The following despatch from New
stock market showed decidedly bet-
ter tone today from the start. There
less pressure to sell from the outside
fact that the market had been
sold by the bears was developed, when
made another combined attack against
them, and they were driven back.

The market opened 1/2 to 3/4 lower, on weak
demand, as there was no support either

New York, Nov. 10.—A sensation was
created this morning when the reading
public was informed through the morn-
ing newspapers that Mrs. Augustus Nack
had turned State's evidence, and in a
confession which she made through her
lawyer, Emanuel Friend, for the benefit
of the prosecution, she had fastened the
crime of a horrible murder and subse-
quent mutilation of the body of the vic-
tim on her lover, Martin Thorn.

Since the trial began on Monday last
in the Queen's County Court House, the
lawyers for the defence of Thorn have
worked hard and earnestly in his behalf,
and to everyone they said that they were
confident of establishing their client's in-
nocence.

At an early hour this morning the
Court House in Long Island City took
on an animated appearance. Dozens of
newspaper reporters fitted out and in-
vited to get some information from the
prosecutor's table, then she was directed
anyone who might hear a word from either
of the accused prisoners. All attempts
to gain admittance to the prison proved
futile, and as neither Sheriff Dohl nor
District Attorney Youngs was in the
neighborhood, there was no chance of
getting a permit to enter the jail.

Lawyer William T. Egan arrived at
the court house at 8:45. He was met
at the entrance by a representative of
the Associated Press. "Is it a fact, Mr.
Howe, that Mrs. Augustus Nack has
made a confession?" he was asked. "I
don't know," he replied, with a shake
of his massive frame. Then he contin-
ued: "I am a married man."

When Mrs. Nack came to my house
and told me that she had made a con-
fession, I was very much surprised. I

ON THE POLITICAL TIGHT ROPE.

SIGNOR HARDY: Ah! I like not zis, ze government is giving way.

THEIR EXCELLENCIES' VISIT. MAY FIGHT IN CENTRE TORONTO.

The Countess of Aberdeen Arrived Yesterday Morning - Visitors Book in Openings - The Countess of Aberdeen left the Governor-General at Government House yesterday, arriving from Montreal in company with Capt. Wilberforce, A.D.C., Capt. Wyatt, A.D.C., spent the morning with their Excellencies, arranging a portion of their program while in town.

By the way, judging from information which has leaked out from government sources, it seems that Mr. Lount never had any chance for a judgeship. He himself spoiled any prospect that might have developed along that line by his unpolitic remarks in the House. As soon as he first went to Ottawa, it is said he demanded a seat on the bench, and when Mr. Laurier refused him it is reported he threatened the Premier to resign his seat. Mr. Lount is now in London, and it is said he has come at last, and Mr. Lount has by his impudence defeated his own ends.

BRITISH LOST 50 MEN.

Gen. Westmacott's Force in India Attacked in Guerilla Fashion.

TRIBESMEN FIRED FROM BEHIND ROCKS. Showed Wonderful Audacity and Kept Up a Fusillade at Short Range.

The Commanding Officer Went Into the Thicket of the Fight and Personally Held the Troops Together - Saw All the Wounded Removed Before Retiring - Most of the Havoc Was Caused While the British Troops Were Retiring Over a Fearfully Broken Country - Tribesmen Rushed Fearlessly Upon the Soldiers - Northamptonshire Regiment Lost Lieut. Waddell and Four Men Killed - Lieut. MacIntyre and Twelve Men Missing - Cable News.

Simla, Nov. 10.—Official despatches received here to-day from the British camp in the Maidan Valley, tell of a reconnaissance in force by the British. The movement was commanded by Brigadier General Westmacott, and the British force engaged consisted of the Dorsetshire Regiment, the Northamptonshire Regiment, a regiment of Sikhs and two batteries of artillery. This column moved yesterday to Saran-Sar and reached the summit of the mountain with little resistance. There the troops found a hastily evacuated camp and soon after retired upon the main body. This movement, however, was attended by serious losses to the British. The insurgent tribesmen followed after the column and personally held the troops together and saw all the wounded taken away before the tribesmen were driven back. The tribesmen made their way up the ravines to close quarters.

Only the admirable disposition made by General Westmacott of his troops saved the rear guard. The General personally held the men together and saw all the wounded taken away before he retired himself. On the way back to camp the transport of the wounded was greatly hampered by the fact that the troops had to retire over fearfully broken ground, surrounded on all sides by swarms of the enemy's skirmishers. The route was intersected by the rugged and rocky ravines, and it was while the troops were engaged in passing through this ground that the tribesmen rushed upon the troops, fearlessly making their way up the ravines to close quarters.

The Northamptonshire Regiment suffered the most, their casualties being mainly incurred while saving the rear guard. All the wounded reached camp at about dark, and it is still hoped that some of the tribesmen and twelve men will reach camp safely. The loss of the British was about 50 men. Of this number, the Northamptonshire Regiment lost Lieut. Waddell and four men killed, and Lieut. MacIntyre, who was wounded. The tribesmen lost Lieut. Ingram, Lieut. Macer and six men wounded.

Radicals and Socialists Join Forces and Defeat a Conservative. Berlin, Nov. 10.—The result of the municipal election at West Preitznitz, Province of Brandenburg, where Herr Schulz, the Radical candidate, has against 5900 cast for Herr Salder, the Conservative candidate, is highly significant for the conference. The next Reichstag elections. Two ballots were taken. On the first Herr Salder, the Conservative candidate, received 5943 votes; Herr Schulz, the Radical, received 3148 votes. The Socialists and anti-Semite candidates received respectively 2015 and 1909 votes. In the second ballot, the Socialists were elected in a body to the Radical, in accordance with the recent decision of the Socialists' Congress. On the other hand, it was impossible to send social democratic representatives to electoral bodies, the Socialists, however, pledged themselves to support universal suffrage in Prussia as it exists in the Empire.

On the other hand, in the re-ballot the anti-Semites and Agrarians, discontented with the recent policy of the Conservatives, appear either to have abstained or to have supported Herr Schulz, the Radical candidate. The anti-Semites declare that they will pursue the same tactics in all the Brandenburg constituencies, while the Radical organs excitedly predict that the next Reichstag will be the most Radical Germany has ever seen. It looks now as if the prediction would be fulfilled.

War on Yankee Goods. Glasgow, Nov. 10.—The officials of the Joiners' Union have posted notices in all the shops of this city, forbidding members of the union to do business with any firm or individual in the United States, or to use manufactured joinery which has been imported from America. The reason for this notice, it is said, is that speculative builders have been importing large quantities of all classes of manufactured goods.

Use of the Word "Limited." With regard to the use of the word "Limited" by incorporated companies, the Institution of the Government to bring legislation at the coming session to permit the use of the letters "Ltd." to be stamped upon manufactured goods, it being the opinion of the Attorney-General's Department that the use of such letters are in sufficient compliance with the act, but advertisements the word "Limited" must be given in full.
