

EXPERIMENTS !

Michigan is to have an experimental apiary managed under the auspices of the State Experiment Station. The Hon. R. L. Taylor, of Lapeer, is to be the apiarist. Probably no more competent man could have been secured. He is experienced, careful, methodical and conscientious. He will conduct a department in the Review headed, "Work in the Michigan Experimental Apiary," in which will be given monthly reports regarding the experiments being conducted. Work has already been commenced. Subscribe for the Review at once and keep track of the experiments from the beginning. The Review for balance of the year, and the 50 ct. book, "Advanced Bee Culture," for only 75 cts. Stamps taken. If not acquainted with the Review, send 10 cts. for three late but different issues.
