

S. MAY CUT
LUMBER DUTIES

Branswick and British
Columbia Export Trade
Will Benefit.

Washington, July 11.—As a result of investigation ordered by the United States tariff commission, into the duty on logs of fir, spruce, cedar or other softwood, the duty may be cut by one-half. The present duty is one dollar per thousand feet board measure. A reduction would be an advantage to the export trade of New Brunswick and British Columbia.

Paragraph 401 of the United States tariff act provides that the duty on logs shall apply only when the country of origin is not a country to which an embargo or restriction of some nature. It is under a paragraph that the commission is conducting an investigation. The duty on logs from British Columbia and New Brunswick, with certain exceptions, is not subject to the duty.

A number of United States concerns which own stumpage in British Columbia have asked the investigation to be held to secure the 50 per cent reduction in the duty.

POINCARÉ A WORKER

French Premier Sends Word to Official They Must Work Five Hours a Day.

Paris, July 11.—The staff of the Foreign Office here received a severe letter from the French Premier, Poincaré, in person, who also holds the Foreign Affairs portfolio, reminding all of them that five hours' effective work at the ministry should be their daily stint. Old habits and traditions were thus being broken, for the majority of employees always have spurned any sort of routine. But none can say today that they haven't a good exemplar in Poincaré, who himself is perhaps the hardest worker at the Quai d'Orsay and certainly one of the best in the job in the morning.

f Canada

One view of the Bras d'Or Lakes. Water about four feet deep.

Much of the route lies along the borders of the far-famed Bras d'Or. The great inland salt water lake of Cape Breton. The Bras d'Or waters have a surface area of 460 square miles, the width varying from less than a mile to 20 miles. So, too, does the depth vary, soundings have been taken at a depth of 700 feet in one part of Little Bras d'Or. The length of these lakes is about 100 miles. The waters being sheltered

part by hills of great beauty. Along its length it expands into bays, inlets and romantic havens, while the numerous islands dot its surface, rocky and in many places. Along this stretch of country nothing is so common as to find the strange to busy upon the emerald shingles of the lakes. Every variety of landscape meets the eye and the season is never wasted. The scenery along the Bras d'Or route of the Canadian National Railway is unquestionably one of the most diversified and beautiful in the Dominion.

UNIFORM GAME

LAWS FOR CANADA

Winnipeg, July 8.—Uniform game laws for all the provinces of the Dominion will likely result from a conference held here last Friday and Saturday, according to an announcement made today. The conference was attended by representatives from the provincial and federal Governments.

A uniform open and closed season throughout Canada was advocated and M. B. Jackson, chairman of the British Columbia game commission, was appointed to draw a schedule of seasons which would be suitable for all provinces. A standard method of identifying and marking game and the banishment of poison in killing fur-bearing animals, with the exception of timber wolves, which may be poisoned

by government experts, were discussed, and recommendations will be placed before the Governments represented. It also was decided to recommend the prohibition of game meat marketing.

That was a nice three bagger that Pete pretty near had.

C.P.R. TRAIN MAKES
REMARKABLE RUN

Covers the Distance From Winnipeg to Quebec in About 36 Hours.

Montreal, July 10.—A remarkable run between Winnipeg and Quebec was made over the week end by a Canadian Pacific special train, which covered the distance from Winnipeg to Quebec in a little over 36 hours. The regular running time between the two points is about 52 hours. Thirty-seven passengers and 500 bags of mail en route from the Orient to Europe were held up in the Rockies and stood a good chance of missing the Empress of Scotland, upon which they were due to leave Quebec. The Empress was held, however, and the entire party embarked well before midnight Saturday.

The special train was made up of one baggage, one tourist, one standard sleeper, one dining and three compartment cars. The passengers had arrived at Vancouver on board the Empress of Russia and were taking advantage of the Canadian Pacific 21 day Orient to Europe service.

QUEBEC'S SURPLUS WILL
EXCEED A MILLION DOLLARS

Montreal, July 10.—The surplus of the province for the fiscal year that has just closed on June 30, will certainly exceed \$1,000,000 is the statement credited to Hon. Jacob Nicol, Provincial Treasurer, in an interview with Le Canada. He refrained from comment when asked if \$2,000,000 would be nearer the mark.

The report of the liquor commission will be made known in a few days and in his connection the provincial treasurer intimated that the operations of the commission had been increased since the preceding year.

SMALLER CROPS THAN
LAST YEAR IN U. S. LIKELY

Washington, July 10.—Smaller crops than last year were indicated in the July forecast of the department of agriculture, issued yesterday for wheat, corn, rye, white and sweet potatoes, rice, hay, apples and peaches. A tobacco crop 100,000,000 pounds larger than last year and a large production of oats, barley and flax seed were indicated.

Sporting News of the Week

C. N. R. Defeats
High School Boys

Last Wednesday's fixture in the local league between the C. N. R. and C. H. S. which was postponed until Thursday night was productive of some good baseball. Neither team did much heavy slugging but both the infielders and outfielders contributed some nice playing to what was an interesting match. The game was called at the seventh inning and the score board then showed a win for the railway nine of 6 to 2.

The C. N. R. were first at bat but failed to get a man around the circuit until the third inning when three runners circled the bases. This was followed by three more runs in the fourth section and this gave the railway squad a six score lead as the High School boys did not notch up a single score until the sixth inning, adding another in the closing section.

Wetmore and Steeves did the twirling for the C. H. S. team while L. Jamieson did good work behind the plate. The remainder of the team played good ball but did not seem to find Roy with any regularity while at bat.

Tossing the pill for the C. N. R. F. Roy did some exceptionally snappy work making a possible record on the mound in local baseball with a total of 16 strike-outs.

The contest was not very fast at times and took about an hour and a quarter. Love and Duncan umpired the match.

The line-up:
C. N. R.
F. Roy p.
L. Pichette c.
R. Lavoie 1.
W. Boulay 2.
C. Duncan 3.
A. Lloyd ss.
A. Roy lf.
A. Comeau cf.
S. Kelly rf.

Cubs Beat Colts
In One Sided Game

Last Friday's game between the Cubs and the Colts was not what it might have been. The play was pretty fast at times but was rather loose on the whole resulting in a score of 15 to 8 in favor of the Cubs. Both teams contributed an abundance of errors.

The Cubs, first at bat, did all their scoring in the first three sections starting off with two seven score innings and notching up the fifteenth run in the third. The Colts brought one man home in their half of the first but failed to score again until the fifth section when two men circled the bases. Consequently the match was not very interesting. In the sixth and last inning the Cubs rallied somewhat and chalked up five runs but this comeback was staged too late in the proceedings to turn the tables. Neither Sanson or Dickie, pitching for the Colts and Cubs respectively did any spectacular work. The other players did some fairly good work but their efforts did not seem very effective.

Both squads need some careful coaching.

The line-up follows:

Cubs
R. Dickie p.
G. Gorham c.
A. Jardine 1.
E. Murray 2.
W. Ferguson 3.
P. McKenzie ss.
R. Allingham lf.
C. Duncan cf.
W. Cyr rf.

C. H. S.
F. Steeves p.
L. Jamieson c.
R. McLean 1.
J. Howard 2.
L. Wetmore 3.
J. Murray ss.
D. Murray lf.
W. Miller cf.
H. Jamieson rf.

C. H. S. Wins Shutout
Game From Cubs

The High School squad added another win to their list of victories when on Monday night they defeated the Cubs in the first shutout game of the season. Despite the fact that the game ended 4-0 it was an interesting match and was probably the best exhibition of baseball seen here this season. No heavy hitting was done but the play throughout was fast and snappy. McCluskey on the mound for the winners was in good form totaling five strikeouts in four innings. Dickie, twirling for the Cubs delivered an equally good brand of ball. The outfielders did not have much work to do but at times the infield was practically airtight.

The line up follows:

C. H. S.
Cubs
R. Dickie p.
G. Gorham c.
A. Jardine 1.
E. Murray 2.
W. Ferguson 3.
P. McKenzie ss.
R. Allingham lf.
C. Duncan cf.
W. Cyr rf.

McCluskey, A. Troy and Art Roy umpired the game.

Time—45 mins.

Students and Baseball

Owen Carroll, a student at Holy Cross College who has attained a reputation as a baseball pitcher, has refused an offer of \$10,000 from the Pittsburgh Club for the National League to finish the season with that team. He is studying for the priesthood.

Similar offers have been declined this year by other college men, and the big league officials are puzzled. One of them has been asking if the diamond is losing its lure. The baseball scouts that never before were there so many prospects in college circles, and they cannot understand why it is the students refuse such tempting offers from baseball magnates.

The New York Sun thinks the reason is not difficult to locate. "The rewards held out to young players in other days, it says, 'have been monopolized by rich and powerful clubs. Existence is likely to be drab and the pay disappointing. As Foster Sanford, the football coach at Rutgers, pointed out some time ago, all professional sport takes from a man his best years and then leaves him stranded when his feet lose their speed, their muscles lose their suppleness and his eye is no longer keen. The Boston National League Club recently lost two of its promising young players who left to go into business. 'We cannot see any future here,' they said. Commenting on their action the Sun points out that 'college players like to be with winners—and only two teams can win in the major leagues.'"

Fredericton Wins
From Moncton, 5-1

Fredericton, July 10.—Fredericton and Moncton breezed through a spirited nine inning game in the International Independent Baseball League last evening, Fredericton winning by a score of 5 to 1. The game was fast and full of life, one hour and seven minutes only being required to complete the full nine innings. Both pitchers had good control, there not being a batsman passed or hit by a pitched ball.

Fredericton bunched seven hits of their ten hits off Dickie, the Moncton hurler, in the first and fourth innings, while "Paddy" Noonan kept Moncton's eight safeties well scattered, except in the third inning when three hits and a sacrifice gave the visitors their only run and only a sensational stop and throw by McCourt, playing shortstop for Fredericton, killed off the rally.

A couple of circus catches by "Dau-ber" Paynter, in right field, a fine night's work by Chris Young, playing shortstop for Moncton, and a catch of a line drive by Jack Godfrey, the visitor's centrefielder, together with the first basing of Dick Casey, the Moncton captain, featured the game.
