Y. W. C. A. BOOSTERS OPEN SEASON

No rain could discourage the Boosters of the Y. W. C. A. and they turned out in force last night for the season's opening rally at the recreation centre. There were 65 young people present and the first part of the evening was spent in games. Then Mrs. C. P. Luxmoore, of England, a member of the executive of the World Y. W. C. A., visited the meeting and spoke to the Boosters about the children in India where she had been Y. W. C. A. national secretary for 6½ years. Her audience was intensely interested in what she had to say and asked for further information, wanting to know about the children of China and Japan also.

Mrs. Giguere was a charming hostess and served delicious refreshments after a pleasant game of bridge was enjoyed. Snowy Table Linen

Of all things, table cloths and napkins benefit most from the mild, cleansing Sunlight bath. An ordinary washing wears table linen out even more than table use. How different the Sunlight way! Just soak the clothes, after rubbing lightly with Sunlight Soap, and all dirt is loosened, all grease dissolved—and this without any grinding rub on the wash-board. Then you rinse and the dirt just runs away. Result: freshness, purity and snowy cleanliness.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth . . ."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S after every meal

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat.
