TALKED OVER QUIETLY
WILL ASK TO HAVE IT LAWPurchase of Park Property Shows
Interesting Phase—Matters
at the City Hall.

The clause in the city's bill empowering the city to purchase park lands outside the city is a surprise to some aldermen, for it has not been submitted to the council for approval, though it will give the city power to set aside a mill on the dollar to be used for the purpose of purchasing park property in or near the city. The solicitor acted under instructions from the board of control in secret session, and the legislation sought is to enable the city to purchase park lands in the city and in the suburbs. The city is feeling that the west end and far west end are better than the east in favor of the city.

The improvements for which Mr. Chisholm asks power to issue debentures without going to the people will cost \$250,000, for the various schemes.

The Ontario Grand Lodge of the board of control to be present at the opening of the city hall on Monday, March 12th, at 10 o'clock.

A public meeting will be held in the city next Friday evening.

The horse show representatives asked the board for the customary grant of \$750, which was consented to by the controllers.

A deputation from St. Lawrence Market will wait upon the board of control Thursday morning to discuss the entrance of radial railways.

Have Seen the Midway.

The Toronto Ministerial Association is not after the midway shows, which they consider are a part of the city's life, and yesterday they expressed their views to the Exhibition Association.

When a site is selected the Grand Trunk Railway will erect a building at a cost of \$50,000.

A deputation of newspaper men, with aldermen and officials of the Exhibition Association, visited the city hall grounds yesterday and chose the position they had protested against, as a site for the new press building.

Judging With It.

The subject of instituting the office of a commissioner of industries was before the board of control yesterday in the legislation committee's report, but the board sticks to the idea that it should be made a part of the assessment department, and thus it will go on to council.

South Parkside crossings were inspected yesterday by the sub-committee of the council appointed for the purpose. They will report on Monday.

Building Permits.

The property commission recommends the issuance of the following building permits:

G. H. Nelson, a stable at the corner of Gladstone-avenue and Bloor-street.

J. R. Wood, 862 Bathurst-street, barber shop.

J. A. Barker, provision store, 183 Augusta-avenue.

D. Carland, butcher shop, corner Agnes and Elizabeth-streets.

MAID LOSES HER CASE
AGAINST CHIEF OF POLICE

Woodstock, March 9.—The jury in the case against Chief Zeitz, brought by Miss Mabel Tichner for damages for false imprisonment, returned a verdict in favor of Zeitz. The action arose out of the robbery of jewelry from the residence of John White on Nov. 27. Miss Tichner, who was a maid in White's employ, was placed in the police cells for two to three hours when she was released by order of the crown attorney, who had ordered her to be placed there. The chief was acting mainly on his own authority. Justice Tietzel charged the defendant. The action against White on the same charge was dismissed.

THEFTS FROM G. T. R.

Waukegan, March 9.—Sergeant Nash of the Windsor police force and Detective Tarnsey of the Pere Marquette Railway have seized over a ton of brass wire and journals here stolen from railways, the journals still bearing the Grand Trunk stamp.

The Grand Trunk and Pere Marquette will make a determined effort to run down the guilty parties. It is intimated that a Toronto man is suspected of being the ring-leader.

Purpose of Mr. Elber's Bill—Hon. Mr. Hanna Introduces Toronto Hospital Bill.

Friday's session of the legislature was brief, the benches being pretty well

thinned out and ex-Premier Ross declining not to go on with the estimates.

Hon. Mr. Hanna introduced a bill to amend the Toronto General Hospital Act, providing for a board of trustees instead of five, to be appointed by the government, five by the university, five by the city, and five by subscribers.

A clause in the bill provides as follows: Should the trustees under the power of this act appropriate the block of land south of College-street, west of Elizabeth-street, north of Bayview-street, and east of Avenue Road, then the portions of Avenue Road, Avenue Lane, Centre and Christopher-street, lying within said block, shall be closed, and there shall be a Cold Bath and Athletic Muscles.

Mr. Hanna remarked that it was desired to get the second and third readings as soon as possible. Those interested in the hospital bill should appear to be good reasons.

A change in the election act is sought in a bill by Mr. Duff, whereby the return of the poll would be barred from acting as returning officers unless given authority by the lieutenant-governor-in-council.

Mr. Pratt introduced a bill to amend the Toronto General Hospital Act, providing for a board of trustees instead of five, to be appointed by the government, five by the university, five by the city, and five by subscribers.
