to Fall Pre-emption Promises - Favorable
News From Dawson City - General News
From Ottawa.

Ottawa, Jan. 21.-(Special).-Recent
complications in the far east have, according
to advice which has just reached the
Government, emphasized most strongly in
England the importance of an independent
cable route to Australia.

Mr. McMillen Means Business.
Mr. McMillen, M.P., was here to-day
interviewing Ministers. Everybody knows
that he is a man of affairs. It is an open
secret that he is greatly disappointed at
the failure of his leaders to carry the
pre-emption bill to Parliament, and he is
said to stiffen the backbones of Ministers
and induce them to live up to their
pledges.

settled upon a route more than
three years ago. When Mr. Waring
Kennedy was Mayor of the City of
Toronto he sent a message to the City
Council on Sept. 24, 1884, strongly recom-
