several notches in the esteem of his party and of the people of Ireland. There is no doubt whatever but that Mr. Blake's position has been immensely strengthened within the past two days, so much so that his name is freely discussed for the chairmanship of the party. It is said that even Justin McCarthy would be willing to give place to the member for South Londonderry, but the leader has not given utterance to that effect as yet. Certain it is, however, that if Mr. Blake is put forward he will receive a very strong support. Mr. Blake expects to leave for Toronto in a few days and after a brief rest will start for New Zealand, where he has been retained to arbitrate in a case of the Government and the Colony and the Midland Railway. He will return in time for the opening session of the Parliament early next year.

THE HOUSE OF COMMONS.  
London, Aug. 12.—In the House of Commons today the Speaker, Mr. Wm. C. Gully, took the chair at noon in semi-official attire. There was a poor attendance of members present. The gentleman usher of the Black Rod appeared at the bar of the House of Commons, coming from the House of Lords at 1:10 p.m., and summoned the members to the House of Lords, where the royal commission signified Her Majesty's confirmation of the election of Mr. Gully as Speaker.

The latter, on returning to the House of Commons, went to the robing room, and afterwards took the chair in the full robes of his office and formally announced that Her Majesty had confirmed his election.

The members then proceeded to take the oath, the Speaker going through the formality first of all. He was followed

by the Right Hon. A. J. Balfour, the Right Hon. Geo. J. Goschen, the Right Hon. Sir Michael Hicks-Beach and the Right Hon. Henry Fowler. Mr. Balfour then signed the roll, followed by the others.

UNCLE SAM'S SUBJECT.  
Paris, Aug. 12.—There is absolutely no truth in the sensational story circulated by a New York newspaper to the effect that the United States ambassador to France, Mr. James B. Eastland, dropped the case of Mr. John L. Waller, formerly United States consul at Tananarive, Island of Madagascar, who was recently sentenced to twenty years' imprisonment by court martial, having been convicted of communicating illegally with the Hovas. On the contrary, Mr. Eastland is pursuing the matter most energetically, with the result that he hopes soon to arrive at a satisfactory result.

Sparks From the Wire.

Last Minute News Received from All Parts of the World.

Rev. Dr. Sutherland, Methodist missionary secretary, has returned from his trip to the old country.

Hon. G. W. Ross, Minister of Education, will leave Toronto on Wednesday for two weeks' holidays at Clifton Springs.

The Universal Peace Congress will be held at Mystic, Conn., on Aug. 20 and 21 next. It is expected there will be an attendance of 10,000.

In Philadelphia 3,000 employees of Ingham carpet factories were arrested, and are out on strike.

The foreign residents at Tien-Tsin, China, demand that Britain and America send an ultimatum, threatening reprisals. Diplomacy is useless, they declare.

Word has been received of the death in England recently of Rev. Vincent Price, formerly curate of Christ Church, Bedford, who was sitting waiting to his mother, when he suddenly expired.

Last Friday night was very cold in Manitoba, and great fears were entertained that the crops would be damaged by frost. It continued cold on Saturday, and up to Sunday fears were not allayed.

At the Toronto police court Monday morning, Wm. McMillan and Adolph Resenthal, charged with having set fire to the O'Connell building on Jan. 19, causing a loss of \$300,000, were arraigned and pleaded not guilty. They were remanded until Aug. 20.

Four members of a family named Murphy were arrested at Lindsay, charged with uttering and having in their possession counterfeit coin, and the plant for manufacturing the same. The arrest was made on the 4th concession of Manvers.

The Lake of the Woods Milling Company's "bunker" down on Monday, with about 5,000 bushels of wheat.

Ten thousand French-Canadians from all over New England celebrated at Providence, R. I., Monday. Ex-Gov. John W. Davis presided.

ONE TOWN WITH TWO MAYORS.

A Lively and Interesting Municipal Fight at Superior, Wis.

Superior, Wis., Aug. 12.—There was another sensational situation in the remarkable case of Rev. Charles S. Starkweather, the clergyman and mayor, who was impeached by the common council last Thursday for extortion of money from firemen and other city employees. It was given out by the mayor's attorney that Starkweather would preside at the regular meeting of the common council, and sure enough he appeared and took the chair. For half an hour he sat, smoked a cigar, and toyed with the gavel. Then came sixteen aldermen, headed by the newly-qualified mayor, who politely demanded the clerk of Mr. Starkweather, who declined to vacate. The latter rapped for order, and instructed Clerk Kelly to call the roll. He did so, but not one of the aldermen responded to his name. The spectators yelled their approval. Judge Dickinson asked permission to say a word, and was accorded the privilege. He said that Mayor Starkweather did not recognize the validity of the judgment in the impeachment proceedings. He wanted Howe to make a formal demand for the chair as mayor.

"Do you demand this chair as mayor of Superior?" asked Mr. Starkweather. "Yes, sir, I do," replied Mayor Howe. Mr. Starkweather thereupon vacated. A resolution was adopted instructing the city clerk to recognize Mayor Howe and to disregard any pretensions of Starkweather. Late in the afternoon the mayor's office was ornamented with two padlocks, one put on by each mayor. Starkweather took the key and broke the padlocks and put on another lock, which is still there.

NIAGARA FALLS HIGHWAYMEN.

Niagara Falls, Ont., Aug. 12.—Five highwaymen tried to rob the passengers on the Clifton House omnibus Sunday night at the hotel door, as they alighted from the vehicle. One of the gang turned down the street lamp and others grabbed an envelope containing \$200, which they had seen John J. Jones, of Wheeling, W. V., place in his coat pocket after paying for a bus ticket. The robbers failed of their purpose and were chased in various directions. Two were captured, who gave their names as Kelley and Molvaux.

A TERRIBLE RECORD.

Fort Smith, Ark., Aug. 12.—Rufus Buck, Sam Sampson, Ned Judy, Lucky Davis and Albert Stike were lodged in the United States jail here yesterday. All are young men who have in the past ten days made a criminal record for themselves, which is almost unparalleled in the Indian Territory. They murdered John Garrett, a negro, deputy marshal of this court, about ten days ago. They met Mrs. Rosette Wilson two miles from Sapulpa, took her from the wagon, and at the point of their revolvers, outraged her. Two days later they went to the house of Mr. Hasson, between Sake Creek and Duck Creek, and all five assaulted Mrs. Hasson in the presence of her husband. They are charged with outraging two other women, robbing two stores, and holding up three individuals. They robbed a stock man named Calahan and killed a negro boy who was with him.

## REMARKABLE SCENE.

Unparalleled Donation at a Missionary Meeting.

\$75,000 Raised in a Few Minutes—Many Give Their Gold, Silver, Their All—Others Offer Their Lives.

Old Orchard, Maine, Aug. 12.—The most remarkable meeting in the history of the Christian Alliance was that of yesterday, when nearly \$75,000 was given and pledged for the cause of foreign missions. Rev. Dr. A. B. Simpson, the leader of the cause, meeting at former Hamilton, Ont., preacher, announced at the close of the meeting that the lists had not been entirely gone through, but at that time the \$72,000 mark had been passed. Dr. Simpson added:

"I asked the Lord last night how much I could hope and pray for, and found that \$50,000 was too little. At last I received not a promise of \$75,000, but liberty to pray for that offering, and we have already received \$72,000, and I have not gone over the list of pledges. Many more are coming in. I do not say that we shall receive \$75,000, but I hope we shall." Thus the world's record for giving for missions has been broken.

There was a great audience present, the largest seen for many years at Old Orchard, larger even, it is said, than the great meeting Mr. Blaine addressed when a Presidential candidate, when 10,000 people were within the sound of his voice.

Midway in his sermon an usher took a check and handed it to Dr. Simpson. He announced it was for \$4,500. Then Mrs. Rounds, of Chicago, pledged \$300 in the name of the Oak Park Alliance. A man who declined to give his name sent forward \$800 in cash, and that was followed by a check for \$1,000 from an unknown donor.

Then the most sensational event of the day occurred. Rev. Mr. Holden, of Texas, went forward and laid upon the platform a deed to his entire property, which he had bought in California, that cost him, with the outlay he has made on it, over \$10,000, and which he said ought to bring at least \$7,500 at a forced sale. A man who was present thought so, and on it Mr. Holden will find a purchaser at once.

GIVES AWAY HER HOME.  
Mrs. Holden joined in the generous gift, and asked for her home and all they knew about the excitement caused by this gift was great.

"Believe and let go," cried Dr. Simpson.

Mrs. Mary D. Perkins of Boston, then pledged some property she thought ought to bring \$4,500. It was accepted, but no value was placed on it in the sum total of the collection. John F. Wash, an old contributor, who is the president of an association of Christian commercial travelers, pledged \$1,000 in the name of his organization and Dr. Simpson asked for special prayer for the "diamonds."

Rev. Walter Russell, the Canadian evangelist, pledged \$500 in the name of the "diamonds." Dr. Simpson gave \$500 in the name of the "diamonds." Dr. Simpson gave \$500 in the name of the "diamonds."

I gave \$100 last year," said a woman out in the audience, "and God blessed me so greatly that I want to make it \$200 this year."

The excitement was now becoming intense. Louise Shepard, the vocalist, gave \$500 in the name of the "diamonds." She had faith to believe that the jewelry fund would reach \$200,000 and sent them to the platform. This was the signal for the contributions of diamonds and diamond earrings, finger rings and watches were sent forward by the handful.

Now Dr. Simpson held up a little boy who earned almost \$4 by selling papers, and asked for contributions to a fund for the children's Alliance. Within ten minutes \$2,000 had been subscribed, \$950 of it in cash. By this time it was past 1 o'clock, and yet few thought of leaving the ground. Dinner was served, and a wonderful scene having blotted out everything else from the minds of all present.

GOLD EXCHANGED FOR IRON.  
When an announcement was made that Louise Shepard would not give what she wanted to "exchange gold for iron for Jesus' sake," and Dr. Simpson said that a recess would be taken. At the close of the platform the work of exchanging gold for iron was going on. Miss Shepard giving iron watches bearing the inscription: "Gold for Iron for Jesus' sake." This part of the offering was founded on the appeal made by Frederick the Great to the ladies of his kingdom to give gold for iron for the sake of the fatherland.

One woman, with a patient face and pious expression, came up and passed out a gold watch that was evidently of old-fashioned make, probably her one valuable bit of jewelry. She looked at it for the last time, shed tears she could not keep back and then gave it to Miss Shepard, saying: "For the sake of Christ, I wish I could do more."

In all 26 watches, many of them valuable, were exchanged for iron watches. The jewelry, some of it costly and beautiful, was sent forward by the handful. In all, 26 watches, many of them valuable, were exchanged for iron watches.

When Dr. Simpson returned to the platform he made the announcement that 100 persons had given \$80,000, 100 others gave \$4,000, and still 100 others \$1,000. The balance of the amount was made up later by pledges.

Then there was still another remarkable scene, not likely to be forgotten by those who witnessed it. Dr. Simpson said that so far men and women had only given up their earthly possessions. "How many of you will give your life for Christ? How many of you are ready to be sent to the missionary fields of Africa?" he asked.

After another said, "I will go," until more than 40 had responded.

## A CHANCE FOR ALL.

The Salvation Army Harvest Thanksgiving Festival—A Unique Money-Raising Scheme.

In 1892 Commandant H. H. Booth hit upon a new idea for raising funds, by inaugurating a plan for clearing poor corps and officers of debt.

The plan was an annual "Harvest Festival Scheme," to be held all over the Dominion and Newfoundland on certain dates. This year the dates are: Saturday, Sunday, Monday and Tuesday, Aug. 31, Sept. 1, 2 and 3.

In this scheme it is possible for all who

appreciate the Army's work to assist in some way or other.

The officers of the various corps are instructed to visit friends and collect from them: anything they are able to contribute, whether it be in cash or otherwise.

Gifts of produce, groceries, fruit, grain, cattle, poultry, or anything of any description which is saleable, will be acceptable.

After the collection of these various articles a sale of the same is arranged for the Tuesday night, and the proceeds placed into one common fund to help out the debts mentioned.

Commandant Booth hopes by this scheme also to replenish the storehouses of his various institutions, such as Rescue Homes for Fallen Women, Men's Shelters, Children's Institutions, Home for Sick Officers, also his Industrial Farm, so that it will be unnecessary to spend money on these articles during the fall and winter.

He contends that though money is scarce, the land is laden with good things, and he calls upon those who have enough and to spare to remember those who are not so favorably circumstanced.

## New Y. M. C. A.

Plans for a Building Accepted by the Board.

Cost Will Be \$20,000—What the Structure Will Contain—Everything to Make It A I.

The board of directors of the Young Men's Christian Association met in the temporary quarters, corner Dundas and Wellington streets, yesterday afternoon, and considered plans for a new building. Plans were submitted by twelve of the leading architects of Western Ontario, but to make the competition fair to all, the names of the competitors were unknown until the choice was made. The plans submitted immediately adjoining the new Free Library. The cost is limited to \$20,000, but for this sum Messrs. Moore & Henry promise a magnificent three-story, which will throw the library "into the shade," improve the appearance of Wellington street, and greatly increase the value of property in the city. The material to be used is white brick, with considerable stone trimmings. The dimensions of the building are 118 feet; depth, 110 feet; height from ground to top of tower in the center of the building, 104 feet. The basement will contain the heating apparatus, a plunge bath, shower bath, marble wash basins, locker rooms for 250 persons, 16 private dressing rooms, bowling alley, work rooms and lavatories. The ground floor contains a large hall, 20 by 23, to be provided with all the requisites to leisure. The entrance to the second floor, 22 by 19, and a lecture hall to seat 150, also have suitable positions. In the rear of the building, however, is where the boys will shine, for there is located the gymnasium. It is to be second to none, 40 by 60 feet, and fitted with everything necessary to physical development in the boys. On the south end of the ground floor is the auditorium, 40 by 60 feet, and a lecture hall to seat 150, also have suitable positions. In the rear of the building, however, is where the boys will shine, for there is located the gymnasium. It is to be second to none, 40 by 60 feet, and fitted with everything necessary to physical development in the boys. On the south end of the ground floor is the auditorium, 40 by 60 feet, and a lecture hall to seat 150, also have suitable positions.
