TIME WE KNEW  
ABOUT GUTELIUS  
DEAL WITH C. P. R.

To the Editor of the Times:

Sir:—The Telegraph this morning states that the Board of Trade is going to take up the suburban train service on Monday evening. While this is a very important thing for a small number of our citizens, there is the larger question of what is to happen with the mail trains for the next season. I hold the Board of Trade and all St. John should move at once in this matter and compel the government to make public the no-nonsense Gutelius agreement so that we could deal with this subject intelligently. Now if the men who spoke at the first citizen's meeting in the York Theatre will take the stand they took on that occasion and all citizens join with

them we must succeed in finding out where we stand.  
Yours truly,  
O. SKINNER.  
St. John, Feb. 25.

**Legislature Opening**  
The Provincial Legislature will open in Fredericton tomorrow. The two new members, P. A. Guthrie, of York, and R. W. Grimmer, of Charlotte, will be sworn in before Chief Justice McLeod at noon. It is understood that W. P. Dickson, M.P.P., for Albert, will be elected as speaker, to take the place of Hon. George A. Clarke, who has been admitted to the government.

**Halifax Stevedore Killed.**  
Halifax, Feb. 24.—Michael Young, aged 30 years, a stevedore, was accidentally killed on the steamer Manchester Shipper tonight. He was struck by a bag of slag, and knocked into the hold, falling from the deck. Death was instantaneous. He leaves a widow and two children.

## Book For Men, Free

8,000 Words, 30 Illustrations

**TOMY READERS:**  
Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to offer you as a result of over 30 years' observation and study of the subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor, who came to me in confidence with their confessions of debility, let nerve force and falling strength. It is, reader, this vast and unusual opportunity which has enabled me to compile this very popular and valuable little free book (over a million of which have been sent everywhere to men who wrote me for them), and in a manner to reflect the exact living, breathing experiences and needs of real men who ought information as to the new way of self treatment without the use of drugs.

Remember, this book of over 8,000 words and 30 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean that you are to use one of my VITALIZERS (see description below), and, in fact, a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of the best advice for private reference, which you and all other men may easily profit by through life.

Therefore, please use the coupon, on if nearby, I should be very glad to have you call.  
**SANDEN, AUTHOR.**  
It is a fact, reader, which you and I must recognize and admit, that the whole world of men is, and is fascinated by strong, vigorous, husky, manhood, and we must also admit that it is this same manhood and this alone which is back of the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital fellow who forges to the front, who fascinates men and women of this community, who does the really great things. An unmanly man merely means nature's laws gone wrong, for it is he who hurls and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly, vital man should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what disappointments or follies may have left their mark upon his physical and mental being, I say to you that such a man, unless there be some unusual reason, may hope for a complete return of his strength, vigor and self-confidence, if he but go about his self.

## WHAT THE FREE BOOK TELLS

The free illustrated advice booklet mentioned above is meant to be a simple declaration of certain important truths that every man in the world should know. The day has gone by when men are kept in ignorance of the real problems pertaining to these private subjects, and this illustrated advice booklet, which I send to men sealed, by mail, gives certain important facts relating to sex, just as these facts are. The booklet also fully describes my VITALIZER and you are told how you may get one for your own use if you decide that you want one. Please use coupon below, or call. Hours 9 to 6.

**HOW TO STOP YOUR HAIR FROM FALLING**  
BY A SCALP SPECIALIST

It isn't the bald headed man or woman who needs a wig or a wig or a wig. The majority of people with bald, shiny scalps have long since resigned themselves to fate and either wear a wig or go about as living examples of warning to the countless thousands of others whose hair is merely "growing thin" and coming out at an alarming rate. These people are in the initial stages of a dangerous scalp condition which must inevitably lead to certain and complete baldness unless prompt and effective measures are taken. Most of my patients, both men and women, are of this very class and almost invariably find their trouble due to one and the same cause. I then prescribe a simple remedy which I have used for years and which, I know, has preserved the hair of thousands of people, saving them from complete baldness. A combination of dandruff germ and mal-nutrition of the hair root has done the damage in nearly every case. The root has become devitalized by this attack upon it both from without and within and the muscular tissues which are designed to hold and protect the hair sac have become relaxed and flabby. To effect a cure and save the hair the scalp must not only be cleansed of dandruff scales, but the germ life itself must be permanently and completely destroyed and the scalp tissues must be forced to assimilate through the pores a form of nourishment which will promptly check the falling of old hair and start a growth of new hair. For such a purpose I believe nothing is so effective as a lotion which anyone can prepare at home or have any druggist mix for them. Dissolve one-half dram of Menthol Crystals (about 10c. worth) in 6 oz. of Bay Rum. Pour in an 8 oz. bottle and add 2 oz. of Lavender (or composit). Shake well and allow to stand one hour before using. Used as indicated above and applied at night and morning, rubbing into the scalp with the finger tips, this hair remedy is unequalled. A few days' use and you cannot find a single loose or straggling hair, dandruff will disappear and itching cease and in about ten days you will find your scalp covered with fine, downy new hairs and these hairs will grow with amazing rapidity.
