Under the act of congress a man's work must be regarded as ratifying President Wilson's seizure a man's work must be regarded as being as important in the execution of any performance as man's owner-ship. Divisional profits, Lord Robert says, is but one stage. If the worker is to be part owner he must have a share, not only in the profits, but in is to be part owner he must have a share, not only in the profits, but in the property and management. The capitalist is entitled to his share, and to deny it would land us in Bol-shevism; but the capitalist must be prepared to choose between accepting his share in profits, in property, in management, and seeing Bolshevism

This means that none of the old fixed by congress has arrived. It would not be surprising to find be of the slightest avail in the new condition of things. And it means that refure to explain the next presidential election. The Democrats under Presidential election. The Democrats under Presidential election.
