The annual vestry meeting of St. Philip's Church was the most successful in its history. The financial report was very satisfactory, both as regards church and Sabbath school work. John P. Davison and E. Rick were re-appointed as church wardens. O. Anderson, H. J. Davison, Robert and Richard Ash, Stephen and William Monkman and Albert Weigall by delegates to the Synod.

SUFFERED FOR TWO YEARS

THEN DODD'S KIDNEY PILLS QUICKLY CURED HIS DIABETES.

Donat LaFamme of St. Marguerite, Que., found a quick and sure remedy for his long standing disease.

St. Marguerite, Dorehector Co., Que., May 1.—(Special).—It is generally admitted by medical scientists that a remedy that will vanquish Diabetes will surely cure any form of Kidney Disease. Consequently, the case of Donat LaFamme of this place is of more than usual interest. He had Diabetes, Dodd's Kidney Pills cured him. Speaking of the matter Mr. LaFamme says: "For two years I suffered with Diabetes. I consulted doctors, but their medicines were useless. I was persuaded to try Dodd's Kidney Pills, and after using only two boxes I am completely cured."

"Now my Diabetes is gone and I highly recommend Dodd's Kidney Pills to all my friends and to all those who suffer, hoping they will find relief same as me and be cured."

Dodd's Kidney Pills cure all stages of Kidney Disease. They never fail to cure Diabetes and Bright's Disease. They make much quicker work of the aches and pains that mark the earlier stages of Kidney Disease.

Pork Packing and Meat Canning Industry to Locate at Toronto Junction.

UNLIMITED ENGLISH CAPITAL IN IT

Bylaw Passed by the Town Council Last Night Giving General Exemptions and Cheap Water.

Toronto Junction, May 1.—The Town Council met at 10 o'clock tonight and held a short session which meant a great deal to the future of Toronto Junction. The meeting was called to pass a bylaw giving certain concessions to a large enterprise in which Arthur E. Whyte and other British capitalists are interested. The concern is to be known as the Canadian Packing and Provision Company. Its capital is not limited, and it is not chartered. The bylaw passed to-night gives the company exemption from general tax for 30 years, and fixes the assessment for school rates at \$50,000 for eight years, \$75,000 for 10 years and \$100,000 for the following 10 years. The company will also be furnished with water for five years at \$500 a year. The plans for the buildings are about completed, and operations are to commence early in June. The buildings will be erected upon four acres of land given to the company by the Union Stock Yards. About 200 men will be engaged, and as the trade develops more will be added. By dividing the best into its commercial parts at Chicago and shipping only the meat to the seaboard, the freight which live weight would cost between Chicago and the seaboard is saved. It is for this reason that Chicago has its large meat canneries, and is the seat of the live stock trade of America, controlling the west and east of the continent. Toronto Junction is in a somewhat similar position in Canada, and it is for this reason that industries of this description look to Toronto Junction and its stock yards as a means of developing the Canadian cattle trade, by manufacturing the by-products in Canada and saving freight by shipping the concentrated commodity in the form of canned meat, hides, sausage casings and the various articles manufactured from animals to foreign countries and to the east and west of Canada.

Nearly two hundred men went out on strike this morning. Most of these were carpenters and brickmakers; but some were laborers, helpers and hod carriers. The carpenters are now getting 50 cents per hour, and they want 55 cents. The master builders are determined not to give the increase. Just now the men are being paid in a graded scale. Each man is being paid what his services are worth, and whilst it is agreed that some men are worth 35 cents per hour, all the men are not worth 30 cents. In anticipation of a strike the local builders refuse to take contracts early in the year, and most of them are working themselves and their sons and a few hands. It is not until the strike is settled that positive figures will be given in response to tenders asked for. Where contracts have been taken, a clause has been inserted to the effect that the price is subject to the existing rate of wages. The brickworkers are earning 25 cents per hour. They are offered 27 cents and demand 30 cents.

One of the largest and most pleasantly situated houses in Toronto Junction, situated at the corner of Lakeview and Colborne streets, owned by Mr. Rice, has been sold to Mr. Snell of Galt, who is interested in the Union Stock Yards here. The house contains 16 rooms, and was built at a cost of about \$12,000. The price paid was considerably less than this amount.

Mrs. Annie Wynne, wife of Samuel Wynne, York Township, died quite suddenly in her 47th year. She was suffering about a few hours before her death, which was due to an apoplectic seizure. A husband and five children are left to mourn her loss. Interment takes place on Saturday at 2:30 p.m. in Protestant Cemetery, Rev. F. H. Du Vernet officiating.

The customs duties collected at Toronto for the month of April were \$8010.25, an increase of \$4932.94 over the corresponding month of last year.

Miss Annie Bell has accepted a position in the teaching staff of the public schools in Calgary, Alberta.

Markham.

Charles Lehman, while operating a planer at Loun's factory on Tuesday received a painful wound in his right hand. The local physicians refuse to have him removed to Toronto. William Pringle, William Snowball, Robert Walker and Joseph Eckhart have been selected from Markham Township and village as jurors at the Court of Quarter Session.

W. D. Resnor left on Tuesday with a large shipment of cattle for Graham, Man.

The special commissioners appointed by the County Council to confer with the Village Council with reference to the erection of a bridge over the Rouge River at the south end of the village met on Friday afternoon. An informal discussion took place regarding the best means to be adopted, but no definite decision was arrived at. The new Sovereign Bank building will be completed within a fortnight.

Hagersman.

Quarterly services will be held in Hagersman Methodist Church on Sunday, May 3, beginning at 10 a.m. At the conclusion of the morning service the sacrament of the Lord's Supper will be administered. Rev. Mr. Lee, assisted by Rev. Mr. Stanley will conduct the services.

Henry Hardin of Milliken, one of Scarboro's most successful farmers succeeded in sowing some acres of land in six days. The soil was in excellent condition. The same conditions generally prevail thruout Scarboro and Markham.

A meeting of the Milliken Football Club will be held on Tuesday evening. May 5, for the purpose of reorganizing for the coming season. A full attendance is requested.

Major Archibald, known as the friend of the prisoner, will conduct three special services in the Station Army Temple tomorrow. In the afternoon he will speak on some of his experiences in connection with prison work. The Temple connection will appear in new uniform.

A Good Hat For Sunday

It doesn't need any practical knowledge of hats to detect a good one. Any man who is at all dressy in his tastes wants a hat recognized as a classic as being faultless in style and manufacture. SCORES

An interesting debate was held last night in the Broadview Institute on the motion, "Resolved, That the immigration of Chinese and Japanese is not justifiable." Messrs. Wallace Macgregor, chairman of the Young Men's Club of Sherbourne street Methodist Church, upheld the affirmative. The Judges, H. W. Baker, J. McDermott (exley) and Dr. Smaile, decided in the negative. The Judge, H. W. Baker, J. McDermott (exley) and Dr. Smaile, decided in the affirmative. The Rev. W. E. Gilroy acted as chairman.

The concert given by the Carlton Street Church choir and the Sherbrook Male Quartet in the St. Stephen's, Methodist Church, sustained the record of former years. There was a large attendance, and the result was entirely satisfactory.

STORE CLOSÉS AT 5.30 P.M.

Victor, the Great \$3.50 Shoe for Men.

It's a simple matter of arithmetic. You pay an ordinary shoe dealer \$5.00 for a pair of boots. That \$5 bill must necessarily pay the little man's profits—the wholesaler's profit, too, perhaps the manufacturer's profits, and the expense of double or triple handling, advertising and selling.

Now, the Victor is not handled in that way. The Victor is our own Shoe, made to our express order by a leading manufacturer under contract. Thus at one sweep we cut away all middle profits and commercial travellers' expenses—everything except the actual cost of the shoe to make, our own reduced-selling expenses and our own moderate profit figured on the modern basis that rules throughout this store.

You pay \$3.50 for a pair of Victor Shoes. Are we oversteering the fact when we estimate that \$1.50 may be set down as the extra cost of an extravagant system of retailing ordinary \$5 shoes? We don't think so. Compare the Victor with such a \$5 shoe. The proof is there—proof positive.

press order for us by a leading manufacturer under contract. \$5, the price of ordinary \$5 shoes, minus \$1.50, the extra cost of their retailing, equals \$3.50, the price of the Victor.
In other words "a \$5 shoe for \$3.50."
