the greater part of his life in travelling, having visited Europe, Asia, and Africa, as well as North America—has spent three years among the Indians of our Western country among the Indians of our Western country — it was in this way, that the Indian Roos Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not ac; in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and disciplination.

The fourth is e Ca basile and accompanies the other proper-ies of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets are
