THE ART GORNAL OF AMERICA, ISSUED MONTHLY.

A MAGNIFICENT CONCEPTION, WONDER-

The necessity of a popular medium for the representation of the productions of our great rists, has always been recognized, at d many attempts have been made to meet the want. The successive failures which so invariably allowed each attempt in this country to establish an art journal, did not prove the indiffer ence of the people of America to the claims of high art. So soon as a groper appreciation of the want and an addity to meet it were shown the public at once rallied with eathu

THE ALDINE, while is used with all the regularity, has home, if the temporary or timely interest characteristic of ordinary periodocals. It is an elegant mi cellany of pure, light, and once tall iterature, and a collection of nicures. grace ful literature; and a collection of pictures, the rarest spatiates if artistic skill, in back and white Although each succeeding number affords actions upleasure to its friends, the real value a d beauty of THE ALDINE will be most appreciated after it is bound up at the end of the Year.
