ROWING CLUBS ELECT OFFICERS.

A. L. Eastmure New President of Argonauts, Who Had Reports of Successful Season.

The 35th annual meeting of the Argonaut Rowing Club was held in their King-street quarters last night.

Hon. Sec. H. L. Hoyles read a very lengthy report, reviewing the work for the past season in the different branches of sport and their trip to Henley and to Worcester. The unsportsmanlike action of the National Association at Worcester, when the Argonauts were called out of the race on account of a foul claim no fault of theirs, was also commented upon.

The Argonauts, in conjunction with the Queen's Own Rifles, are running a production of Gilbert & Sullivan's "Pirates of Penzance," under the direction of E. W. Gentch at Massey Hall, April 18, 19 and 20, and Saturday matinee.

The secretary was instructed to write W. A. Hewitt, manager of the Rugby team, who has been very ill, thanking him for his services and hoping for his speedy recovery.

J. A. Paquenat of Halifax, who was very courteous to the Henley crew on their way over, and who entertained them in England, was voted a life member. This is the eighth life member. The club showed a cash balance on hand of $270.12. The following officers were elected:

Hon. president—Robert McKay, sr.

Turner and Thomas Upton, committee of management.

The retirement of Thomas W. Lester from the position of hon. secretary of the club will come as a surprise to many yachtsmen. Mr. Lester felt that the honor should be passed around.

COLLAPSIBLE 8-OARED SHELL

Clasper's New Creation Tried on the Thames—A Description.

London, March 8.—The unusual sight of a varsity eight racing with a crew of boat builders in working clothes was witnessed on the Thames at Putney yesterday morning. Clasper, a noted boat builder, has just completed an eight-oared boat for the Cercle des Regattes of Brussels, and wished to give her a trial. Accordingly she was manned by his workmen for a spin with the Cambridge crew.

The new boat can be taken to pieces and is screwed together in two places. When packed for traveling she is but 22 feet in length. She is fitted with swivel rowlocks and has seats sliding 26 inches in American fashion, the English being 16 inches.

Cambridge struck off at 40 strokes to the minute, but the boat builders took a length and a half start and easily maintained their advantage for about half a mile, when both crews stopped. The good display of the workmen in rather a strong argument in favor of the American system of swivel rowlocks and long slides.

In the afternoon Cambridge rowed the full course in 19 minutes 54 seconds. They appeared thoroly exhausted, but are to be congratulated on their grand exhibition, as the wind for part of the journey was unfavorable. Oxford practised starts and showed capital form, moving with great life and power.

A meeting of the Quebec Rugby Football Union was held in Montreal on Thursday, when it was decided that, altho the C. A. A. U. had refused to accept the Q. R. F. U.'s definition of an amateur, the delegate to the C. A. A. U. should be left a free hand to decide whether he should attend the annual meeting of the C. A. A. U. in Toronto on Saturday.

The tipping system in vogue in England disgusted Battling Nelson. The mercenary spirit of the Britishers made the Battler madder than a tantalized bull. He is in favor of a movement to abolish it.

"It cost a big bank roll for tips every day at the Hotel Cecil," says Nelson. "When I left I was forced to tip everybody in the hotel. I had hardly got settled in the cushions of a carriage, which was to take me to the wharf, when another blooming Britisher stuck his head thru the window of the rig and said:

"'You ain't going to forget me, are you, sir?'

"'What the —— did you do?' I asked.

"'Why,' he replied, 'I seen you get into your carriage.'"

STILL PLAYING BALL INDOORS

G. Co., 48th, Beat C. Co., Q.O.R., One Run in Exciting Game at Armories

The most exciting game of the season was played last night between G Co., 48th, and C Co., Q.O.R., and resulted in a win for the Highlanders by the close score of 13—12. G Company started off well, scoring 2 runs in the second innings, after two men were out. In the third C Co. scored 5 runs to G Co. 1. Excitement was at fever heat when C scored two more in the fourth, making the score 7—3. In the fifth and sixth G Co. got working and, helped by a few errors, scored seven runs. C Company scored 3 in the seventh and eighth, while G Co. added three more in their last two innings. With the score 13—10 against them, G Co. went in to bat and drove in two more, making it 13—12, with two men out and two on bases. Black pulled down a drive that Simon banged at him. This retired the side, giving the game to G Company by one run. Score by innings:

	R.	H.	E.
G Co.	0 2 1 0 2 5 0 2 1	13	10	4
C Co	0 0 5 2 0 0 1 2 2	12	15	5

Batteries—G Co., Jones and Thorne; C Co., Cook and Simon. Umpires—Wise and O'Brien.

—Second Game—

The second game brought H Co., 48th, and G Co., R.G., together. The Greus being without a battery, Young and Minton of the Q.O.R. were pressed into service, and succeeded in holding the heavy hitting H Co. down to two hits and three runs, while the best G Co. could do was to get two runs, the game ending in the sixth innings, the score being 3—2 in favor of H Co. The battery work of Young and Minton was mainly responsible for the small score, Young having 7 strike-outs and Murton got six difficult foul tips. Adams pitched his usual good game, being well supported by the rest of the team: Score:

	R.	H.	E.
H. Co	0 1 1 1 0 6—	3	2	1
G Co.	0 1 0 0 1 0—	2	2	2

Batteries—For H Co., Adams and Adams; for G Co., Young and Murton.

H Co. have gone thru the league season without a defeat and thus retain possession of the Currie Cup for another year. Each member of the team will also receive a medal, or small cup.

The winners of the runners-up cup cannot be decided as C Co. has entered a protest on last night's game, owing to several questionable decisions by the umpires, which had a direct bearing on the result of the game. This matter will be dealt with on Monday night, when the representatives of both teams are requested to be on hand.

To-night's games: At 8 o'clock, North End Club v. G.G.B.C; 9.30, H Co. v. Naticals of Hamilton.

Fined for Mike Ward's Death.

Grand Rapids, Mich., March 8.—Judge Stuart of the superior court yesterday afternoon fined Harry Lewis of Philadelphia, prize fighter, $1000 for engaging in a prize fight, and Jacob Besterman, father of Lewis, $1000, and Frank O'Brien, Lewis' trainer, $200, for aiding and abetting a prize fight.

Except the pending case of Referee Eddie Ryan of Detroit, these fines close all actions growing out of the fight here between Harry Lewis and Mike Ward of Sarnia, Ont., Nov. 15, which resulted in the death of Ward.

Lewis was arrested for murder, but later was admitted to bail on a charge of manslaughter, and the manslaughter charge was finally nolle prossed at the request of the prosecuting attorney.

Two More C.L.A. Nominations.

Yesterday Secretary Hall of the C.L.A. received the nominations of Blaney McGuire of Orangeville and J. K. Forsythe of Toronto for the council.

Blaney was in the city yesterday hunting up votes. In all probability he will be opposed by either Kit Irvine of Brampton or J. McEachern of the Junction.

A KILOWATT-HOUR.

Electric World: The electrical engineer of the municipal lighting plant of Loughborough, England, has recently published a little list showing the inhabitants what a kilowatt hour of electricity will do for them. It is a good way of selling electricity, says The Electric World, and of bringing home to the public mind the versatility and wide range of application of electrical energy. Our readers can develop such an idea or table for themselves. Some of the performances are a little vague, but the list as a whole is quite striking and ingenious:

Saw 300 feet of timber (deal).
Clean 5000 knives.
Keep your feet warm for five hours.
Clean seventy-five pairs of boots.
Clip five horses.
Warm your curling tongs every day in the year for 3 minutes and twice on Sundays.
Warm your shaving water every morning for a month.
Give you 1250 impressions on a Bremner royal printing machine.
Run a mechanical sieve for 2 hours.
Run an electric clock for ten years.
Iron thirty silk hats.
Light 3000 cigars.
Knead eight sacks of flour into dough.
Fill and cork 250 dozen pint bottles.
Supply all the air required by an ordinary church organ for one service.
Pump 100 gallons of water, or other liquid, to a height of 25 feet.
Run a plate-polishing machine for 21 hours.
Run an electric piano for 10 hours.
Lift three and one-half tons 75 feet in 4 minutes.
Give you three Turkish light baths.
Keep four domestic irons in use for an hour.
Keep you warm in bed for 32 hours.
Warm all the beds in the house, by a warming pan, for a fortnight.
Give you a fire in your bedroom for an hour while you are dressing or undressing.
Boil nine kettles, each holding 2 pints of water.
Cook fifteen chops in 15 minutes.
Run a smal ventilating fan for 21 hours.
Run a large ventilating fan for 6 hours.
Keep your breakfast warm for five hours.
Run a sewing machine for 21 hours.

Carry you three miles in an electric brougham.

WRESTLING TOURNAMENT.

Results of Last Night's Work at Central Y. M. C. A.

The second night in the Central Y. M. C. A. wrestling tournament was pulled off last night before a good-sized audience. All the boys did good work, and by the form shown last night Instructor William Dunn has a good bunch of pupils. Results:

135 lbs.—Crawford won from Baker in 9 minutes and 10 seconds. Both men were fast, and the work was clean. The pace was terrific until the fall was secured.

158 lbs.—Dixon and Smythe went the limit, Dixon getting the decision. Both men did good work, but Dixon showed the experience of a veteran and was able to keep his opponent defending himself continually.

125 lbs.—Samuels and Walsh went within 50 seconds of the time, Walsh always the aggressor, but here he seemed to be all in, and Samuels quickly secured a half-Nelson and crouch hold and Walsh had both shoulders on the mat.

115 lbs.—Armour was heavier than Duggan and secured a fall in 4 minutes and 30 seconds.

145 lbs.—Crawford having won the 135-lb. class, tried conclusions with Reeds in the 145, but the latter's strength and weight were too much and Reeds put his opponent down in 4 minutes 15 seconds.

Heavy—Collins was fresh and 14 pounds heavier than Smythe, who had previously lost to Dixon in the 158-lb. class, but for all that handicap, Smythe made Collins go the time limit to get the decision.

SUNDAY IN CANADA.

New York Times: Of Canada's right to keep Sunday exactly as it chooses there is no doubt at all, and not much about its right also to make the day one of complete rest—and tedium—to such foreigners as venture into the territory ruled by that not recently mentioned but probably still existent Lady of the Snows. Nevertheless, Canada's new Sunday law doth have a most ancient and archaic odor, and one cannot help wondering if it represents Canadian opinion to any greater degree than did our own passage of a law abolishing the army canteen.

Everybody who has ever been in Canada knows that people who boil vegetables for two hours, and eat pie for breakfast, are in keeping, and especially in making others keep, Sunday with Scottish rigor are not rare there. People of that sort have somehow managed to survive in Canada in much greater numbers than in New England, for instance, where they were once the whole population. We question, however, if they are anything like a majority, and can only explain their success in bringing about this legislation on the theory that they have terrorized the Canadian politicians exactly as our prohibition ladies terrorized our congressmen. The Province of Quebec, being equally conservative in another way, has stuck to its own notions, and the result is that there the continental Sunday will be found with moss-grown Puritanism all around it.

Oh, well, Canada is a great country, and its people are a fine people. They are good neighbors now, and they will be better neighbors when in name as well as in fact they decide to become a self-governing nation.
