LONDON, July 26.—Mark Lane Miller
Market—Wheat—Foreign firm, with a fair
business; English firm. Corn—American
weak, with a poor business; Danubian
weak, Flour—American and English
output for the break to-day. Can
see nothing in the situation to warrant
modifying our bearish views. Unless
northwest crop conditions show a very
material change or something develops material change or something develop

Ennis & Stoppani wired to J. L. Mitchell at the close:
Wheat has ruled weak, with prices avewheat at the Cole weak, with prices avemovement is retarded principally on account of wet weather. Considerable
stacking of wheat by farmers is reported.
The quality of soft winter wheat has
been lowered by the rains. A large percentage is tough, and a great deal smutty; quality of hard winter wheat is excellent.

B. W. Snow sends following from WinB. W. Snow sends following from Winmarket perceptibly. Foreign news, which B. W. Snow sends following from Winnieg: Manitoba and South Saskatche wan wheat very poor; too dry all spring; many fields being plowed up for summer fallow. Central Saskatchewan and Alberta crop good, but full two weeks late. Heads just showing on earliest. Frost before September will catch it all. Northwest Canada will not yield 65,000,000 bushels at best. Oats bad in Manitoba and fair but late west.

B. W. Snow sends following from Winnieg easily supplied without steadying the market perceptibly. Foreign news, which included price changes in European and continental markets, and advices as to the situation in Argentine, was pleasing to bearish traders, and domestic news was also a weakening factor, weather conditions being almost perfect in all sections, and reports from the northwest showing less apprehension regarding development of black rust, while attention was directed to the large local stock of showing less apprehension regarding development of black rust, while attention was directed to the large local stock of wheat: The market closed with practically no recovery, and only a moderate volume of business. Market factors are still subject to sudden changes, and we anticipate no definite trend for the pre-

Corn and oats ruled steady, altho prices were lower, the latter being influenced by better weather conditions, and some im-provement in the reports received.

Sugar Market. NEW YORK, July 26.—Sugar—Raw firm; fair refining, 3.37½c to 3.43½c; centrifugal, 96 test, 3.93½c; molasses sugar, 3.12½c to 3.18½c; refined steady.

Canadian Apples Wanted. OTTAWA, July 26.—J. B. Jackson, Canadian commercial agent in Leeds, England, reports that owing to the most unland, reports that owing to the most unseasonable weather experienced thruout Britain and the continent, there is every indication of a great shortage in the apple crop, and as a result importers will rely more than ever on shipments from Canada to meet the demands of their trade.

The prospects for the Canadian apple

33.15 to \$5.25; calves, \$3 to \$7.25; stockers and feeders, \$3 to \$5.

Hogs—Receipts, about 17,000; market 5c higher; good to prime, heavy, \$6.25 to \$6.35; medium to good, heavy, \$6.25 to \$6.25; butchers' weights, \$6.25 to \$6.45; good to prime, mixed, \$6.15 to \$6.30; light, mixed, \$6.25 to \$6.40; selected, \$6.40 to \$6.50; bulk of sales, \$6.15 to \$6.40.

The generation of non, a mail clerk; M. Emme, an instructor in the Imperial Lyceum, and three lawyers—Brussoff, Chiabroff and Zavadsky.

The man actually chosen to kill the emperor is named Klossovsky.

The plan of the conspirators was to have this individual make his way into fracks and \$4,85,000 and eliminating \$1,75 rade crossings. This work of the presence of the emperor while claded for the presence of the emperor while cl during the year gave employment, directly and indirectly, to about 50,000 Imperial Convoy.

The indictments detail the various Also a number of Second-hand Engines

penny.

It is interesting to note that, in this task of abolishing grade crossing death traps, a total of 24.91 miles of main tracks, and 202.83 miles of all tracks were elevated during the years 1905 and 1906, eliminating 177 grade crossings at a total environment of the habits and movements of the emperor, and show that espionage to this end was conducted in part thru the medium of milk maids who supplied the royal kitchens. The present week has been a quiet one in the wholesale fruit market, the deliveries at no time being heavy, the the prices for the most part have been exceedingly firm.

A few odd lots of strawberries were sold a lots of strawberries were sold tioned ordinances were passed calling yesterday at from 12c to 14c, but the season is now practically over.

Raspberries are very scarce, and the prices, 15c to 17c, almost prohibitive. Commission men report the supply of raspberries coming to the Toronto market as not more than half that of last year.

\$10,625,000. During the two years mentioned ordinances were passed calling for the elevation of a total of 33.24 miles of main tracks and 102.53 miles of all tracks, this work to cost \$9.560,000 and to do away with 156 grade precepts. If Organizer Roadhouse's precepts. If Organizer Roadhouse's precepts.

## ONLY HALF A CROP.

ever, the farmer will hardly surrer.

The real estate boom in Winnipeg, not quote wage against wage, so me misleads the crowd by making this vague reference. At Sudbury, the average wage is about \$2. Men in the Craighton open pit were lately receivant.

NEW YORK, July 26.—Bradstreet's to-morrow will say: High temperatures have stimulated crop developments as a whole, helped retail trade in light sumwhole, helped retail trade is light summer wear goods, and improved re-order business for the latter with jobbers, all these influences favoring some growth of the feeling that early poor starts in crops and trade have been largely made up for. There is about the usual midsummer quiet in future trade lines, but fall samples are prepared, low rate excursions begin next month, shipments of fall goods are increasing, and collections have improved at various markets. Industry exhibits a built in some lines, notably iron and steel in its cruder forms. ably iron and steel in its cruder forms. Building activity is less marked in the country as a whole, and real estate speculation has been curtailed.

NEW YORK, July 26.—The following are the weekly bank clearings as compiled by Bradstreet's for the week ending July 25, showing percentages of increase and decrease, as compared with the corresponding week of last year:

New York, \$1,480,729,000, decrease 4.5; Chicago, \$228,713,000, increase 10.8; Boston, \$149,076,000, decrease 1.3; Philadelphia, \$131,621,000, decrease 7.6; St. Louis, \$55,004,000, increase 5.7; Pittsburg, \$55,537,000, increase 5.7; Pittsburg, \$55,537,000, decrease 1.1.

Organizer Says So-Labor Asked to Stay Away From Camp.

OTTAWA, July 26.—(Special).-. "All workers and friends of organized labor are requested to stay away from and Royal Muskoka both \$5.85, Port bor are requested to stay away from Cockburn \$6.15, Rosseau \$6.35. These Cobalt until a satisfactory settlement rates include rail and steamer, of course, and are good returning until Nov. 30. Information regarding superior train service, rates at hotels and course and course at hotels are hotels are hotels are hotels are hotels and course at hotels are hotels

Bay, etc. "The statement that the strike is over is not correct," said Dougherty. "These mines have agreed to the union rate of wages and schedule hours: Temiscaming, Marrion, Temiscaming & Hudson Bay, Victoria, City of Cobalt, Erle, McKinley and Dar-ragh, Silver Bird, Abitibi, Badger, Silver Nugget and United Cobalt. "Very few men are working at the and soldier of fortune, and friend of following mines and our men will not Kossuth and Garibaldi, is dead, at his go back there until the rates they ask are paid: Timmins, Nipissing, Coniagas, Silver Queen, Trethewey, Jacobs

### Don't Go to the Island

In fact, don't go anywhere on a vacation without first providing for the safe-keeping of your jewels, papers and other valuables.

The risk is too great. People realize more and more that the small rental of a box in our Safety Vaults is but a trifle to pay for such thorough security -and it adds to the enjoyment of the vacation.

Always a pleasure to show you our vaults.

ABERNETHY, SASKAT- CHEWAN,

the continent is as certain as fate un-less the world comes to an end earlier

than is anticipated. "Any difference of opinion which has existed among sensible, unbiased people is not as to whether the canal will come, but how soon. Opposition in Toronto to a proposition of this kind would seem to need to be exceedingly well argued if Toronto is to escape the

This subject is one that is occupying a prominent place in the experiments of all progressive medical men. The success attained with electricity has even astonished some of its strongest advocates. Dr. Poore, writing upon the subject of electricity in one of his well-known works, says:—"No other single therapeutical agent is so generally useful or admits of so many and such varied applications—for some of which it stands alone and supreme." That owning is shared by those who have made a close study of the subject. The wonderful success of electricity in cases where drugs have utterly failed has forced belief in the efficacy of the latter almost to the vanishing point. "Electricity is the medicine of the future," writes another authority.

The following interesting article by Professor Edgar L. Larkin, discussing "The New Physiology." is illustrative of the trend of thought:—"The trend of science is toward electricity on all sides. Discoveries made hour by hour point to one grand conclusion—the substratum of nature is electricity. Life, force and mind are intimately related with it. All animals are merely electrical machines. A man, brain and body, is a battery, and nerves correspond to wires. It is now certain that transmission over them is electric. The human system is an electro-chemic battery, and the life principle is electricity. The electric age is here. Drugs are hard hit on all sides, and an intelligent physician tells me that he has almost entirely stopped their use. The word health now means an insufficiency of that power."

That electricity is a powerful curative agent is a fact too well known

of electricity in the body, and the word disease means an insumciency of that power."

That electricity is a powerful curative agent is a fact too well known to require further illustrative proofs. It is a positive cure for all Etemach Troubles, Rheumatism, Lumbago, Sciatica, Nervousness, Paralysis, Epilepsy, Kidney, Liver, Bladder and Bowel complaints, and all forms of weakness.

How many men and women are going through life mere pigmies of what they should be? They lack interest in everything—enjoy nothing. And why? Because they are weak, which means they lack electricity. Such persons can be made strong and robust, perfect specimens of health and vigor. The means is easy and ample. An electric current flowing into their nerve centres at night, while they sleep, and in the morning there is a transformation.

DR. McLAUGHLIN'S ELECTRIC BELT

has chied thousands, and is certain in every case undertaken. W. Lascelles-Scott, Esq.: one of the best-known scientific Electrical Experts in Great Britain, has this to say of it:—"I have in the course of my experiments with the Body Battery, which have now extended over several weeks, tested its power in various ways rather severely and am bound to admit that the results have been eminently satisfactory throughout, and, indeed, greatly beyond my initial expectations." indeed, greatly beyond my Klock, Ont.

Dr. McLaughlin,—

Dear Sir,—I now send you my statement in regard to my Belt. It has done wonders for me since using it. The pains are all gone. I have gained in weight, and eat and sleep well. I feel sure that in a short time I will be entirely cured. Wishing you continued success, I remain, with best EDWARD LAFLAIR.

NOT A CENT UNTIL CURE ). That is my offer. You take my latest improved appliance and use it in my way for three months, and if it does not cure, you need not pay me. My only condition is that you secure me so that I will get my money when you are cured.

FREE BOOK-Call and test my Belt free, or if you can't do that, send for my book about it, a so free. No charge for consultation. CALL TO-DAY. DE SEND THIS AD. THE
