### SUES CHIEF FOR PART OF REWARD

#### Climax of Dispute Over Rum Seizure at Dartmouth, N. S., will be Staged in Civil Courts.

Dartmouth, July 17.—A suit has been entered by Policeman Ronald McPherson against Chief of Police Allan Liddell of this town for \$1,856.87. The story dates back to last September when on the night of the 10th the chief of police in company with an officer seized the cargo being discharged from the rum runner "Mary Smith" drawn up at Dobro's wharf. Police Officer McPherson, who is making the suit against the chief, claims that on the night of the 10th he discovered the mystery ship at the wharf and went back to the police station to obtain a summons. He then proceeded to the wharf with the chief.

The story of the raid on the Mary Smith was a thrilling one. After a chase around the buildings two men were found in one of the upper rooms and were taken to the lock up. The chief notified the customs, who took charge of the stock of rum landed from the vessel. The customs, as is customary in these cases, handed over portion of the money received from the sale of the liquor seized to the informant, who was Chief of Police Liddell. Officer McPherson claims that he should have got the major share of the money and was anxious to have a distribution made among the other men of the force. He has started suit to recover the sum.

### THE OARSMEN

#### Belyea and the U. S. National—Ten Eyck, Plaisted and Reilly to Race.

Toronto, July 17.—A special to the Globe from Philadelphia says: "Word has been received that Hilton Belyea of St. John, N. B., will row here in the national regatta. He has changed his mind about retiring."

"James H. Reilly, seventy-four years of age, professional sculler, has also been requested to be permitted to row in the special race that has been arranged between Jim Ten Eyck and Fred Plaisted for August 5 and his request has been acceded to."

### "BOOTLEG QUEEN" BRUTALLY SLAIN

Baltimore, July 17.—A woman whose body was found among the bushes beside the golf course of the Rolling Road Club near this city, has been identified as Camilla Farraco, who was known as the "Bootleg Queen" of Baltimore. W. V. Revenge for her proposed betrayal of bootleggers after a quarrel with her lover, who is said to have been a leader of the gang, is given the motive for the murder, which was brutal in the extreme.

### MAY SAVE THE CONFERENCE AT THE HAGUE

The Hague, July 17.—A communication from the Russian delegation today held out a prospect that the conference on Russian affairs here, which had seemed on the verge of a final breakdown, might be resumed.

### DAMS BREAK; TOWN FLOODED

Chicopee, Mass., July 17.—Twenty million gallons of water flooded the Williamsett section of this city early today when Leonard's dam and another dam at Robert Pond gave way. Residences and business places along Chicopee street, the principal thoroughfare, were flooded above the first floor. No lives were lost. The Boston and Maine tracks were washed out in half a dozen places, while a score of houses were overturned or swept from their foundations.

### GERMAN FINANCE

Paris, July 17.—Dr. William Mayer of the German government has informed the French government that Germany plans to suspend payments of her pre-war commercial debts on which six hundred million gold marks shall be due this year, according to German calculations. This sum is entirely outside the subject of reparations and is a matter for the governments to consider as a basis for cash payments in reparations.

It is understood that the French government is firmly determined to resist any moratorium until the reparations commission shall have exhausted all means given to it under the terms of the Versailles treaty to enforce collection of reparations.

### Boy! Page Mr. Einstein

THE shortest distance between a seller and a buyer is a straight line. If there is any shorter, let us page Mr. Einstein and ask him about it.

In advertising, the Daily Newspaper is the most direct line possible, and the customer you seek keeps the kinks out of it. He sees that he gets his newspaper at the earliest possible moment. He is not satisfied to wait until the postman delivers something that has been "directed" to him at his home address.

When the daily newspaper passes into the reader's hands, it is expected, welcomed and read. It has his interest before it even gets to him. He will complain loudly to the newsdealer if an issue escapes him. He will stand in the heat and the cold while the newsboy fumbles for change. When the delivery brings the daily paper to a home, it is taken in eagerly by someone.

Did anyone ever telephone your office to complain that your circular or form letter had not arrived? Have you ever noticed men waiting in line for the postman to deliver your printed matter? Have you ever seen the daily newspaper slipped off the desk or the supper table while second class mail is read to the family? Until you have, let us be honest and distinguish between "direct" advertising and printed matter "directed" to your address.

### STRAWBERRY FESTIVAL

A strawberry festival was held on Saturday evening in the community hall at Clifton by the Women's Institute branch there to raise funds for their community work. The tea, which of course included the famous Clifton berries and cream, was served by the ladies of the institute and the patrons were well looked after. Mrs. N. M. Puddington was the general convener for the festival and she was ably assisted by a great majority of the institute members. This organization has been doing a great deal in the way of community improvement, some of their activities being bigger in their scope than those taken up by men's associations in some places. The most noteworthy work of this energetic body was the piping of water for more than half a mile to the centre of the village where it awaits connection with the various houses. The schools have been helped and books and prizes donated for the pupils. The institute, which was founded in 1912, now has a membership of twenty-two. Mrs. Alfred G. Green is the president of the branch.

**WILL VISIT ST. JOHN.**  
Halifax Recorder: Colonel and Mrs. White, who have been guests of their daughter, Mrs. Sharples, will leave next week for Quebec. En route they will visit friends in St. John and other parts of New Brunswick. During the last week several small farewell parties have been given for them. Mrs. J. P. D. Llywd entertained for Mrs. White at a small tea party. The Misses Kinneir have invited several friends in for tea on Monday afternoon to say "good-bye" to Mrs. White and to welcome Mrs. Elkins, who has just come to Halifax.

### COLLISION AT SEA; SCHOONER SINKS; THREE DROWNED

Victoria, July 17.—The steamer-schooner Henry T. Scott was sunk in the Straits of Juan de Fuca, yesterday, and three of her crew were drowned.

Crashing into the freighter the Harry Luckenbach in a dense fog, the Scott survived the collision only a few minutes, and the fact that twenty-six men were picked up by the Luckenbach is considered a little short of miraculous. The Luckenbach was able to proceed.

### GETTING AROUND THE N. J. BOXING LAW FOR LEONARD-TENDLER GO

New York, July 17.—An unofficial decision will be rendered if the lightweight boxing championship contest between Leonard and Tendler at Jersey City, N. J., July 31, goes the limit, according to present plans of Tex Rickard. No official decision can be given under the New Jersey boxing laws, but Rickard has under consideration the appointment of two or three unofficial judges to render a verdict.

Any decision of this kind will not affect the title but will be a means of settling wagers.

### PROFITS FOR FISHERMEN.

(Chatham World).

Salmon catches in the river have not been very good of late, but the drifters off Escuminac have done well. Prices in the American market have been fairly remunerative to the shippers. Alewife fishing, which is one of the oldest industries on the Miramichi, has been very good this season. From 4,000 to 6,000 barrels have been packed for export. Mackerel fishing at Shipigan has been a great success. About 2,000,000 lbs. have been taken by the Shipigan drifters alone. The large freezers that are shipped to Montreal for export to the United Kingdom. These fish are shipped in the frozen state. Frozen salmon, strange to say, are not relished by Americans—are not wanted.
