

SWEEPING VICTORY FOR ISLAND LIBERALS

P. E. I. Opposition Wins Twenty-Six of Thirty Seats in General Elections; In 1911 Only Two

Charlottetown, P. E. I., July 24.—The Liberals swept the province in the general elections today, capturing twenty-six seats out of thirty. The only Conservative survivors of the debacle were Hon. A. E. Arsenault, premier, Hon. James A. McNeill, commissioner of public works, and Hon. Murdoch Kennedy, without portfolio, and J. D. Stewart. Hon. Mr. McKinnon, minister of agriculture, was one of the slain.

This was the most one-sided election since Confederation with the exception of 1911 when the Liberals won only two seats. When the house dissolved, the parties stood: Conservatives, eighteen; Liberals, eleven, and one seat vacant.

Returned soldiers did not take an active part in the contest, but it is evident that the majority voted Liberal. Fine weather brought out a very large vote. There was a big turn-out in Charlottetown, Liberals capturing both seats by large majorities, the labor men going with the opposition.

The Conservatives came into power in P. E. Island in December, 1911, under the leadership of Hon. J. A. Matheson. When the latter became chief justice in June, 1917, he was succeeded by Hon. Mr. Arsenault.

The executive and advisory board of the St. John Retail Merchants' Association was called together yesterday morning to consider the matter of a double holiday at the time of the Soldiers' Joy Day and the visit of the Prince of Wales, August 14 and 15. After sending out to confer with the mayor, the meeting decided on a compromise and all stores will remain closed on August 14, until 2 o'clock in the afternoon, when his royal highness leaves to attend the garden party at Government House. Hereafter, "business usual" will be the rule.

The meeting drifted into a discussion of roads and streets and committees were appointed to wait upon both the city council and the provincial minister of public works, with a view to the condition of Douglas avenue and other roads entering the city and a resolution adopted asking for repair work to be done, if possible before the Prince's visit. The committee named to wait upon the city council consisted of William Hawker, H. H. Scoville, J. H. Marr and G. C. Emmerson.

A N. S. Melan said the roads leading from the Maine border to St. John should be given particular attention because of the effect their condition has upon the tourist travel and a resolution asking the provincial government to keep them up

to a high standard was adopted. The committee named to wait upon Hon. Mr. Veniot consisted of Mr. Melan, M. F. Grass, S. E. Fisher and F. W. Daniel.

ORDERS FOR BRITISH SHIPS CANCELLED

Economies in Navy Programme Are Announced in House of Commons

London, July 25.—Since the signing of the armistice the British admiralty has cancelled orders for 320 ships, retelling in a net saving of £22,000,000. This announcement was made in the House of Commons yesterday by T. J. McNamara, parliamentary secretary of the admiralty.

The first lord of the admiralty, Walter Hume Long, who previously announced that when the armistice was concluded there were 302 warships and 806 auxiliaries under orders, while at the present time there were being completed eighty-four warships and 110 auxiliaries, mainly to replace old ships or meet the ravages of war.

The announcement of these economies in ships and men drew expressions of surprise and gratification from some of the members, including Sir Donald MacLean, who welcomed such clear signs that the navy was accommodating itself to the new conditions.

The Right Hon. George Lambert, Liberal, expressed the earnest hope that there would never be a British naval policy to build against the United States.

A large crowd enjoyed the band concert in King square last night by the Temple Band.

U. S. LIFTS BAN AGAINST N. B.

The quarantine ban against New Brunswick and travellers returning from New Brunswick going into the United States, without first requiring a certificate of successful vaccination, has been lifted, according to word received yesterday afternoon from Washington by Dr. William F. Roberts, minister of health for this province. The removing of the regulation was decided upon following a scheme submitted to the Washington authorities by Hon. Dr. Roberts whereby all passengers or travellers coming in from New Brunswick to Nova Scotia or proceeding through this province to United States from Nova Scotia must show a certificate of successful vaccination.

"BABY" RUNAWAY BOSTON DOG, DELAYS SAILING OF CELTIC FOR 45 MINUTES

The sailing of the White Star liner Celtic for New York on last Tuesday for Liverpool with 420 passengers, was delayed three-quarters of an hour by the carelessness of a maid and the waywardness of a naughty Pekinese from Boston. After her thirteen trunks had gone aboard, Mrs. W. G. Goran, her two maids, and "Baby," the dog, were held up for the formality of having their passports signed.

In this crisis Mrs. Goran handed Baby over to one of the maids, who set the dog down and Baby beat it. Mrs. Goran declined to set foot on the ship until Baby was found.

The hunt for the Pekinese was taken up, and the dog, brought up in the most fashionable of Back Bay circles, was found cowering around West street with a couple of low-life mongrels.

Not A Blemish the perfect appearance of her complexion. Permanent skin troubles are effectively concealed. Reduces unsightly natural color and corrects greasy skins. Highly antiseptic, used with beneficial results as a curative agent for 20 years.

CURED OF DYSPEPSIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are so numerous and diversified in different individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

To get rid of dyspepsia a careful arrangement of the diet is necessary and due time must be given for the digestion of the meal.

You will find that Burdock Blood Bitters will help with this digestion. It does this by toning up the stomach in such a way that the dyspepsia soon disappears.

Mr. Robt. Baldwin, Winifred, Alta., writes: "I cannot speak too highly of Burdock Blood Bitters for curing dyspepsia, of which I have been a sufferer for years. I have tried a good many doctors and proprietary medicines, so one day I thought I would try something different. I got a bottle of B. B. B. from our local store, as it was about the only remedy he kept, and I can certainly say that I was more than pleased with the result, as I got better right away. I will always recommend it to other sufferers."

Ex-Kaiser Bears Up "Like a Christian"

But Former Empress Threatened To Collapse if Husband Extradited

Berlin July 25.—An intimate view of the former German Emperor is given by Friedrich von Berg, who was chief of the former emperor's civil cabinet, writing in The Aufreichte. Herr von Berg was at Amerongen when the German National Assembly accepted the peace treaty.

It was a terribly melancholy and sad meeting," he said, "and yet it was a great joy to see the Kaiser was not broken man. It is true his features have become sharp, but he bears his lot like a real Christian, quietly and with dignity. The Kaiser's fate weighs heavily upon him, but he does not let it overcome him in calm, quiet discussion and good feeling and even the quiet cheerfulness of an earnest man, constantly reappears."

"Not one complaint was uttered when it became known the ignominious extradition clauses were as impractical as the Kaiser's own health. There were only quiet words of comfort from the Empress, that wonderful and unselfish woman, who also bears her suffering with a calm and whose shaken health threatens to collapse under this fresh blow."
