## SUBSTITUTES!

\* The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this; When asked for bottle of Pnin-Killer, they suddenly discover that they are "sold out." "but have another article just as good, if not better," which they will sumply at the some price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the Pain-Killer; and being compounded of the vilest and cheapest drugs, are bought by the dealer at about half what he pays for the genuine Pain-Killer, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the
