

HOSPICE ST. JOSEPH.
Montreal, Aug. 5th, 1871.

MR. J. D. LAWLER:

SIR.—On former occasions our Sisters gave their testimonials in favour of the Wheeler & Wilson Sewing Machine; but having recently tested the working qualities of the "Family Singer" manufactured by you, we feel justified in stating that yours is superior for both family and manufacturing purposes.

SEUR GAUTHIER.

VILLA MARIA,
Montreal, Sept. 7th, 1871.

MR. J. D. LAWLER:

SIR.—Having thoroughly tested the qualities of the "Family Singer" Sewing Machine manufactured by you, we beg to inform you that it is, in our estimation, superior to either the Wheeler & Wilson or any other Sewing Machine we have ever tried, for the use of families and manufacturers.

Respectfully,

THE DIRECTRESS OF VILLA MARIA.

HOTEL DIEU DE ST. HYACINTHE,
11th September, 1871.

MR. J. D. LAWLER, Montreal:

SIR.—Among the different Sewing Machines in use in this Institution, we have a "Singer Family" of your manufacture, which we recommend with pleasure as superior for family use to any of the others, and perfectly satisfactory in every respect.

THE SISTERS OF CHARITY
OF L'HOTEL DIEU, ST. HYACINTHE.

ORIGINAL.

Said Annie to Jean, "I must have a gold ring!"
Said Jean, "I would prefer some other thing."
Oh, dear! everything's so pretty; such goods I adore.
We will each have a work-box in Harper's new Dollar Store."

How time passes by! Still new goods come on.
Oh, ye Allan Steamers, how fast you do run!
As strangers and citizens view the block-er,
I solicit your call at my new Dollar Store.

Come, rush on, you Public, we won't keep you long.
To the Cathedral Block the central throng;
If you purchased ten times you will still wish for more,
For every one's rushing for Harper's new Dollar Store.

NOTICE TO CONTRACTORS.

SEALED TENDERS addressed to the undersigned, endorsed "Tenders, Welland Canal," will be received at this Office until Noon of Wednesday, the 25th day of October next, for the execution of the following mentioned works on the

WELLAND CANAL:

1st.—Construction of a Mooring Wharf and Deepening the Harbour of Port Dalhousie.
2nd.—Lightening the East Bank of the "Deep Cut" between Allanburgh and Port Robinson.
3rd.—Deepening and Enlarging the Harbour at Port Colborne.

Plans and Specifications can be seen at this Office, and at the Welland Canal Office, St. Catharines, (where Forms of Tender may also be obtained) on and after Tuesday, the 10th day of October next.

The signatures of two solvent persons, residents of the Dominion, willing to become surety for the due fulfilment of the contract, must be attached to each Tender.

The Department does not, however, bind itself to accept the lowest or any Tender.

By order,

F. BRAUN,

Secretary.

THE DOMINION TELEGRAPH INSTITUTE.

88 ST. JAMES STREET, MONTREAL, P.Q.

GEORGE E. DESBARATS.

Proprietor.

Established for the purpose of qualifying Operators for the new Telegraph Lines now building throughout the Dominion and the United States.

This Institution having been established three years, may now be considered a permanent College.

Its rapid growth and prosperity are due to the demands of the Telegraph community, and the great success which has attended the Proprietor is due simply to the able manner in which the system has been conveyed to the Pupils by the Professors attached to the Institute.

The rapid development and usefulness of the Electric Telegraph, and the consequent ever-increasing demand for First-Class Operators renders the opening of Colleges for instruction a positive necessity.

Telegraphic Superintendents view this movement as one made in the right direction. Commercial Colleges have, to some extent, assumed the responsibility of teaching in this, as well as in other branches of business education. The knowledge of Telegraphy gained in this manner has always been looked upon as being second rate.

So much so that the Colleges in Chicago, Milwaukee, Buffalo, New York, &c., have discontinued the practice of Teaching, and recommended the Telegraph Institute as the proper place to acquire this highly interesting, scientific and profitable art.

The prospects for Young Men and Ladies to study the system of Telegraphy could not be better than at present, and we call upon all who wish to engage in a pleasant and lucrative employment to qualify themselves as Operators on the Lines of Telegraphy.

Graduates on leaving the Institute are presented with a diploma of proficiency, which will enable them to act immediately as vacancies occur throughout the Dominion of Canada and the United States. At first salaries of \$20 a month may be secured; after two years' experience on the lines, from \$30 to \$50 a month can be commanded; while in the United States from \$100 to \$120 per month are paid.

The possession of a knowledge of Telegraphy is especially open to Ladies; in fact, they are the favorite as operators both in England and America, commanding higher wages, as compared with other employments, than men, while they have the natural facility of acquiring the system sooner. A fair knowledge of reading and writing are the only qualifications necessary, and any person of ordinary ability can become a competent operator.

This has been proved by graduates who, with a very slight education and no idea of the *modus operandi* of Telegraphy on entering, have become good operators in a few months. Students have also an opportunity of learning rapid writing. Some of our students who could but hardly write their names now take down a message at the rate of from 25 to 30 words a minute.

THE DUTIES OF AN OPERATOR.

There is no trade or profession which requires so small an amount of labour, and at the same time where the employee has the same amount of freedom and independence, being at all times master of the instrument over which he presides, generally in an office by themselves, without either foreman or master, merely to take and despatch messages. The usual hours of attendance required is from 10 to 12 hours per day, less the usual hours for meals. Operators are not required to work on Sundays. The Institute is fitted up in a most complete and practical manner, with all the usual fixtures, &c., of a regular Telegraph office on a large scale. Messages of every description, Train news, arrivals and departures, Market Reports and Cable messages are sent and received, as daily practised on the lines. Individual instruction is given to each pupil, according to capacity of learning the science. Neither pains nor expense are spared to qualify the students for important offices, in the shortest possible time. Students may commence their studies at any time, and continue at the College until they are proficient operators, without any further charge. There are no vacations.

Hours of attendance, from 9 A.M. to noon, and from 1:30 to 6 P.M. The time occupied in learning averages fifteen weeks; but this, of course, depends principally on the capacity of the pupil for instruction. Some pupils who are now on the lines completed their course of study in from five to eight weeks.

The terms for the full course of instruction is Thirty Dollars. There are no extra expenses, as all necessary materials, instruments, &c., are furnished to each student.

A line has been constructed on which students of this Institute will have actual practice, when sufficiently advanced. In case of a broken communication, the repairs will be conducted by a Professor of Telegraphy, under the eyes of the students; so that a really practical knowledge may be attained in every branch of the Science of Telegraphic Communication.

GEORGE E. DESBARATS, Proprietor.
