salt, by rubbing it into these se spots. Second-Judge Public, make su

This is sometimes true, but mo

of this: No leader can stay long his job when he is distinctly out of touch with the rank and file of his constituents. Men will not long stay under working conditions which are out of line with other industries. The better workers will seek their level in better jobs, leaving the less reason able and the more radical roughneeks behind. So roughneek working con ditions are sure to mean roughneck workers, and sooner or later roughneck leaders. Wherever we find really radical leaders we should learn what sort of working conditions called them nto power and then remedy these. Third-Make our discrimination

unt for the good leaders and against the bad on both sides by saying: "If you employers believe labor leader is unnecessary, stop fighting him and compete with him until

the workers believe him no longer necessard, and act on that belief. They will do it to save their own money and effort. "If you labor leaders believe you

are indispensable as a public institution then show some real interest in the public's well-being.
