FRIDAY, NOVEMBER 4, 1910

General News

In Condensed Form for Greetings Readers

The merchants Bank of Canada opened a branch in St. John this week, it being their first Maritime province branch.

C. P. R. Stock travelled its highest point this week when sales made on the New York stock exchange on 2021-2.

The list of voters for St. John increased this year by 144 names and now number 11,157 as compared to 11,013 for last year.

A Junk dealer named Harry Baig under arrest at Moncton for defacing I. C. R. cars, hung himself in his cell in the Moncton jail on Tuesday night.

The Daily Mail says the British War Office has bought two aeroplanes of the Farman and Paulhan types for military purposes.

The fruit exhibition at St. John this week was very successful and made a fine showing of the possibilities of N. B. in fruit raising and was a surprise to many of the spectators.

The 256 miles of the G. T. P. in New Brunswick now nearing completion has cast a total of fifteen million dollars, and will be one of the best grade long distance railroads in the world.

During September were 14 trade disputes in Canada, involving 327 firms and 3,137 employees. There were 39,280 working days lost. There were 91 fatal accidents and 181 cases of serious injury among working people.

The Cornwall, Ont., police station was the scene of a rather unique proceeding when Chief of Police Smith at the request of a woman, somnambly strapped her twelve year old son, who had become a confirmed truant.

The past week has been especially disastrous in regard to fires, a \$2,000,000 one at Victoria, B. C. A small town in Cape Breton, Sidney No. 3 half wiped out with a loss of \$60,000, with however in this case insurance of \$50,000 and two or three others of smaller dimensions.

Albert County Court is going in for more stile under Judge Wedderburn who in future will pay for a suit for the Crier, this seems unnecessary as we are gradually breaking away from the old style toothish forms, perhaps the Judges' age is affecting him.

At the International Conference of the Y. M. C. A. being held at Toronto it was reported that the property had increased during the past year by six millions with a large increase in membership. The matter of admitting Unitarians, Universalists and Roman Catholics to membership was discussed and for the present was refused, but submitted to a Committee.

Bishop Warrell of N. S. is taking up and advocating a union of the Maritime Provinces, this no doubt would if rightly conducted be productive of good, but in practice there is no doubt but its usefulness would be nullified by mismanagement and graft. But there are so many conflicting interests that it is likely to be a long time in coming.

Another of the smaller banks has ceased to exist as a separate institution. The Union Bank of Halifax after 50 years has been absorbed by the Royal, the smaller banks are now almost all swamped by the larger ones, a change of doubtful benefit to the general business men of the county.

The next session of the Federal Parliament it is expected will be quite a busy one and several important measures will be discussed, among them will be trade negotiations with the U. S. for which a preliminary conference will be held between representatives of the two governments.

The Federal government has decided to bring in a bill before parliament to give Campbellton a lump sum \$80,000, thinking this better than paying the interest on \$300,000, for some years as asked by the town.

Football accidents of a serious nature seem to be on the increase. R. W. MacLellan of the Halifax Wanderers had his spine very badly injured in a game between this team and Dalhousie last Saturday and now lies in the hospital in a very precarious condition and should he recover will be marred more or less for life.

The trial of Edwin Rosenheimer the New York millionaire who ran down Miss Grace Hough with his auto killing her and went on without making enquiries as to her injuries and who is being tried for murder, was suddenly brought to a halt as a go-between was accused of giving one of the Jurors \$500 to influence him in favor of the prisoner, the sum to be part of \$2000.

Isle of Pines Damage A Hundred Millions

Mobile, Ala., Oct. 29.—Reports were received here today that the hurricane recently swept over the Isle of Pines, doing damage which will amount to \$100,000,000. The city of Batavia, after suffering enormous damage as a result of the first storm, was practically wrecked by the second one.

Water to the height of 9 feet was driven in upon the city. Stocks of goods in the stores were destroyed, and some vessels were wrecked.

A 30-ton schooner was hoisted squarely across the tracks of the United Railway Company, two miles from town, and another one near it the same size was visible a few hundred yards to the west. The streets are covered with mud and carcasses of dead animals are floating in every direction.

Native shacks have been demolished and scores of more ambitious buildings are practically ruined.

Tobacco seed beds in Pinar Del Rio Province, Cuba, have been completely washed out and will necessitate extensive re-planting.

Official estimates of the total property loss in the island place it at \$15,000,000.

The Tattered Flag

A general on his return from the wars showed his family a regimental flag tattered, torn and riddled with bullets which he had personally captured from the enemy. On the following morning the trophy was to be presented to the commander in chief. When he called for his flag his industrious wife brought it to him smilingly and presenting it to him with a look of proud satisfaction said:

"James, I sat up all night mending this flag, and now—see, it looks almost as good as new."

"What a beautiful tone that bell has!" is often heard. There are few however, who know how a bell receives its joyful or solemn tones. All bells after they are cast and finished must go through a process of tuning the same as any other musical instrument before they respond with a clear, true tone. Every bell sounds five notes, which must blend together in order to produce perfect harmony. The tuning of a bell is done by means of shaving thin bits from various parts of the metal. It is as easy for an expert bell tuner to put a bell in tune as it is for a piano tuner to adjust his instrument to perfect chords. At first thought it would seem that a bell would be ruined should the tuner shave off too much at the last tuning, or the fifth sound, but such is not the case. He would, however, be obliged to begin over, starting again with the first tone, and shaving the bell till it gave forth its harmonious sound at the fifth tone.

LIMES AND ORANGES

A favorite drink in the south sea islands is made of a mixture of limes and oranges.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—a experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrappers and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine or know your own health. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

Simple
.. and ..
Durable
Air Cooled

It has no water jacket. Designed to take the place of the man at the pump. Any one who watches this outfit pump water for 15 minutes will never again be inclined to work the pump handle. WILSONS PEACH

Mrs. Judson Mitchell and young daughter Nancy, are guests of Mr. and Mrs. Henry Langmaid.

Messrs. Thompson, Cassidy, Shielis and Grimmer called on the merchants here last week, in the interest of their respective firms.

Mr. Brown B. A. of Petitcodiac, gave an interesting lecture on Canadian Government Annuities, in Jackson's hall on Wednesday evening.

Mr. Balkam of Hantsport, N. S., is doing a fair trade in the sale of watches and other jewelry here.

Benjamin Mitchell went to St. John on Saturday, where he expects to engage in work during the winter months.

Capt. J. W. Matthews arrived home on Thursday from Freeport, N. S., with the Sloop, Hazelwood, which will be used for haddock fishing.

Calvin Galley and wife have returned to their home in Seattle, Wash., after a very pleasant visit of three months with friends and relatives in this place and St. John.

Walter Henderson returned to his home in Gloucester, Mass., on Monday last.

Messrs. Markie Newman and J. Welmo Osborne, report two moose and one deer as the result of their hunting trip to Clarendon Station.

Ernest Laak is improving his cottage, by the addition of a very nice ell.

Mrs. Clas. Hilyard who underwent a severe operation for abscess of the head at her home at Head Harbor, is still in a very weak condition.

The schools in the two districts were closed for Thanksgiving holidays.

Mrs. Brown who has been visiting her parents, Mr. and Mrs. Guilford Babcock, went to her home in Boston on Monday last.

Schr. 'Venus', Capt. Porter, 'Isma', Capt. Hicks, and 'Marguerite' Capt. Payson, are lying at the breakwater, loading with dried hake and pollock, for the Nova Scotia market.

Miss Josie Newman who has been employed in Everett, Mass., for the past year is visiting friends here.

Miss Lillian Lord, teacher at Head Harbor, spent the Thanksgiving holidays at her home in Lords Cove.

Schr. 'St. Bernard', Capt. Weaver of N. S., is lying at the breakwater, with a load of vegetables and woolen goods.

Messrs. Obadiah and David Anthony, who accompanied the remains of their mother to Nova Scotia for burial, arrived home on Friday.

Mrs. George Gowen of Lords Cove, D. I., visited Mrs. Frank Laak on Saturday.

RUB THAT SORE SPOT

With Father Morrisey's Liniment and Promptly Stop the Ache.

Every household has its share of aches, pains, bruises, chilblains, burns, stiff joints, chest colds, sore throats, muscular soreness and similar troubles. It is surely unwise to suffer with even the least of these, when there is a sure and speedy remedy.

Father Morrisey, the famous priest-physician, was especially successful in devising a prescription for the prompt relief of these ailments. Many thousands of families keep a bottle of Father Morrisey's Liniment constantly in the house, ready for any emergency.

Unlike most liniments, it has both a pleasant feeling and a clean, wholesome smell. It is a splendid rubbing liniment, as it makes the skin soft and smooth, and does not blister. Better yet, it goes straight to the seat of the trouble, very little remaining on the skin.

In rheumatism and backache, it is a helpful adjunct to Father Morrisey's "No. 7," and in cases of sore throat and cold on the chest it supplements his well-known "No. 10."

The liniment should be always on hand against a case of need. 25c. a bottle, at your druggist's, or from Father Morrisey Medicine Co., Ltd., Chatham, N. B. 89
