Germans In Violent Attacks on Allies Repulsed Each Time

Heavy Fighting All Day Yesterday, Says Paris Report—Six Times Enemy Tried to Pierce the Line—Great Turning Movement Near the Channel

Paris, Oct. 21.—The French official communication given out this afternoon says that the enemy's attacks on Neuport, Dixmude and Labasse yesterday, all were repulsed by the allies.

The text of the communication follows:—"During the day of yesterday the attacks of the enemy were particularly violent at Neuport, Dixmude and Labasse. They all were repulsed by the allied armies with great energy. At all other points the situation is without any notable change.

ALLIES SUCESS ON CHANNEL COAST

London, Oct. 21.—A comparison of the official reports from Paris and Brussels leads to the conclusion that all along the western battle front in Belgium the Germans have resumed the offensive, but with their supreme efforts directed against the allies' left.

The news supplementing these official communications, however, indicates that on the left, at least, the allies are not acting merely on the defensive.

The great turning movement is undoubtedly developing through the corner of Belgium bound by France and the sea, but the purpose remains in a haze, as to whether the turning movement is one of the allies to get around the German right flank, or a German operation to envelope the allies' left.

The impression grows that the Germans are determined to add Dunkirk to the line of seaports now held along the Belgian coast, and the allies are making desperate efforts to hurl back the invaders.

London, Oct. 21.—The correspondent of the Times in Northern France, in showing how the German plans have been deranged by the strong pressure of the allies on the left, says:

"The occupation of Ostend had little strategic advantage. Dunkirk is strongly fortified and an attempt to move on it would be dangerous to the Germans while Calais is well able to look after itself. The fighting line daily has undergone variations which were totally unexpected.

EMPEROR WILLIAM IN BRUSSELS A FEW HOURS.

London, Oct. 20.—Emperor William, coming from Luxembourg, arrived in Brussels last Tuesday, had luncheon, remained a few hours, then dashed off to some other scene of military operations.

DUTCH DOWAGER QUEEN'S HALF-BROTHER KILLED.

Amsterdam, Oct. 20, via London, 7.40 p.m.—The Handelsblad has published a despatch which declares that Prince Wolrad Frederick Waldeck-Pyrmont, half-brother of Emma, Dowager Queen of the Netherlands, has been killed in the western theatre of the war while engaged in patrolling.

Germans Out of Upper Alsace.

London, Oct. 21.—A Daily Chronicle despatch says: "An officer who has returned from the south says that the Germans have practically been cleared out of Upper Alsace. He says the population received the French troops with enthusiasm and that no anti-French feeling was found to exist."

Hostages in Ghent.

Amsterdam, via London, Oct. 21.—The Stills, Netherlands, correspondent of the Telegram, says that Gen Jung has been appointed commander of the German garrison at Ghent, which numbers 4,000 men.

The soldiers are not quartered in private houses, but in public buildings. No alcohol is sold to the soldiers, who are under the strictest orders to prevent looting.

Ghent had to produce hostages, who, however, says the despatch, are permitted to go to work.

More Airships for Enemy.

London, Oct. 21.—The Times' Copenhagen correspondent learns from German sources that airships are being constructed at Tondern, in Schleswig and at Rostock on the Warnow near the Baltic Sea, in Mecklenburg-Schwerin.

According to a Rotterdam despatch, three Zeppelin dirigible sheds are being erected at Brussels and four at Antwerp. If this is true, it may be the preliminary to the threatened raid on England.

BEATING RUSSIANS SAY THE AUSTRILIANS.

London, Oct. 21.—An official communication issued in Vienna at noon on Tuesday, is given in a despatch from Amsterdam to Reuters. It says:

"The battle in central Galicia has increased in force, especially north of the Etrivaz River, where our attacks are progressing. The attempts of the Russians to regain the Magara heights have been repulsed. In the course of this fighting many Russians were captured, including one Russian general, several machine guns were also taken.

The Austrians have occupied Strij, forty-two miles southwest of Lemberg, Koersmool, and Serth after strong Russian resistance."

TRAMPLED ON BRITISH FLAG

Germans' Action In Sinking The Steamer Glittera

SEIZED BY SUBMARINE

Captain and Crew Given Ten Minutes to Get Into Boats and Steamer Then Was Sent to Bottom

London, Oct. 21.—Captain Johnson and sixteen men of the British steamer Glittera, which was sunk by a German submarine, have arrived in Stavanger, Norway, according to a Reuter despatch.

"The Glittera left Grangemouth, Scotland, on Sunday at noon, with coal and coke for Stavanger. At half past twelve o'clock on Tuesday afternoon the German submarine N-17 popped out of the water to the starboard and stopped us. The place was about nine miles southwest of Skudenes. No other craft was in sight.

The submarine sent a boat aboard with five men. With revolvers in hand, they ordered the English flag taken down, threatening to shoot me if I did not obey. Furthermore they notified me that the ship's papers had been taken and that they would let down the life boats and take off the crew.

German officers took out of my hands, and trampled it under foot. I was forced to take the ship's papers back when I attempted to take them off, and some of the crew was allowed to take any of the ship's belongings.

The crew went in two lifeboats, which the submarine quickly lowered 600 yards from the Glittera. Three Germans remained aboard for a few minutes searching the ship thoroughly and rapidly taking the torpedoes, besides the bottom valves, because the rear of the ship began to sink. Then in a short time the Glittera disappeared quietly beneath the waves.

"We in the lifeboats were ordered to row to the shore. When we reached Norwegian sea territory, we met a Norwegian torpedo boat which was ordered to pilot boat which towed us until a Norwegian tugboat took us aboard. We were landed at Skudenes. The Glittera was not insured."

CAPTURE OF MANY GUNS BY RUSSIANS

Large Number of Prisoners Also, Including a German Prince

London, Oct. 21.—The Petrograd correspondent of the Times sends the following report:

"Private reports here state that the Russians have captured many heavy artillery pieces, including a German prince, and also on the night of October 16, in the regions of Warsaw, they took fifty guns, including a number of machine guns, and a large number of prisoners, including a German prince whose identity has not yet been established.

"Letters and telegrams published in the newspapers prove that the inhabitants of Warsaw, who have been anxious since Sunday and Monday of last week when the fighting was very near to the city, are now in a state of relief."

"It was rumored at one time that the exigencies of strategy required the sacrifice of the city, and the valves were opened. The name of the steamer Glittera does not appear in any available maritime register."

Safe in Harbor.

London, Oct. 21, 12.07 a. m.—A Reuter despatch from Amsterdam says that the officials of the Holland-American line there say that the steamer Potsdam, which was reported to have struck a mine in the North Sea, is safe in the harbor at Rotterdam. They have no knowledge that the steamer has met with an accident.

Sea and Air Ships for Turkey.

London, Oct. 21.—A despatch from Athens to the Exchange Telegraph Company says that it is learned there that two submarines and some aeroplanes are en route for Constantinople and will probably pass through Rostuchak, on the northern frontier of Bulgaria.

FOR DEVELOPMENT AT EAST ST. JOHN.

A. H. Likely to Confer With Commissioners This Afternoon

With unusual forethought on the part of a subdivision promoter, Arthur H. Likely is looking forward to the time when all the East St. John and Little River district will be included within the city limits, and is asking for the co-operation of the city in preparing his plans for the development of his large real estate holdings in that suburb. Mr. Likely is one of the largest single property owners on the eastern side of Courtenay bay, and when the district is built up his lands will form an important part of the new city, which is expected to arise there.

In order that work of development carried on now shall not conflict with scientific town planning, operations later on, Mr. Likely is seeking to have the plans arranged on a permanent basis before the work is commenced. With this in view he has asked for a conference with the city commissioners, and he will meet them this afternoon in city hall to discuss the matter.

ELOPE FOR SECOND TIME.

Moncton, N. B., Oct. 21.—For the second time within a year Henri LeBlanc, of St. John, has eloped with his sister-in-law, leaving behind him his wife and family of six children. Some months ago LeBlanc and the woman were married in Oldtown, Maine, but were brought back to Moncton, where he was sentenced to six months. The judge suspended sentence on condition that he support his family. Recently the woman returned to Moncton from P. E. Island and a few days ago she left again in what direction is not known.

NEGRO MAID SAYS THAT MRS. GARMAN ADMITTED KILLING "THAT WOMAN"

Sensation Sprung in Testimony of Star Witness in Murder Trial

Mincola, N. Y., Oct. 21.—Celia Coleman, negro maid in the Carman home, and star witness for the state, testified today at the trial of Mrs. Florence Conklin Carman, accused of the murder of Mrs. Louise Bailey, that Mrs. Carman had appeared to her, revolver in hand, a moment after Mrs. Bailey had been shot, and that Mrs. Carman had said: "I shot her." Celia thought Mrs. Carman referred to her husband, Doctor Carman, who was in the room.

"The next morning about daylight, Mrs. Carman came to my room," Celia continued. "She said 'Oh Celia, what did I kill that woman for? I hope God will forgive me. You stick to me and if anything happens to you I'll take care of your little boy.'"

Mincola, N. Y., Oct. 21.—Unless she is overruled by her counsel, Mrs. Florence Conklin Carman, on trial for the murder of Mrs. Louise Bailey, will take the witness stand in her own defence. The state case will probably be completed today.

Mrs. Carman said to her lawyer, "I insist," she said, "that I give me the opportunity to tell the people of this country that I am not the sort of woman who would kill anybody."

BY TOMORROW WILL HAVE SEEN CENTURY OF LIFE

Mrs. Annie T. McDougall Of Charlotte Street 100 Years Old

WAS BORN IN WICKHAM

Recalls Interestingly Old Days in St. John—One of Her Children Was Late Secretary of the Associated Charities

Touched but lightly by the hand of time, Mrs. Annie Taylor McDougall, of 208 Charlotte street, this morning told a Times reporter of her preparations for the reception of her friends tomorrow—the hundredth anniversary of her birth. Possessed of a remarkable memory and with a voice almost as strong as in her prime, this wonderful old lady recalls the events of the life of St. John even when it was nothing more than a village of a few scattered houses.

Mrs. McDougall was born in Wickham, Queens county, on October 22, 1814, and was the eldest daughter of Thomas G. Cook, a prominent young business man of Watright, and founder of Frederickton, N. B., charged with murder of William H. Crawford, another Watright business man on May 14, was opened yesterday and promises to be sensational.

It is expected to last until the middle of next week. The father and mother of the accused have arrived from Fredericton.

BERI-BERI BREAKS OUT IN NEWFOUNDLAND AND ALSO IN LABRADOR

St. John's, Nfld., Oct. 21.—The feverish folk of Labrador, facing a hard winter as a result of the short catch of cod during the present season, will be aided by the Newfoundland government. Efforts also will be made to prevent a further spread of beri-beri, several cases of which have occurred along the coast.

It was announced today that during the remaining five or six weeks in which the schooner Mary, carrying a stock of foodstuffs, special arrangements have been made by the government for the treatment of beri-beri patients in hospitals in this city.

The disease has appeared in various parts of Newfoundland as well as in Labrador. Dr. W. T. Grenfell, the Labrador medical missionary, writes that cases are becoming alarmingly frequent in that region. Dr. J. M. Little, in charge of the Grenfell hospital at St. Anthony, Nfld., attributes that situation largely to the fact that the fishermen in many cases eat little but white flour bread during the winter. Patients in an advanced stage of beri-beri, according to Dr. Little have been cured simply by providing them with a varied diet.

MAYOR HAS NAMES OF VOLUNTEERS FOR "OLD BOYS" BRIGADE

Mayor Frink's suggestion for the formation of an "Old Boys" brigade for home defence has met with a prompt and hearty response. Although he has not had time to prepare a service roll, or to make any other preparations, His Worship has received the names of quite a large number of men who are willing to do their share in this way. Many of those who are volunteering are former members of the city militia corps, who already are familiar with the rudiments of the drill and know how to handle a rifle. Although these men are over the age limit for active service, they still feel able to do good work as many of the younger men.

The intention of those who are offering to be in the brigade is in any way with the present arrangements, but to take the responsibility for home defence off the shoulders of younger men who are fitted for active service at the front.

CHANCERY COURT

In the case of Orchard vs. Dykeman, continued before Chief Justice McLeod in the Chancery Division this morning, the defendant and Miss Nellie Daley were heard on his behalf, and G. R. Wetmore and Mrs. Dykeman were called in rebuttal. This concluded the evidence and argument will be heard this afternoon.

OFFICERS CHOSEN

The annual meeting of the junior branch of St. Monica's Society was held last evening in the A. O. H. rooms, Miss Katherine Cotter was re-elected president, Miss Gertrude Agut was elected secretary and Miss Geraldine Carleton, treasurer. Another meeting will be held when plans for the winter work will be discussed.

Germans Put To Flight, Say War Reporters

London Correspondents Agree on News of Reverse on Channel Coast

ENEMY'S UBILATION CANCELLED

In Anxiety Over Situation, a German General Ends His Life—Allies' Infantry Attack Follows Effective Work of Guns of British Warships

London, Oct. 21.—The correspondents of the London newspapers in the field have succeeded today in getting through some details of the fighting along the channel coast, in Belgium. Their reports agree that the Germans have met with a reverse and it is said the Germans are retreating.

The Belgian correspondent of the Telegraph reports that British warships bombarded villages which the Germans occupied and also the country south of these places. Then the order was given for the infantry to advance," he says, "and the rattle of machine guns supplemented the noise of the naval guns. The Germans were caught between two fires, and their line began to waver, and slowly gave way before the pressure of the infantry.

"The strength of the attack was then increased and soon the whole German line resting on the coast, was in full retreat."

In a despatch from Flushing, sent at one o'clock, the correspondent of the Daily Mail declares that the Germans appear to have been driven back in an engagement, at Middle Kerke, six miles southwest of Ostend. He says that cannon has been placed near Ostend and adds that most of the German wounded had been removed from Bruges.

The Daily Herald's Rotterdam correspondent under date of Tuesday night, says that according to a German message, a fierce battle is still raging between Furness and Dunkirk. He continues:

"On the march on Dunkirk the Germans met a large and unexpected body of troops, which attacked them horse, foot and artillery, while the British warships co-operated with the land forces. The Germans are reported as falling back in confusion on Ostend, and troops from all over the west of Belgium have been hurried to Neuport.

The Germans have received the greatest surprise of the war. A despatch from Ghent says that the result of this fighting has caused anxiety among the German officers, one of whom, a German general, committed suicide. Festivities announced to celebrate German successes were suddenly cancelled yesterday.

CAPTAIN ALBERT ERB OF ST. JOHN IS DEAD

Prominent Mariner Passes Away at His Home in Mobile

Word received in a wire from Mobile, Florida, by Harry Olmstead, of Victoria street, brought news yesterday which will cause regret among many friends in St. John and throughout New Brunswick for it told of the death of Captain Albert Erb, former of this city. He passed away on Sunday at his home in Mobile but the telegram did not give particulars of the death. His mother, wife of Captain George Erb, of Victoria street left for Mobile on Saturday, but she was not in time to be with him before he died.

He asked them where they got the liquor, but could get no satisfactory answer. A small flask, taken out of one of the bottles, was found to contain poison. The magistrate spoke with the police and ordered the arrest of the man, but was unable to get any more information out of him. He was taken to the hospital and died there.

Some Talk of "Rush the Cops" When Large Crowd Gathered.

STREET TROUBLE MADE BY SOLDIERS; TWO ARRESTS EFFECTED

Arthur Upton, a private of the 8th Regiment Royal Canadian Artillery was charged with being drunk, using profane language and obscene gestures, and resisting the police, and Leo Jones, a druggist, was charged with interfering with the police in making the arrest and using profane and obscene language. The magistrate told each of them that he was liable to be sent to jail for six months and remarked that six months in the county jail was as bad as two years in Dorchester. He merely reprimanded the two soldiers, but ordered them to go to their quarters.

He asked them where they got the liquor, but could get no satisfactory answer. A small flask, taken out of one of the bottles, was found to contain poison. The magistrate spoke with the police and ordered the arrest of the man, but was unable to get any more information out of him. He was taken to the hospital and died there.

A REVOLUTION IN PORTUGAL HAS FAILED

Lisbon, Portugal, Oct. 21.—A revolutionary outbreak in the cities of Braganza and Mafta, under the leadership of Adriano Beça, a former colonel, has been promptly put down, according to official announcement today. Beça has been arrested, and a band of the revolutionaries are being pursued by troops. Beyond the cutting of telegraph wires and the stopping of trains, nothing seems to have been accomplished.

FIVE YEARS FOR ONTARIO FIREBUG

New Liskard, Ont., Oct. 21.—Richard Landerkin, aged 17, was sentenced yesterday to five years in Kingston for arson. Several recent fires in the town have been traced to him.

NAVAL FIGHT IN BALTIC REPORTED

London, Oct. 21.—An engagement between German torpedo boats and hostile submarines in the Baltic near Rugen Island, off the Prussian coast, is reported from Stockholm, according to a Central News despatch from Copenhagen. No details of the fight or its results are given.

Weather Bulletin issued by authority of the Department of Marine and Fisheries, R. F. Sturp, director of meteorological service.
