Educated Men and Life Insurance

Educated men should not and do not in most instances require to be told that men who abstain from the use of intoxicants are better risks and live longer than non-abstainers. They know too that careful selection of risks, economy in management and judicious investment of funds is what is necessary to make a company a great success.

These features characterize The Temperance and General Life Assurance Company, and commend it to the confidence of all intending insurers. No other Company in America has got such a body of total abstainers classed by themselves
