quiet, and there are indications of a dull spring amongst the farmers. We hear of tanneries in Port Perry and in Whitby, and also of one in Kingston which have to shut down. Hardware merchants are not busy, although small dribbling orders come in from the country. In groceries we hear of a weakening in prices of sugar.

Payments in all lines are complained of as being behind hand for March. Something of this may be attributable to the weather and the roads, and some of it perhaps to the circumstance that an unusual push was made to remit for 1 st. to 4th. inst. which has left retailers "short" ever since.

Boots and Shoes.—There is a moderate and steady movement. Wholesalers have been taking their time to fill orders, and hence there is now some pressure from country dealers to hurry up their goods; a retail demand being apparently set in, which indicates that people have worn their old shoes as long as was possible, and, now must have new ones. Crders are given only for actual wants, stocks are not heavy in the country indeed they are often low Payments are backward, which is not unexpected in this line of trade during. March

ed in this line of trade during March.

CATTLE.—Beeves.—Until Tuesday last, when some 13 cars came in, there had been a remarkable scarcity of good beeves; first class are not yet plentiful but there have been a fair number offered and taken at \$5.00 or even \$5.25. Seconds bring \$4.00, and thirds, of which very few offer, say, \$3.25. There is a fair demand for all offering of whatever grade. Sheep are not numerous in market, and good are now about one price with good lambs, viz.: \$5.00 to 5.50 live weight. Few other grades offer. Calves sell from \$6.00 to 10.00, as the season comes nearer they have been coming in more plentifully. They are selling wholesale at 8c dressed weight. Dressed Hogs are not active, quotations vary from \$6.00 to 6.50, \$7.00 has been paid, we believe, for choice. We see by the Guelph Herald that the receipts of hogs and cattle in that market, for January this year, showed an increase over same month in 1876, while for February they showed relatively a decrease.

FUEL.—Coal—Trade has been very brisk in this line during the past two weeks, and should the present cold weather continue for a short time it will reduce the somewhat heavy stocks held in this city. Prices remain unchanged, viz., stove \$6.00, chestnut \$5.75, egg \$5.50, Mount Morris and Brier Hill (for grate use) \$6. All the above prices can be shaded considerably by cash buyers. Wood—The large quantities daily arriving by car have weakened the prices. Small lots can be bought at \$5.50; lots of five cords and over can be had at \$5.00 delivered.

FLOUR AND MEAL.—Flur—No. of barrels in store 8,755, against 7,940 last week, and 21,094 brls. last year, same date. The market is steady with a moderate demand, and the feeling somewhat firmer than last week. There have been sales of superior extra at \$6.35, and holders are now asking 6.40. Fancy we quote \$6.15 to 6.20 with sales at the inside figure. Spring extra is moving in fair parcels at \$5.90 to 6.00, and there have been sales at both these figures. Superine is lower, and now quoted at \$5.17\frac{1}{2}\$ to 5.20. The receipts of flour at seaboard ports (Montreal and six U. S. cities) for the week ending 10th inst., were 117,633 brls. against 132,354 the previous week, and 144,698 the corresponding week of 1876.

GRAIN.—Wheat.—Stocks in store on 19th. inst., Fall 73,553 bush., against 76,863 bush., last week, and 334,950 on like date last year. Spring 168,865 bush., against 160,710 bushels last week, and 512,066 bush., last year. There is nothing doing in fall. no sales of No. 2 for the week, and with the exception of one car load there is no No. 1 in the market, prices are therefore nominal as quoted. In Spring there is a fair demand for milling, prices steady at \$1.38 to 1.39 for No. 1 and \$1.36 to 1.37 for
