AETNA ACTIVE AGAIN

[Canadian Press.] Catania, Sicily, Sept. 11.—The eruption of Mount Etna has become more intense. The showers of ashes and cinders are heavier, and the rumbling

of earthquakes at short intervals is heard for miles around.

The shocks are growing in violence, and panic prevails. The fear of the people is augmented by the great heat and the suffocating atmosphere. All the country round about is covered with ashes and seems under an immense funeral pall.

It is reported that three new craters have opened, but, so far, it has been impossible to ascertain whether they are emitting lava, because of their altitude and the thick smoke that lies over them.

The people of the villages on the slopes of Mount Etna have abandoned their homes. Some of the houses have been damaged, and hundreds of men, women and children, who are without shelter, go about from place to place carrying pictures of the saints, crying and imploring mercy.

SUGGESTIONS. [Baltimore American.] "We all have to have a Latin motto for our theses. Could you suggest one for a paper on ocean travel?" "Sure, 'sic transit'."
