

## UNEXPECTED GAINS BY WINNIPEG WHEAT

Price Closes Nearly Four  
Cents Higher—Considerable  
Transfer of Sales.

Winnipeg, Nov. 16.—Unexpectedly developed during the morning when the advance six cents to the high of the morning. From the high of the morning, the market around 11 o'clock prices receded some what. The pit offerings were very slight, causing a lightheartedness, but being a good demand from shippers for November. There was considerable hedging, sales being transferred from November to December and May. The market was quiet to indifferent. Some new business was indicated with offerings on a more liberal scale.

Oats values showed little change, fluctuating about one cent in sympathy with wheat. There was a good cash demand for all grades with increased offerings.

Barley and flax offerings were fairly good, but prices were unchanged.

Wheat closed 3½ higher to unchanged. Oats 1c to 3c higher. Barley 1c lower to 1½ higher. Flax 3½c lower to 3½c higher.

**EGG PRICES STILL HIGH.**  
Ottawa, Nov. 15.—(Dominion Live Stock  
Branch).—The market is becoming firmer  
er, the cold weather having reduced the  
supply of fresh eggs. The higher grades  
are in short supply in the country.

**THE** mining issues have stood up very much better than have the In-

dustrial, Railroad and other supposedly Standard securities during the recent past. There's a reason! Our Market Despatch tells the story, as well as contains news which should mean very substantial profits to the early buyer.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and a small dark spot near the bottom center. A faint horizontal crease is visible across the middle of the page. The page is set against a dark background.
