## SENIOR GOLFERS OF N. B. TO ORGANIZE

**A. C. Currie Looking After  
Matter in Saint John—Local  
Notes of Game.**

New Brunswick is going to have a senior golf association, such as many of the other districts of Canada and the United States have. The opening meet will be held on the course of the Riverside Golf and Country Club the last week in August, and will continue for three days. A. C. Currie of this city is the local organizer, and Hon. C. W. Robinson of Moncton is looking after the matter in his local. It is anticipated the association will become numerically strong very quickly once the news is broadcast.

The object of the senior association is to enlist all male golfers having reached the age of 40 or over. Competitions will be held annually in tournament order and there will be visits from club to club. In Upper Canada and the United States the plan is one of the chief supports of the ancient game, and the middle-aged men enthusiastically support their own organization.

### HOLE IN ONE.

The first member of the Riverside Club to negotiate a hole in one stroke this season is W. D. Foster, Mount Pleasant. He accomplished this coveted distinction during one of the sweepstakes match games, making the third hole—a 200-yard drive—with the initial stroke. Last year Roy Crawford of the Westfield Club, playing a match at Riverside, made No. 4 in one. A short while ago, while playing on an eastern course in the United States, the great Hagen made a hole in one for the first time in his career.

A party of Upper Canada lady golfers is to tour the Maritime provinces soon, primarily to pay them for the Canadian Ladies' Golf Union, and also to give exhibition games. This visit is expected to give much snap and interest to the game amongst Riverside and Westfield ladies. The visiting golfers will be of Canada's best.

There are many entries for the Riverside Club Weldon cup match, the first round of which will be played today. This is a match in which the members may use their handicap.

On July 15 the Riverside will journey to Westfield for the first of the home-and-home annual matches. Already 30 have signified their intention of going.

## HAS BEEN 43 YEARS TEACHER

**Miss Annie B. L. Allen Retires  
From City School  
Service**

**Presentation From Centennial  
Associates Marks Close of  
Useful Teaching Career.**

Miss Annie B. L. Allen, who has been a school teacher for 43 years, and who resigned from the work of the city to the closing of the schools this week, was happily surprised to receive on her return home, after the closing exercises, a handsome electric reading lamp with a friendly note enclosed. The donors were Harry C. Ricker and his teaching staff of Centennial school, associates of Miss Allen, who has been the teacher of boys in Grade 1 in that school for 28 years. The note expressed appreciation for her faithful work and the good influence she had had upon her boys in their first school days.

### WINS COMMENDATION.

Many letters of good wishes have been sent Miss Allen from parents of recent pupils and from pupils of the past, who having grown to manhood, attribute many of their good things in life to the teaching of Miss Allen. She disclaims any priority over other teachers in faithful qualities or originality and resourcefulness in her work, but it is well known that Miss Allen combined in intimate manner, social service with her school work, and was able to do much to mold the lives of her boys, because she knew their home life. She said that this is only the duty of a teacher who is faithful and that any teacher must possess and cultivate knowledge of her pupils to make her work count. She sees nothing to boast of in what she has done. If her term of work has been longer than others, well her health was good and she took care to keep herself fit for her work.

Miss Allen is the daughter of the late Rev. and Mrs. William Allen, formerly of the N. B. and P. E. I. Methodist conference. A contemporary of Rev. Mr. Allen said yesterday that the latter came from Armagh, Ireland, and was a fine specimen of manhood. His daughter taught first in Ketepee, when in her teens and for a few years in Albert school, West Saint John, making Grade 1 her specialty. For 28 years she filled with satisfaction and excellent results the same position in Centennial school. Her many friends rejoice with her that she may be able to now enjoy a well earned rest.
