The "Stunner." It quickly and easily attached to the heads of Cattle, Hogs, etc., and retained there by Steel Springs; a smart blow given it instantaneously and painlessly deprives the animal of sensibility.

The "Stunner" is the only instrument that can be attached to the head of Stock for slaughtering purposes. It enables the FARMER and PIC-KEEPER to kill his own Cattle and Hogs humanely, safely speedily and quietly.

Humanitarians should use and advocate the use of the "Stunner."

NEVER SAY DIE THOUGH YOU COUGH TILL YOUR HEART ACHES

Here are a few extracts from letters of persons who were CURED, and now offer for their friends:

"I fear cousin is in a decline, and as thy medicine cured my only brother of a Memorial of the lungs about a year ago, I wish cousin to take them. Thy true friend,

HANNAH MICKLE, Near Woodbury, N. J.

J. V. HULL, Lawrenceburg, Anderson Co., Ky.

A HOME DRUGGIST TESTIFIES.

Popularity at home is not always the test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:

RHEUMATISM. "Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public."

E. F. HARRIS, Silver St., Buckland, Mass., May 13, 1882.

SALT RHEUM. GEORGE ANDREW, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1883.

Dr. J. C. Ayer & Co., Lowell, Mass.

ROBINSON'S PHOSPHORIZED EMULSION is particularly adapted to DELICATE FEMALES, in those low states of the system that manifest themselves in so many of the ailments peculiar to their sex. Always ask for ROBINSON'S PHOSPHORIZED EMULSION, and be sure you get it.

Scientific and Useful.

CHIRAP FRUIT CAKE. —One cup of butter, one-half cup of molasses, two eggs, one cup of sugar, three cups of flour, one tablespoonful each of cloves and cinnamon, a little nutmeg, one teaspoonful of soda and fruit to taste. This recipe makes two loaves.

A DISINFECTING MIXTURE. —Make a solution of one and one-half parts of nitric acid in thirty parts of water; mix with it ten parts of oil of rosemary, two and one-half parts of oil of thyme and two and one-half parts of oil of lavender. Bottle the mixture and before using shake thoroughly.

MALARIA is the action of disease germs in bad air, poor drainage, swampy regions, etc., upon the system, producingills, fever, neuralgia, and many dangerous diseases. Burdock Blood Bitters regulates the bowels, liver and blood, and wards off and cures Malaria.

GRAPE MARSHMALLOW—AMBER COLOUR. —Separate the skins and pulp of the grapes and cook the pulps until the seeds separate, strain it, and to four quarts of pulp add two quarts of sour apples, measured after cooking, the grated rind of three good lemons and nine pounds of sugar; let it get hot before the sugar is put in, and cook for half-an-hour after it begins to boil.

A rich, dark chestnut brown is the right colour for roasted coffee. The beans should first be looked over and any stones removed, then placed in a dripping-pan in a moderately hot oven, and stirred often. When done the white of an egg may be beaten light and stirred thoroughly through them and dried. The coffee will need no other clearing, if a little cold water is added to it before the boiling water.

CAUTION. —Beware of any man who offers you an imitation article, no matter what it is, and says it is "just as good as the genuine"; they sell all kinds of "Imitations" in this way upon the reputation of the Pain Killer—be sure and get the genuine made by Perry Davis.

OYSTER KETCHUP. —To make this, select eighteen or twenty large, fresh oysters; drain off the liquor and pound them in a mortar; then put them in a stew-pan together with their liquor, adding a tumblerful of sherry, four ounces of anchovies, the rind of half a lemon pared very thin, half a saltspoonful of pounded mace and half-a-dozen peppercorns. Place the pan on the fire and let the contents simmer gently for half-an-hour, then remove it, and when cold, bottle for use.

A STARTLING TRUTH! —Thousands die annually from neglected coughs and colds, which soon ripen into consumption, or other equally fatal diseases of the lungs; which by the timely use of a single bottle of Dr. WISTER'S Balsam of Wild Cherry their lives might have been preserved to a green old age.

APPLE MERINGUE. —Prepare six large tart apples for sauce. While hot put in a piece of butter the size of an egg. When cold, add a cup of fine cracker crumbs, the yolks of three eggs well beaten, a cup of sweet milk or cream, a little salt, nutmeg and sugar to taste. Bake in a large plate, with an undercrust of rich paste and a rim of puff paste. When done, take the whites of the eggs, half a teacup of white sugar and a few drops of essence of lemon; beat to a stiff froth, pour over and put back into the oven to brown lightly.

ISAAC R. DORAN, M.D., of Logan Co., Ohio, says: "ALLEN'S LUNG BALSAM not only cures rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it, and knowing that it possesses valuable medical properties, I freely use it in my daily practice and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known."

ROAST GOOSE. —A young goose, not more than four months old, is nice cooked in this way: After dressing and singeing it carefully, sprinkle pepper and salt and a little sage in the inside; put a lump of butter in also, to moisten it, then put it into a pan and then into the oven; baste it frequently with water in which you have put some butter and pepper and salt and a little bacon fat. Serve with nice brown gravy and with gooseberry jam or apple butter. Cover the platter with thin slices of buttered toast moistened with the drippings in the pan, then lay the goose upon it.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES.

Dr. S. W. COHEN, of Waco, Texas, says: "I have used your Emulsion in Infantile wasting, with good results. It not only restores wasted tissue, but gives strength, and I heartily recommend it for diseases attended by atrophy."

One Experience of Many.

Having experienced a great deal of "Trouble!" from indigestion, so much so that I came near losing my life!

My trouble always came after eating any food—

However light
And digestible,

For two or three hours at a time I had to go through the most Excruciating pains,

"And the only way I ever got

"Relief!"

Was by throwing up all my stomach contained!! No one can conceive the pains that I had to go through, until

"At last!"

I was taken! "So that for three weeks lay in bed and Could eat nothing!!!

My sufferings were so that I called two doctors to give me something that would stop the pain.

Their efforts were no good to me.

At last I heard a good deal

"About your Hop Bitters!

And determined to try them."

Got a bottle—in four hours I took the contents of

One!!!

Next day I was out of bed, and have not seen a

"Sick!"

Hour, from the same cause, since. I have recommended it to hundreds of others. You have no such "Advocate as I am."

GEO. KENDALL, Allston, Boston, Mass.

CATARRH:

A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street, west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.
