The Crops.—Several of our subscribers who
are good farmers, assure us that they have seldom
known the crops to look better than they now do—
the wheat particularly, looks very promising.
Notwithstanding the lateness of the spring and the
unusual weather, large crops are put in. We
are informed by Capt. Samuel McFarlane, who re-
sides at the Rolling Dam, St. Patrick, that he has
sowed and planted about 17 acres of his farm with
the following:

10 bushels of Wheat, 40 do Oats,
3 do Pease, 2 do Barley,
50 do cut seed Potatoes, all of which look well.

Wednesday last being the "Fast Day," all
business was suspended. Religious services were
held in the Churches.

The Bermuda Herald says:—We under-
stand that the West India Steamers are to come
direct from England here, and that the Govern-
ment have given notice that the services of the
Mailboats between Halifax and this Island will not
be longer required.

DEPUTATION FROM CHURCH OF SCOTLAND.
—The Rev. J. C. Fowler, of Ratho, Presby-
tery of Edinburgh; the Rev. Robert Steven-
son, of Dalry, Ayrshire; and the Rev. Simon
Mackintosh, of Aberdeen, arrived in the Cam-
bria at Halifax.

The Rev. Andrew Halket, late of St. John,
has been presented by the Queen, to the
Church and Parish of Brechin, in the Shire
of Angus.

Emigrants in Canada.—The Quebec cor-
respondent of the Montreal Herald gives a
frightful picture of the condition of the Emi-
grants, who are daily arriving from Ireland
at Quebec. On the 10th there were 35 ves-
sels with passengers at quarantine, at Grosse
Isle, and 15 between Grosse Isle and Quebec.

Novas Scotia.—We understand, (says the
Novascotian) that the elections are to come
off on the 5th August—the Thursday pre-
vious will be the day of nomination.

New Orleans papers of the 9th inst. gave
accounts of a dreadful explosion on board
the Steamer Eda on the Ouchira river—twen-
ty persons killed and eight wounded.

FIRE.—Between 2 and 3 o'clock yesterday
morning, a fire broke out in the Steam Mills
belonging to Messrs. Ansley & Lake King's
Square, which, together with the Tannery,
&c., were entirely consumed. The flames
also spread to the Candle Manufactory of
Mr. Asa Blaske, and the dwelling of Mr.
Smith, both of which were consumed. The
dwelling house of Mr. Thomas Taylor had a
narrow escape, being considerably injured.
Little or no water was to be had the time
the fire originated, otherwise it might have
been confined to the building in which it origi-
nated. We learn that Messrs. Ansley were
partially insured.

The fire is supposed to have originated ac-
cidentally, and this additional warning should
cause our Clergy to prohibit the erection
of Steam Mills within the limits of the
City.—*Nova Scotia* 17th.

HURRICANE ON THE MALABAR COAST.—
Bombay May 1.—A hurricane of unusual
violence has been experienced all along the
Malabar coast, which hundreds of native ves-
sels are said to have been wrecked. The
Bombay steam Navigation Company's vessel
Victoria has suffered very great damage, and
the most serious apprehensions are entertained
that H. C. steamer Scosotis may have
perished at sea, she not having been heard
of since her departure from Aden on the 3rd
of April.

WRECK.—The ship Ceylon, Crisp, of and
for St. John, from Liverpool, via New York,
with 250 tons of coal, went ashore on Thurs-
day night, 10 instant, near Moosepeca Head,

terials saved. The Ceylon was a first class
ship of 750 tons, newly new, and was owned
by Messrs. Wm. & Jas. Lawton, of St. John,
and was insured for £6000.
