

ANNUAL MEETING Of the Maritime Stock Breeders' Association on P. E. Island. The Attendance Not as Large as if Some More Central Point Had Been Selected.

The meeting of stockmen held in Charlottetown was a notable occurrence in the agricultural history of this island, and in fact of the maritime provinces.

In spite of the terrific storm which swept the country there was a representative gathering of P. E. Island farmers, though not nearly the number which would have been possible.

President E. B. Elderkin in calling the meeting to order explained why the association had been organized, viz, to encourage in every possible way the keeping of more stock and better stock in our provinces.

C. A. Archibald of Truro, N. S., read an interesting paper upon the registration of Pure Bred Stock. He strongly advocated the using of only one book for all Canada, and the greatest care in getting from existing books only those pedigrees which would be accepted by the live stock authorities of any country.

At the afternoon session Mr. Hodson gave an interesting address, illustrated by large charts and photographs, on the requirements of the pork markets, Canadian and foreign.

At 8 p. m. that evening the association entertained its guests at dinner at the Hotel Davies. About seventy covers were laid, and the evening's best style, the menu was choice and varied, and the service excellent.

The toast list drew forth addresses from Lt. Governor McIntyre, Hon. D. Farquharson, Hon. John Dryden, F. W. Hodson, F. L. Hazzard, Judge Warburton, the Archbishop, B. M. Fawcett, W. W. Hubbard, Editor Cotton and others.

ASTHMA PERMANENTLY CURED. For a Number of Years Mrs. Whetham, Truro, N. S., has been Suffering from Asthma. Doctors Said Nothing Could Help, but Otarzhozone Cured Her After All Else Had Failed.

"For a number of years," writes Mrs. Whetham, "I was a great sufferer from asthma. I tried without avail a great number of remedies and spent a great deal of money on doctors and specialists, but nothing seemed to help me. At times I was so bad that I found it necessary to have the doors and windows open to get my breath, and I spent several weeks in bed."

The success of Otarzhozone Treatment for Catarrh, Asthma, Bronchitis and Throat Troubles has been so great and so general that it has become known as the best method of curing the acute cases, and the method of treatment that of inhalation of medicinal vapors is a very pleasant and safe one.

"You simply breathe in the medicated air; it does not enter the system," writes the patient. "I have been cured of my asthma, my cough, my bronchitis, my nasal passages, where it exerts a direct effect on the mucous membrane, killing the germs and healing up the sore irritated membrane."

Complete relief consisting of beautifully polished hard rubber inhaler and sufficient quantity of Otarzhozone for one month's use per bottle. At drug stores or by mail. Twenty-five cent trial size for 10c in return of postage and shipping charges.

THE DAIRY SEASON. Cheese Exceeds All Previous Records in Quantity and Value per Pound. Butter Shows Decrease—Heavy Decrease in Value of Producers Decrease.

(Condensed from Montreal Star.) Although the returns to the factories, for cheese, during the past season show an increase of \$1,882,000 over those of the previous season, the returns for butter show a decrease of \$2,418,900, making a falling off of \$54,900 in receipts for dairy products this season, as compared with last.

Not only were the returns for cheese in cash the largest in the history of Canada, but the price per pound exceeded that of all other years, so that the factories were better remunerated than ever before.

MR. TARTE SPOKE Of the Union of French-Canadians Against Fanatical Anglo-Saxons. The War of Race Not Over—He and Sir Wilfrid Laurier About to Set to Work to Redeem Ontario.

At a meeting of the electors of St. Mary's ward, held last evening in the Mercier Club hall, Notre Dame street, in the interests of Dr. Lacombe, the liberal candidate in the division, Hon. J. Tarte, minister of public works, was present and delivered one of his characteristic speeches.

MR. TARTE SPOKE Of the Union of French-Canadians Against Fanatical Anglo-Saxons. The War of Race Not Over—He and Sir Wilfrid Laurier About to Set to Work to Redeem Ontario.

At some length the minister of public works dwelt on the question of the union of the French-Canadian race against the fanatical Anglo-Saxon. The war of race and prejudice was not over. The liberal had always conducted a truthful campaign and truth triumphed. They had put up an honest fight with arguments and facts against their adversaries whose pockets were filled with money.
