ENGLISH STRIKE MAY SEND PRICES UP IN ST. JOHN

All Depends, However, on Duration of The Troubles Now Agitating The Old Country

Because of the fact that the bulk of the autumn and winter dry goods, such as fabrics, dress goods, etc., imported from England, has not yet been received in St. John the expectations of local dealers in dry goods, are that there will be at least a temporary shortage in imported wares of this nature, and if the present condition of the strike in England shows no improvement at once, prices will be greatly advanced.

Local importers said today that they did not anticipate any immediate shortage, as there would be no more than a week's delay unless further complications set in or the strike was continued, and this was not unusual at some seasons of the year, as there was always more or less delay in the receipt of goods.

While these conditions threatened ominously as regards imported dry goods, the same may be said of other English wares but not to so great an extent, as the scheduled arrival of fall and winter goods in dry goods houses is of more importance. In hardware goods, of which large quantities are imported from the old world, there will be a delay in the arrival of wares as well, but it will not be so noticeable.

As an importer said this morning all depends on the situation in England as to whether the imported articles will be delayed long in transportation or not. While Canadian houses would be effected materially unless there was a speedy settlement of the labor difficulties, he thought that the exporters in England would be in greater trouble, as their means of transportation would be practically nil. An improvement in the situation is looked for by the city merchants, and it is their opinion that there will not be much more than a week's delay, in which case the shortage will not be greatly noticed. It will however, make things very much congested when the difficulties are at an end.

SACKVILLE WILL GIVE EMMERSON A BIG MAJORITY

Sackville, N. B. Aug. 18.—A Liberal rally was held here last night. Hon. H. K. Emerson assisted in organization. Politics is in the air and reciprocity is naturally the big subject of discussion. Sackville Liberals never went into the fight with more enthusiasm or more determined to roll up a big majority for Emerson and reciprocity.

Every day the hollowness of the Tory arguments is becoming more apparent and already quite a number of former Conservatives have come out in favor of the pact.

CARS OF C.P.R. TRAIN FROM ST. JOHN DERAILED

Run Off at Trudel, Quebec, Early This Morning—Several People Slightly Hurt; Little Damage Done to Rolling Stock

The C. P. R. Montreal express which left here last evening at 5.30 o'clock was partially derailed about 2.30 o'clock this morning at Trudel, Quebec by a broken rail. Strange to say the only passenger in the train affected was the sleeping cars and one first-class coach. The sleeping cars derailed were the Revelstoke, Chipewagan and Monrovia. Passengers all on board were sleeping and the accident naturally caused some excitement as they were awakened by the shock. Fortunately, however, all escaped without serious injury, although several reports being slightly injured.

These include Mr. and Mrs. T. B. Kidder of Fredericton, Mr. Kidder, who was the former superintendent of manual training in New Brunswick had his back injured while Mrs. Kidder had her arm bruised somewhat.

Others who were injured were Miss D. C. Sharrp, T. B. Charlevoix, a contractor of Ottawa who had his back injured, Robert E. J. Case of Toronto, right angle and left side lacerated, Mrs. Austin Finnigan of New York, back injured, and J. M. Duguet of Greenville who had his hand injured.

All proceeded west in the first and second class cars. The train was in charge of Conductor W. J. Cooney and the engineer was W. Davis. The accident occurred near the Trudel station on a level piece of track. The engine and the first and second class cars were sent out from Brownville and Megantic and started in to place the Pullmans on the rails. In the meantime traffic is being carried on without any delay, the trains using siding.

Among the passengers on the train was a daughter of Dr. N. R. Colter, post office inspector of this city. She was uninjured.

EARLY CLOSING CASES WERE ARGUED TODAY

Judge Ritchie To Give His Decision on Next Friday—Police Court Business

In the police court this morning David Miller was fined \$8 or two months in jail on the charge of drunkenness. Margaret Hodges, reported for selling licentious literature, was fined \$100 on Sheffield street was fined \$100 or three months in jail.

In the early closing cases continued this morning. Daniel Mullin, K. C., and A. A. Wilson, K. C., for the defence argued at some length and cited many cases to support their contentions. E. S. Ritchie appeared for H. J. Smith, who was reported for keeping a store in Waterloo street open after 7 o'clock, and also put forth argument for the defence. The court decided that if the court decided that there was a violation of the act that a penalty should be imposed so that cases could be taken into the higher courts.

Recorder Baxter argued briefly for the prosecution, and asked the court in summing up the case to make the word section read as set in Section 2 of the act. It was argued that if the court decided that there was a violation of the act that a penalty should be imposed so that cases could be taken into the higher courts.

His Honor said that he would look into the case carefully and give his judgment on Friday morning next at 11 o'clock. Norman Buchanan, arrested in the Marsh Road on Wednesday night, was brought into court and was fined \$8 or two months in jail. He paid the fine.
