

THREE-STORY BUILDING AT MONCTON BURNS

Frank Walsh & Co. and Flett's Studio, Moncton, Burned Out

STRUCTURE WAS ONLY WOODEN ONE IN BLOCK

Smoke Causes Damage to Other Stores in Vicinity; Strenuous Fight

Special to The Times-Star

MONCTON, June 15.—Police Officer Tritts discovered a fire at 2:20 o'clock this morning in the three story wooden building at 725 and 727 Main street, occupied on the ground floor by Frank Walsh & Co. and in the upper portion by Flett's studio. He called out the fire departments by an alarm from box 21.

The fire which had secured a firm hold in the back store of Walsh & Co., spread rapidly and traveled with amazing speed through the entire building, the only wooden building in the block. The firemen were quickly on the scene and the motor from No. 2 fire station, reinforced by the chemical from No. 1, and the other apparatus, including the steamer from No. 3, the salvage corp and ladders, did effective work in preventing the spread of the blaze to the adjoining buildings.

DENSE SMOKE Two streams of water, one at the front and the other at the rear of the building, soon had the fire under control, although dense clouds of smoke continued to pour from the place, the fire eventually working its way to the roof where it burst forth in a spectacular blaze. The axemen on the roof of the store of O'Neil and LeBlanc cut through the adjoining wall and were able to get at the heart of the fire.

The Salvage Corps, although unable to get into the store of Walsh & Co., confined their efforts to protecting the stocks of the adjacent stores, covering the furniture of Fairweather Brothers' drug store. The store on the other side of the burning building, occupied by O'Neil & LeBlanc, gens' furnishings suffered only from smoke damage, the fire and water not penetrating.

Flett's photographic studio, over the store of Walsh & Co., was practically destroyed, it being impossible to remove the valuable camera and other apparatus, which will be a total loss, partly covered by insurance.

The building, which is owned by Roderick McLean, is badly gutted. Mr. R. McLean was unable to state what insurance was carried, although he was of the opinion that it was at least partly covered.

STOCKS TOTAL LOSS Frank Walsh, manager and proprietor of Frank Walsh & Co., said that as far as he could learn his stock would be a total loss, with insurance which would practically cover three-quarters of its value.

Frank Gallagher's tobacco store, Fairweather Bros' drug store and O'Neil & LeBlanc's gens' furnishings store suffered considerable smoke damage, and water flowing into the cellar of Fairweather Brothers' drug store caused some damage to the stock stored there, but an estimate could not be given. The all out was sounded at 4:40 a. m.

VESSEL ENTERS DRYDOCK Inverton Which Received Hole in Bow From Crash With Berg Reaches Quebec

QUEBEC, June 14.—The freight steamer Inverton, which struck an iceberg in Cabot Strait several days ago while on her way to Montreal from Newcastle-on-Tyne in ballast, arrived here yesterday and entered the Lauson dry dock to be surveyed.

She has a big hole in her bow. Following the survey, it is expected that tenders will be asked for repairing the vessel.

Picture of a Puzzled Millionaire

"What's all this about?" wondered Daniel Carol Payson, son of Mrs. John Whitney Payson and grandson of Mrs. Payne Whitney. "Take me down. I don't like it." And, says the cameraman, he thereupon lifted up his voice in a lusty roar that brought half a score of servants and his nurses. Photo was taken at the garden fête benefit for the New York Babies Milk Fund held on Mrs. Whitney's Long Island estate.

BRAZILIANS CALL FOR New "Pep" Energy and Vigor Try Erbac—Today!

Take League Withdrawal With Varying Degrees of Interest

RIO JANEIRO, June 15.—The Brazilian public apparently having foreseen Brazil's ultimate withdrawal from the League of Nations, received the official news from Geneva of Brazil's resignation, with varying degrees of satisfaction. In some quarters indifference was indicated. Prominent Brazilians visited the foreign office and offered their congratulations. The governor states approvingly its course.

One of the significant features of the situation had been the anti-league campaign carried on by a group of newspapers which had consistently attacked the policies of the government. The foreign office now has received the unanimous approval of these organs. A cable message from Sir Eric Drummond, secretary general of the League of Nations, acknowledges receipt of the notification of Brazil's resignation.

Soviet Agency May Sue "Daily Mail"

LONDON, June 15.—Arcos, Limited, the Soviet trading agency in London, has written the Daily Mail, threatening an action for libel as a consequence of a recent article in that newspaper charging Arcos with being a propagandist organization to spread communism and alleging that some of its employees collapsed under the strain of walking to and from its office during the recent general strike. The article asserted that Arcos forbade its employees to use the improved, transportation services during the strike.

P. E. I. Section Man Thrown From Trolley

CHARLOTTETOWN, P. E. I., June 14.—J. Watts, section foreman on the Canadian National Railways here, suffered painful injuries this afternoon when thrown from a motor trolley on which he was riding with six others. The trolley passed completely over him. Watts was thrown off when an iron bar being carried on the trolley, dipped down far enough to catch on a sleeper and acting as a lever hurled him forward in front of the car. He was badly cut and bruised but is expected to recover.

CONSIDERS COAL TENDERS

After its regular session last night the Saint John School Board met in teachers committee to take up matters concerning the staff and to receive tenders for coal supply in the coming season. It was midnight when the board rose and no decision had been reached with reference to the awarding of tenders. Seven city firms had tendered but in some instances there was a lack of desired information as to the quality of the coal referred to and it was decided to postpone awarding the contract until this information was supplied. No definite date was set for the next meeting to deal with coal tenders.

POLISH DUEL LIKELY TO BE CARRIED OUT

Court of Arbitration Rules Skrynski's Challenge Quite in Order

Canadian Press

WARSAW, Poland, June 15.—A duel between Premier Count Skrynski and General Szeptycki, growing out of a quarrel over the recent coup d'etat in Poland, may be fought, notwithstanding efforts in certain quarters to prevent it. When the question of a duel between them came up last week, it was suggested that the quarrel be referred to a mutual court of arbitration. Now the court of which Premier Ponikowski is chairman, has ruled that Szeptycki was unjustified in refusing satisfaction to Count Skrynski. The court says that Count Skrynski's challenge was issued "in strict accordance with the code of honor" within 24 hours after the dispute, which took place at Cracow. It is believed that Count Skrynski is ready to renew the challenge.

Countless Women Suffering

There are countless women suffering from ailments which are dragging them down to despair—headaches—backache—pains in the side—nervousness and mental depression, all of which may be symptoms of ailments that may be quickly relieved by Lydia E. Pinkham's Vegetable Compound. If such women would only be guided by the experience of thousands of others who have been restored to health by this old-fashioned root and herb remedy, much suffering might be avoided.

Double Strength Erbac in convenient tablet form is a special private formula of a well-known Chemist endorsed by Doctors—and praised by thousands—who have proved its certain value in cases of "chronic weakness," nerve exhaustion; dependency; lack of ambition, endurance and the courage and ability to accomplish things you would like to do.

Don't confuse Double Strength Erbac with ordinary tonics or "so-called" body builders. Remember it is a special private formula designed for a particular purpose—to build up life-giving, age-defying vitality and abundant nerve force.

Here's a simple test worth trying: You know how you feel and what your condition really is today. Now get your drugist and get a 16-day Guaranteed Double Strength Erbac treatment, mark the date on the calendar and start using the tablets according to directions. At the end of 10 days make a careful note of your condition, take a look in the mirror, try your strength and endurance—then at the end of 16 days "check up" again, and if you are not satisfied that you have improved at least 100 per cent., take the empty Erbac box back to the drugist and get your money. At all drugists.

WINS ANOTHER PARIS, June 14.—Mlle. Suzanne Lenglen, paired with Jacques Brugnon, captured the International Hard Court tennis championship in the doubles today, defeating Mlle. LeBeneuvre and Jean Borotra, 6-4, 6-3.

CHURCH ARMY WORK BACKED AT TORONTO

TORONTO, June 14.—Endorsement of the work carried on by the Church Army of England and approval of efforts to extend the movement to Canada was given by an unanimous standing vote of more than 2,000 persons attending the Anglican mass meeting held in Massey Hall here.

An outline of the accomplishments of the army since its inception 45 years ago was given the meeting by Rev. Prebendary Wilson Carille, 82-year-old leader of the movement.

The members of the Church Army carry the message of the gospel throughout the fields and sparsely settled lands which are in a measure unapproachable by the clergy, Mr. Carille said.

MARCONI HONORED

Italian People Celebrate 30th Anniversary of His First Patent

Canadian Press

BOLIGNA, Italy, June 15.—Guglielmo Marconi, inventor of wireless telegraphy, was honored throughout Italy yesterday on the occasion of the thirtieth anniversary of the first patent of his system. The principal celebration was held here, the birthplace in 1874 of the Italian inventor.

SHOW IS BROKEN UP

Paris Civil Servants Demonstrating For Raise, Scattered by Police

Canadian Press

PARIS, June 15.—A manifestation by government employees for an increase in salary before chamber of deputies yesterday was broken up with little difficulty by mounted police. The manifestants who were greatly outnumbered by spectators of the affair, were scattered with little disorder. Five arrests were made.

BROKE CHIN

HOUSTON, Texas, June 15.—Wayne (Big) Munn, Nebraska heavyweight, sent John Evko, Slav wrestler to a hospital here last night, with a broken chin, when he threw him from the ring after eight minutes in the second fall of their finish match. Evko's chin struck the edge of the platform. Evko won the first fall.

BLAST KILLS FOUR

Asphalt Mixing Tank at Standard Oil Plant in Illinois Blows up

Canadian Press

ALTON, Ills., June 15.—Four men were killed and five injured in an explosion and fire at the refinery of the Standard Oil Company at Indiana, at Wood River yesterday. The explosion, the cause of which is unknown, occurred in the liquid asphalt mixing tank. The bodies of the men killed were burned so badly that identification was difficult. Damage to the plant was slight.

Russian Gold Unit Is Now Stabilized

MOSCOW, June 15.—M. Bronsky, a member of the Finance Ministry, says that as an outgrowth of extraordinary measure taken by the Soviet government the Cherwonets, the new Russian gold unit of value, has now been definitely stabilized. M. Bronsky denied that there had been wholesale executions in connection with the stabilization of the new currency. He admitted, however, that campaigns against artificial devaluation of the Cherwonets had been put down with one energetic stroke. Three important finance ministry officials had been executed and about one hundred known speculators were deprived of their liberty.

Electricity—Giver of Youth

Advertisement for Canadian General Electric Company. Text: "BUT a few short years ago household drudgery took its heavy toll of woman's youth and beauty. It is not so very long since a woman was considered 'old' at thirty, while low she is 'young' at fifty. With electricity in the home has come emancipation—freedom from the fetters of arduous household toil—an outlook wider far than the four walls of a kitchen. The Canadian General Electric Company counts it an honor to have aided electricity in its mission to woman—kind—in lifting heavy burdens from weary backs—in performing tasks that once made tender fingers worn with toil—in giving women back their beauty, youth and freedom—in opening up new vistas of pleasure and service. Canadian General Electric Company Limited makes, not only the equipment needed for the production of electric current, but also the electrical household servants which prepare your meals, do your cleaning, washing and ironing, provide you with hot water or cool summer breezes." Includes an image of a kitchen appliance.
