Thin People Can Increase Weight

Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of measure again. It isn't a question of how you look or feel, or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all,

the new flesh stays put. Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have sugars and starches of what you have caten into rich, ripe fat producing nour ishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat-producing contents of the very the fat-producing the fattablets to a package—on a guarantee of weight 'ncrease or money

GROW HAIR ON

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised halr-tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring grey hair to its original color, stopping hair tram falling out and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, of our east of the put up by any druggist: Bay Rum, of our east cannot go with what sort of a man he was. He might be the man to rescue "The Master Key" from bald interest her. Lost Moments.

The real George Everett got out of his limousine on the corner of Vanderbilt avenue, and hurried through the revolving doors; brisk, debonair, alert, decided; with that happy style which denies foppery, and avoids surveillance. It seemed strange that he should have a photograph in his hand at which be looked intently until he got in the concourse. There he stopped, and with the livered way surphing to the was spinning our course. There he stopped, and with the livered way any druggist: Bay Rum, to the was spinning our course. There he stopped, and with the livered way any charged the course.

Interest died in her eyes when she saw what sort of a man he was. He might be the man to rescue "The Master Key" from bald not reveal that sort of a man he was. He might be the man to reveue "The Master Key" from bald not reveal the sort of the street and it cannot go with what sort of a man he was. He might be a friend of John's, he might be the man to rescue "The Master Key" from bald not reveal the sort of the same to crose the man he was. He might be a friend of John's, he might be the man to rescue "The Master Key" from bald not reveal the sort of the same to combine the number of the provided in the same to reveal the saw what sort of a man he was. He might be a friend of John's, he color, stopping hair tram falling out and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces: Lavona de Composec. 2 ounces: Meuthol Crystals, one-haif grachen. If you wish it perfumed, add I drachen of your favorite perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the control of lutely harmless, as it contains none of the poisonous wood alcohol so fre-
