The general offices of the London and Lake Erie Transportation Company have been removed from the Bank of Toronto building to the company's new station on Horton street.

A Rich Harvest.
The fishermen are reaping a big harvest in Port Stanley this fall, the catch being the largest in many years.

The Traction Company are handling about 100 tons a day, and have shipped 2,500 tons during the past three weeks. The most of the stuff goes to New York and Buffalo. Good prices are being realized for the fish.

A Touching Incident.
There was a touching incident in connection with the arrest in Hamilton of Harry Shay, the young hobo who is wanted by the London police on a charge of stealing \$55 from the Teacup House. With two detectives entered the boarding-house on Emerald street and produced the warrant the young 18-year-old girl from Stratford with whom Shay was living threw her arms around one of the officers, and begged him not to take Shay away. The girl's widowed mother arrived to take her back to her home. The police would not disclose the girl's name. The prisoner is now awaiting sentence.

TORONTO FAT STOCK SHOW
The second annual Toronto Fat Stock Show will take place at the Union Stockyards, Toronto, on Monday and Tuesday, Dec. 11 and 12. The judging will take place on Monday and the auction sale on Tuesday. There will be a large, attractive exhibit of steers, heifers, long and short wool sheep and lambs, hogs, etc. The Stockyards Poultry Association will also show a large quantity of fancy and utility fowl. Admission is free and the public from all over the Province is cordially invited to attend this exhibition. It will be remembered that last year Mr. B. Slattery, the well-known Ottawa butcher and cattle dealer, purchased the prize steer, which was the best of the show, and exhibited in any fat stock show on the continent of America. On arrival in Toronto the Dundas cars will take the visitors direct to the Union Stockyards.

AUX SAULE RIVER POWER SCHEME EXPLAINED
The Middlesex County Council Heard Mr. D. A. Stewart Yesterday.

A large amount of information concerning the power project of the London and Northwestern Radial Railway Company, which plans to construct a dam 90 feet high and about 200 feet long in the Aux Saule River at Rock Glen, for the purpose of generating 3,000 horsepower, was presented to the Middlesex County Council at a session held at the county buildings yesterday afternoon.

Today Toronto engineers who are preparing the estimates of the scheme will submit their plans to the council, and give further information of a technical nature.

Mr. D. A. Stewart, who is promoting the road, was heard by the council yesterday, and went into the matter briefly.

The Charter.
Mr. Stewart explained that his company has a charter from the Dominion Government to operate the London and Northwestern Railway between London and Sarnia, and London and Rock Bend, on Lake Huron. He stated that for three months his engineers, members of a Toronto firm, have been engaged in the vicinity of Rock Glen, obtaining information concerning the construction of a huge power dam in the Aux Saule River, and securing measurements of the stream. This work is still in progress there.

The company has authority to proceed with the work, he explained, but desired to obtain the co-operation of the county.

Mr. Stewart displayed a plan of the district, showing the difference in water levels after the construction of the dam. There are no streams enter into the Aux Saule from the

north at present owing to the heights of the banks on that side. It is estimated that about 1,500 acres of land would be flooded. It is not the object of the company to maintain a water at such a height during the entire year, but only during the dry weather when the dam would be closed to prevent a supply that would do for the generation of power during the summer months.

Engineer Will Explain.
Mr. Stewart refused to submit his proposition at the time, stating that his engineer will be on hand with further details of the scheme today.

Many grades will be eliminated, he said, and for that reason the county will be benefited. A proposition that has been submitted to the township is for the abandonment of the first bridge above the dam. In lieu of this the company would agree to maintain a crossing at that point.

A Government engineer has investigated the fish rights, as there has been complaint from people above the present dam. It will be easy to construct a fish way at the new power plant, said Mr. Stewart.

JUMPED FROM WINDOW TO AVOID CONSTABLE
Harry Mott Tried to Evade Arrest, But Was Caught After Exciting Chase.

Harry Mott, a young man who came to this vicinity some time ago from the state of Ohio, and who has since been employed as a farm laborer, was yesterday afternoon arrested by County Constable Shaver, charged with assaulting Harry Neno, after a rather exciting chase. He was brought to the court house and remained to jail for a week by Squire Chittick.

Constable Shaver found Mott at the rear of a house on the corner of York street and the railway tracks, and allowed him to go upstairs to get some clothing. Taking advantage of the offer Mott jumped from the window after a rather excited chase, and secured a ride with a farmer to Lambeth. He was at the London and Lake Erie Railway station there, and was about to board a car for Port Stanley, when overtaken by the constable.

The complainant in the case alleges that at a threshold Mott attacked him unexpectedly, and either kicked or punched him in the mouth, knocking out two teeth. Neno required the services of a physician.

Music and Drama
"Graustark" at the Grand.

"Graustark" was presented at the Grand Opera House last night before a small audience. The play has been on the road for some years. The cast was fair, and all present were pleased. Miss Louise Simons, who plays the role of Yette, gave satisfaction, and was frequently applauded.

Olcott Tomorrow Night.
"Maushia" (Pulse of My Heart), is the title of the new play which will be presented for the first time in this city at the Grand tomorrow night by the clever, romantic Irish actor, Chauncey Olcott and a powerful supporting company. The play is from the pen of the noted author, Rida Johnson Young, who, in collaboration with Rita Olcott, furnished this popular star with "Ragged Robin," one of his greatest successes, as well as his vehicle of last season, "Harry of Baltimore." The scenes of the play are laid in and about an estate in Ireland, in one of the most picturesque parts of Ireland and one identified with the greatest hunting and sporting sets of

"The Cow and the Moon."
Miss Bess Taft, who will be seen with "The Cow and the Moon" when that clever musical extravaganza is staged at the Grand Opera House Friday evening and Saturday, matinee and night, is certainly meeting with pronounced success this season, and adding laurels to her already numerous list of "hits." Miss Taft has been on the stage but a few years, but her rise has been rapid, until she is recognized among the theatrical managers as an actress who can portray a light role as well as one who can play a heavy one. Miss Taft has succeeded in both parts so well that she has been re-engaged for the season.

Old Folks' Concert.
An old folks' concert will be given in the Auditorium next Tuesday evening under the auspices of the Y. M. C. A. Glebe Club, and arranged and conducted by Miss Belle Brown and ladies of the Conservatory of Music. It will be quite a unique feature. Over 40 men and women are taking part, and all the old-time crossroad meeting-house singing school features will be given.
