LONDON AND ENVIRONS

—Sir John Carling, of Ottawa, is in the
city.

—Corporation laborers drew \$318 75
from the city treasury this morning.

—No. 2 committee of the Board of Educa-
tion turned out in full force last night.
Only a few accounts were passed.

—Mr. James Sargent lost two fingers
while operating a tanning machine in his
father's factory, East End, recently. Two
more fingers were lacerated.

—The Brotherhood of Railroad Train-
men, Forest City Lodge, No. 240, will run
an excursion to Goderich on Aug. 17—not
the firemen, as stated.

—It was the Sons of England Band that
played at Christ Church garden party
Wednesday night and not the First
Hussars as stated.

—Rev. Father Teefy announces in the
Catholic Record of London that with the
current issue of the Catholic Register of
Toronto his connection with that journal
ceases.

—A burning tar tank across the road
from Ross' old oil refinery on Alma street,
required the attention of the firemen yester-
day afternoon. The damage was only
small.

—Mr. William Sutherland, the young
Stratford brakeman who was so badly in-
jured at Bright some time ago, is still at
his home in London. He is now able to
move about with the aid of crutches.—
(Stratford Beacon.

—Auctioneer Jones yesterday sold the
stock in trade of Nicholas Wilson & Co. to
Jackson Bros., Clinton, at 57 cents on the
dollar. The stock consisted of tweeds and
gents' furnishings, \$2,826; shop furniture,
\$333 20.

—Private William Carter, of Wolsley
Barracks, has been sent to jail for five
months for striking an officer and using
abusive language. The original sentence
was seven months, but Gen. Herbert re-
duced it by two. Carter was drunk when
he struck the sergeant.

—Woodgreen is the name of the new
postoffice opened between Strathburn and
Wardville, on the Longwood road, Mon.
Mr. Edwin Weeks is postmaster. Mails
will be dispatched from Gloucester Tues-
days and Fridays at 4 p.m. The contract
for carrying the mail has been awarded to
Mr. Alex. Crothers.

—St. George's Society keeps up with the
procession, showing a steady growth in
numbers and influence. Last night's
monthly meeting saw five annual members
added to the list. The blood includes
Messrs. Alfred H. H. Gammon, Thomas
Harding, Robert S. Rockett, Phillip H.
Bartlett and Chas. W. Thurlay.

—A couple of gangs of men, with teams,
who left London a week ago to work on the
big trenches being dug in Hullett and Grey
townships, in Huron county, have returned
home. They found the work pretty heavy.

The men were probably out for a holiday.
They made the journey leisurely in their
wagons, and were fed by the farmers along
the way, and slept in barns or drive sheds.

—[Exeter Advocate.]
—Exeter Times: The many friends of
Mr. A. Bishop, of Uxbridge, ex-M.P.P.,
who underwent a critical surgical operation
in London last week, will be pleased to
learn that he is doing nicely and will fully
recover. It is well known that Mr. Bishop
was confined to his bed for several weeks
this summer, suffering from Bright's dis-
ease, and the operation consisted in the
removing of a lime stone the size of a hen's
egg from his bladder.

—Mr. R. O. Kinney, the hustling real
estate agent of Detroit and Windsor, for-
merly of the ADVERTISER, is looking up Can-
adian prospects in his line. Mr. Kinney
has just made a big stroke in Kincardine,
where he sold the well-known salt block of
Mr. Levi Rightmyer and the latter's fine
maison for the sum of \$200,000. The pur-
chaser is Mr. H. C. Sanborn, a Detroit
capitalist, who is largely interested in salt
in Michigan and Illinois. He will operate
the Kincardine wells.

A Bad Upset.
Mr. J. C. Trebilcock, the energetic
treasurer of the Young Liberal Club, took
a drive into the country on Wednesday
evening and secured the ox for the novel
barbecue entertainment at the Liberal
picnic next Wednesday, but judging from
a casual glance, one would imagine the ox
had secured Mr. Trebilcock. But it didn't.

On the return home Mr. Trebilcock was
turning the corner of Dundas and Wellin-
gton streets, intending to take his rig around
by the back way when the horse, which
is a spirited little beast, apparently not
satisfied that he was going to the stable,
took a contrary idea, and in turning
suddenly, struck the curbing at such speed
that the buggy was upset and Mr. Trebil-
cock and his companion thrown out
violently. His companion escaped unhurt,
but Mr. Trebilcock retained his hold on the
lines and was dragged some distance. His
injuries are severe, five stitches being re-
quired to draw together a gash under the
eye and along the cheek bone, while one
side of the face resembles a raw beefsteak.
He was also badly bruised along the side of
the body and leg. The buggy may now be
used for kindling wood.

Walks and Ways.
The board of works met last night. The
band concert question came up on the
reading of a communication from the city
clerk to the grant to the band of the First
Hussars. Until further ordered the
Seventh will play only every alternate
Tuesday, thus giving room for the Hussars
to play twice a month. The Board of Health
had complained of the sprinkling of the
Market Square. It was also thought too
heavy, and at times the place was in an almost
impassable condition. Complaint had also
been made by merchants against the sweep-
ing of Dundas street on Saturday nights
before the stores were closed. This, it was
stated, had never been done, and the com-
munication was filed. Mrs. Elliot was
given permission to connect her Central
avenue residence with the Wellington
street sewer under the usual conditions.
Mr. John Law objected to the cutting of
some silver poplar trees in front of his lot
on Hill street. Engineer Graydon said he
had been called upon by a resident of that
street, who asked that the trees be re-
moved, as they were a nuisance. Further
investigating will be made. Carstaker
Burdick of Queen's Park acknowledged the
receipt of 500 choice plants from S. H.
Craig, to whom the committee's thanks
will be tendered. Ald. Thomas Jones
(chairman), Garratt, Shaw, Coe, Dreaney,
Taylor, Engineer Graydon and Commis-
sioner Owens were present. Assistant
Engineer Ironside acted as secretary in the
absence of Mr. James Bell.

tory in the hands of the Prussian militia.

WELCOME TO LAURIER!

A Great Demonstration in Brantford
Arranged—Fine Array of Speakers.

BRANTFORD, Aug. 10.—Very extensive
preparations are being made for the visit of
Mr. Laurier to Brantford on Aug. 20.
There will be an afternoon meeting held on
the fair grounds, at which addresses will be
delivered by Hon. Mr. Laurier, Hon. L. H.
Davies, Wm. Mulock, M.P., Dr. Lander-
kin, M.P., Hon. David Mills, Mr. Charles
Hyman, M.P., Mr. John Charlton, M.P.,
Hon. A. S. Hardy, M.P.P., Mr. Wil-
liam Paterson, M.P., and others. A
large meeting will be held in the new
drill hall in the evening. Mr. Laurier
will speak in the open air in the afternoon,
and should the weather prove unfavorable
an adjournment will be made to the drill
hall, which contains seating capacity for
3,000 persons. Special cheap fares have
been arranged from all points within a
radius of 30 miles from Brantford, and the
proceedings are in time to permit visitors to
return on the evening trains. Both meet-
ings promise to be of the most successful
character, and the demonstration is alto-
gether likely to be one of the most impor-
tant ever held in Western Ontario.

Coxey's Army Rounded Up.
HYATTSVILLE, Md., Aug. 9.—Coxey's
army was "rounded up" here today. A
special train from Baltimore brought a
platoon of police to the commonwealth's
camp and 88 men were arrested. There
were a few skirmishes, but the most of the
men took their arrest good-naturedly.

Canned Horse Meat.
SIOUX CITY, Ia., Aug. 10.—A firm here
has been slaughtering cheap ranch horses
and making the flesh into dried beef. The
product is all shipped to Jersey City. The
producers say they convert 100 horses
daily into dried beef. They purchase the
horses for less money on the ranches than
cattle can be bought for.

Newfoundland Legislature.
St. Johns, Nfld., Aug. 9.—The New-
foundland Legislature prorogued today
after one week's session. Governor O'Brien
assented to all bills passed, including one
making legal the illegal collection of taxes
during the past three months. The speech
intimated that the Governor would shortly
leave to accept another position.

Remarkable Cure of Dropsy and Dys-
pepsia.—Mr. Samuel T. Casey, Belleville,
writes: "In the spring of 1884 I began to
be troubled with dyspepsia, which gradu-
ally became more and more distressing. I
used various domestic remedies and applied
to my family physician, but received no
benefit. By this time my trouble assumed
the form of dropsy. I was unable to use
any food whatever except boiled milk and
bread; my limbs were swollen to twice
their natural size; all hopes of my recovery
were given up, and I quite expected death
within a few weeks. Northrop & Lyman's
VEGETABLE DISCOVERY having been recom-
mended to me, I tried a bottle with but
little hope of relief; and now, after using
eight bottles, my Dyspepsia and Dropsy
are cured. Although now 79 years of age
I can enjoy my meals as well as ever, and
my general health is good. I am well-
known in this section of Canada, having
lived here 57 years; and you have liberty
to use my name in recommendation of your
VEGETABLE DISCOVERY, which has done
such wonders in my case."
