MEMBERS

OF THE

Canadian Sanitary Association.

As the Secretary is frequently asked, who are persons who have become members of this Association? we publish the names of a few for the convenience of reference, but cannot afford space for all. The list is rapidly increasing, and with every prospect of there being from four to five hundred members in Montreal alone. When the whole Dominion is canvassed, it will probably become the most numerous association of members organized for a good purpose in Canada, and will take its place among other honored Associations of the World.

The Hon. H. G. Joly, who has at this moment forwarded his subscription to become a member, says: "You have my best wishes for your success in your useful and great undertaking."

PRESIDENT:

JOHN SWEETLAND, M. D., Sheriff of Ottawa.
