The cheapest Insurance Company in this city is undoubtedly, THE MUTUAL INSURANCE COMPANY. The rates of insurance are generally half as much as those of other Companies with all desirable security to parties insured. The sole object of this Company is to bring down the cost of insurance on properties to the lowest rate possible for the whole interest of the community. The citizens should therefore encourage liberally this flourishing Company.

VEGETABLE MEDICINES.

By a species of instinctive feeling, the people of nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients. And yet, if the question was asked why they objected to this class of medicines, we presume few could give an intelligent answer. Nevertheless, the aversion is well founded.

All mineral substances, when taken into the stomach, are cumulative in their nature—that is to say, they remain either partly or wholly in the system and accumulate with each additional dose, until in many cases the result is death. For example, arsenic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, vulgarly speaking "long wind." But although it is thus beneficial for a time, the ultimate result is always death.

It therefore becomes evident that the popular dislike to mineral medicines is well founded, and it is doubtless in a great measure to the entire absence of any mineral substance that the wonderful success of

BRISTOL'S SARSAPARILLA

in this country is to be ascribed. It is prepared from the best quality of the Sarsaparilla Root, with which are combined other cleansing, purifying, and healing roots, barks, leaves, and balsamic gums—the whole, without doubt, making the best de purative and most valuable medicine known to the faculty. The preparation of this great remedy is carried on under the personal supervision of the most scientific chemists and pharmacologists, and none but the choicest ingredients are ever allowed to enter into its composition. The result is, that its action is always uniform and reliable. Its effects upon the

BLOOD AND HUMORS

is to purge and purify them of every atom of disease, and to instill into the general system a degree of vigorous, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or syphilitic nature, all ulcerous diseases, Salt Rheum, Carbuncles, Boils, Blisters, or Pimples are

SPECEDLY REALED

and removed, and a new elasticity and vigor given to the body that is indeed most agreeable.

In every case when there is reason to suspect the blood and humors of being impure or vitiated from whatever cause, Bristol's Vegetable Sugar-coated Pills should be used in conjunction with the Sarsaparilla, as they carry off the depraved matter, and a complete cure more speedily ensues.
